STATE POVERTY LEVEL CREDIT WORKSHEET

If you checked filing status 6 (dependent taxpayer) on your Maryland return,
you are not eligible for this credit.

1. Enter the amount from line 7 of Form 502, or line 21 of Form 505. If you checked filing status 3 (married filing separately) and you filed a joint federal return, enter your joint federal adjusted gross income plus any Maryland additions 1. 9,999.
2. Enter the total of your salary, wages, tips, and other employee compensation, and net profit from self-employment here, and on line 1b of Form 502 or line 3a of Form 505NR. (Do not include a farm or business loss.) Also include your distributive share of income from pass-through entities. 2. 9,999.
3. Find the number of persons in your family/household from the chart that is the same as the number of persons entered on your federal tax return. Enter the income level that corresponds to the number of persons 3. 25,820.
4. Enter the amount from line 1 or 2, whichever is larger. Compare lines 3 and 4. If line 4 is greater than or equal to line 3, STOP HERE. You do not qualify for this credit. If line 3 is greater than line 4, continue to line 5. 4. 9,999.
5. Multiply line 2 by 5% (.05). This is your State Poverty Level Credit. Enter that amount here and on line 23 of Form 502. . . . 5. 0.
6. If nonresident, multiply line 5 by the MD income factor (from Form 505NR, line 9). Enter that amount here and on line 33 of Form 505. This is your State Poverty Level Credit . . . 6. 0.
