## New for 2018

**Federal 2017 Tax Cuts and Jobs Act.** Under the federal 2017 Tax Cuts and Jobs Act, personal and dependent exemptions were suspended at the federal level. However, Michigan enacted legislation to restore the personal and dependent exemptions. See the instructions for line 9 to determine your exemption amount.

**Homestead Property Tax Credit Updates.** For 2018, the homestead property tax credit was expanded:

- The percentage of gross rent paid increases to 23%
- The limit on total household resources increases to \$60,000
- The percentage of total household resources decreases to 3.2%
- The maximum credit increases to \$1,500.

For more information and to check your eligibility for this credit, see page 25.

**Michigan Standard Deduction.** If the older of you or your spouse (if married filing jointly) was born during the period January 1, 1946 through January 1, 1952, and reached the age of 67 on or before December 31, 2018, you may deduct \$20,000 for single or married filing separately filers or \$40,000 for joint filers against all income, rather than solely against retirement and pension income. Taxpayers that qualify for the Michigan Standard Deduction are not eligible to deduct retirement and pension income on the *Michigan Pension Schedule* (Form 4884).

### Expanded Subtraction for Retirement Benefits:

Beginning January 1, 2018, those born after 1952 who received retirement benefits from employment that was not covered by the Social Security Act and were retired as of January 1, 2013, may deduct \$35,000 for single or married filing separately filers or \$55,000 for joint filers of retirement and pension benefits. If both spouses on a joint return qualify, the maximum deduction increases to \$70,000.

If the older of you or your spouse (if married filing jointly) was born on or after January 1, 1953 but before January 2, 1957, have reached age 62 and receive Social Security exempt retirement benefits due to employment with a governmental agency, you may be eligible for a retirement and pension deduction. For more information see *Michigan Pension Schedule* (Form 4884).

**Amended Return.** Beginning with tax year 2017, use the *Michigan Individual Income Tax Return* (MI-1040) and *Michigan Amended Return Explanation of Changes* (Schedule AMD) to file an amended MI-1040. See page 7 for more details.

## General Information

---

### Adjusted Gross Income (AGI)

---

Throughout this booklet, Treasury refers to adjusted gross income as AGI. When AGI is asked for, copy your AGI directly from your U.S. Form *1040*.

---

### Tax Rate, Exemption Allowances, and Deductions for Retirees and Seniors

---

The income tax rate for 2018 is 4.25 percent.

For tax year 2018, the personal exemption allowance is \$4,050, the special exemption allowance for deaf, blind, hemiplegic, paraplegic, quadriplegic, or totally and permanently disabled is \$2,700 and the exemption allowance for qualified disabled veterans is \$400. See page 9 for more information.

Retirement and pension benefits included in AGI from a pension or an Individual Retirement Account (IRA) may be deductible. See Form 4884 instructions beginning on page 15 for further details regarding retirement and pension benefit deductions based on year of birth and filing status.

Senior citizens born before 1946 may be able to deduct part of their interest, dividends, and capital gains that are included in AGI. For 2018, the deduction is limited to a maximum of \$11,495 for single filers and \$22,991 for joint filers. See *Michigan Schedule 1* (Schedule 1) instructions beginning on page 12 for further details regarding dividend/interest/capital gains deductions.

---

### Filing Extension Granted for Military Personnel Serving in a Combat Zone

---

United States military personnel serving in a combat zone on April 15, 2019, will be given 180 days after leaving the combat zone to file their federal and State tax returns and will be exempt from penalties and interest. When e-filing, service men and women serving in combat zones should enter the words “*Combat Zone*” in the preparer notes. When filing a paper return, print “*Combat Zone*” in ink on the top of page 1 of the MI-1040.

---

### Appeals of Adjusted Refunds or Credits

---

Taxpayers have 60 days from the issuance of refund denials, refund adjustments, or Treasury decisions (other than final assessment), that may be appealed under Section 21 of the Revenue Act, to request informal conferences.

---

### Choose e-file Instead of Paper Returns. Get Your Refund Fast!

---

E-filing eliminates many of the errors that lengthen processing times. E-filed returns are usually processed within 14 days. Tax preparers who complete 11 or more individual income tax returns are required to e-file all eligible returns. Visit [www.MIfastfile.org](http://www.MIfastfile.org) for a list of e-file resources, how to find an e-file provider, and more information on free e-file services. When e-filing, do not mail a paper copy of your return.

---

### Property Tax Credits/Refunds

---

**A reminder from the Internal Revenue Service (IRS):** Michigan homestead property tax credits and Principal Residence Exemption refunds received in 2018 may be taxable on your 2018 U.S. Form *1040*. If you claimed an

itemized deduction for property taxes on your 2017 U.S. Form *1040* and then received a refund in 2018 from the State or your local unit of government for a portion of those taxes, you must include that refund as income on your 2018 U.S. Form *1040*. If you have questions about the taxability (for federal tax purposes) of the refunds, call the IRS at 1-800-829-1040.

---

### What You Should Know About Your Michigan 1099-G

---

If you claimed itemized deductions on your 2017 federal income tax return and received a Michigan tax refund in 2018, you will be mailed a 2018 Michigan 1099-G in early 2019 that shows the amount of your 2017 refund that was issued in 2018. The refund amount will include any amounts credited forward to 2018 estimated tax, prior year refunds issued in 2018, refund amounts intercepted for back tax assessments or other debts (such as child support or court-ordered garnishments), and any portion of a refund assigned to pay use tax or any amount you contributed as a voluntary contribution. The refund amount will not include homestead property tax credits, earned income tax credits, or other refundable tax credits claimed on your MI-1040. **The 1099-G is not a bill.** Visit [www.michigan.gov/taxes](http://www.michigan.gov/taxes) for more information about your Michigan 1099-G.

---

### A Note About Debts

---

By law, any money you owe to the State and other state agencies must be deducted from your refund or credit before it is issued. Debts include money you owe for past-due taxes, student loans, child support due to the Friend of the Court, an IRS levy, money due to a state agency, a court-ordered garnishment, or other court orders. Taxpayers who are married filing jointly may receive an *Income Allocation for Non-Obligated Spouse* (Form 743) after the return is filed. Completing and filing this form may limit the portion of the refund that can be applied to a debt. If Treasury applies all or part of your refund to any of these debts, you will receive a letter of explanation.

---

### Who Must File a Return

---

File a return if you owe tax, are due a refund, or your AGI exceeds your exemption allowance. You should also file a Michigan return if you file a federal return, even if you do **not** owe Michigan tax. This will eliminate unnecessary correspondence from Treasury.

If your parents (or someone else) can claim you as a dependent on their return and your AGI is \$1,500 or less if single or married filing separately or \$3,000 or less if filing a joint return, you do not need to file a return unless you are claiming a refund of withholding.

**Important:** If your income subject to tax (MI-1040, line 14) is less than your personal exemption allowance (line 15) and Michigan income tax was withheld from your earnings, you must file a return to claim a refund of the tax withheld.

## Who Must File a Joint Return

If you are considered married for federal tax purposes, you must file your Michigan return using either the married filing jointly or married filing separately filing status. This applies to all couples who are married under the laws of the State of Michigan or under the laws of another state. If you filed a joint federal income tax return, you must file a joint Michigan income tax return. If you and your spouse filed separate federal returns, you may file separate or joint Michigan returns.

## When to File Your Return

Always complete your federal tax return before your Michigan return. You may file a Michigan return even if you are not required to file a federal return.

Your return must be postmarked no later than April 15, 2019, to avoid penalty and interest. Payment must be included with your return. Make your check payable to “State of Michigan” and write the last four digits of your Social Security number(s) and “2018 income tax” on the front of the check.

If you cannot file before the due date and you owe tax, you may file an *Application for Extension of Time to File Michigan Tax Returns* (Form 4) with your payment. This allows an extension of time to file, but not to pay. Payment is due no later than April 15, 2019, otherwise penalty and interest may apply. See page 5. In order to obtain a refund, you must file a return claiming the refund within four years of the due date. Keep a copy of your return and all supporting schedules for six years.

## Penalty and Interest Added for Filing and Paying Late

If you file and pay late, Treasury will add a penalty of 5 percent of the tax due. After the second month, penalty will increase by an additional 5 percent per month, or fraction thereof, up to a maximum of 25 percent of the tax due. If you pay late, you must add penalty and interest to the amount due. Visit [www.michigan.gov/taxes](http://www.michigan.gov/taxes) for the latest interest rates.

## How to Complete and File Paper Returns

### Completing Michigan Forms

Treasury captures the information from paper income tax returns using an Intelligent Character Recognition (ICR) process. If completing a paper return, avoid unnecessary delays by following the guidelines below so your return is processed quickly and accurately.

- **Use black or blue ink.** Do not use pencil, red ink, or felt tip pens. Do not highlight information.
- **Print using capital letters** (UPPER CASE). Capital letters are easier to recognize.
- **Print numbers like this:** 0123456789  
Do **not** put a slash through the zero (0) or seven (7).
- **Fill check boxes with an [X].** Do not use a check mark.
- **Leave lines/boxes blank** if they do not apply or if the amount is zero unless otherwise directed.
- **Do not write extra numbers, symbols, or notes** on the return, such as cents, dashes, decimal points, commas, or dollar signs. Enclose any explanations on a separate sheet unless you are instructed to write explanations on the return.

## Identity Theft

Tax-related identity theft occurs when someone uses your Social Security number to file a tax return claiming a fraudulent refund. Victims of tax-related identity theft can assist the Department of Treasury by following the steps listed below:

- Paper file your return and include all required schedules.
- Send copies, not originals, of the following documents:
  1. Federal return and schedules (if applicable).
  2. Identity theft affidavits (if applicable).
  3. Government issued photo identification.
  4. W-2s and/or 1099s.

Even if the above steps are followed, the Department of Treasury may require additional identity verification and you may be asked:

- To complete an identity confirmation quiz, which is a tool Treasury uses to assist in the protection of taxpayers against tax-related identity theft.
- To provide additional supporting documentation as needed.

Visit [www.michigan.gov/identitytheft](http://www.michigan.gov/identitytheft) for more information regarding tax-related identity theft.

## Foreign Addresses

Enter your street address and city on the “Home Address” line. Enter your province or state name, country code and foreign postal code on the “City or Town” line in that order. Refer to the example below.

1. Filer's First Name JESSICA	M.I. B	Last Name SMITH
If a Joint Return, Spouse's First Name	M.I.	Last Name
Home Address (Number, Street, or P.O. Box) 123 MAIN ST. MONTREAL		
City or Town QUEBEC CA A1B 2C3		State ZIP Code

- **Stay within the lines** when entering information in boxes.
- **If a form is multiple pages**, all pages must be filed.
- **Report all amounts in whole dollars.** Round down amounts of 49 cents or less. Round up amounts of 50 cents or more. If cents are entered on the form, they will be treated as whole dollar amounts.

## When You Have Finished

If the tax preparer is someone other than the taxpayer, he or she must enter the business name, address, and telephone number of the firm he or she represents and Preparer Tax Identification Number (PTIN), Federal Employer Identification Number (FEIN), or Social Security number. Check the box to indicate if Treasury may discuss your return with your tax preparer.

**Assemble your returns and attachments.** Do not staple your check to your return. A sequence number is printed in the upper-right corner of the following Michigan forms to help you assemble them in the correct order behind your MI-1040:

- *Additions and Subtractions* (Schedule 1)
- *Nonresident and Part-Year Resident* (Schedule NR)

- *Farmland Preservation Tax Credit* (MI-1040CR-5)
- *Schedule of Taxes and Allocation to Each Agreement* (Schedule CR-5)
- *Property Tax Credit* (MI-1040CR or MI-1040CR-2)
- *Schedule of Apportionment* (MI-1040H)
- *Underpayment of Estimated Income Tax* (MI-2210)
- *Withholding Tax Schedule* (Schedule W)
- *Adjustments of Capital Gains and Losses* (MI-1040D)
- *Adjustments of Gains and Losses From Sales of Business Property* (MI-4797)
- *Voluntary Contributions Schedule* (4642)
- *Sales and Other Dispositions of Capital Assets* (MI-8949)
- *Pension Schedule* (4884)
- *Pension Continuation Schedule* (4973)
- *Married Filing Separately and Divorced or Separated Claimants Schedule* (5049)
- *Michigan Amended Return Explanation of Changes* (Schedule AMD)
- *Michigan Excess Business Loss* (MI-461)
- *Michigan Excess Business Loss Continuation Schedule* (Form 5606)
- Federal Schedules (see Table 3, page 59)

If you are also filing a *Home Heating Credit Claim* (MI-1040CR-7), do **not** attach it to your return; fold it and leave it loose in the envelope.

If you are also filing a City of Detroit return, do **not** staple it to your State of Michigan return; fold it and leave it loose in the envelope.

---

## Where to Mail Your Return

---

Mail **refund, credit, or zero due** returns to:

Michigan Department of Treasury  
Lansing, MI 48956

If you **owe tax**, mail your return to:

Michigan Department of Treasury  
Lansing, MI 48929

## Special Situations

---

### Extensions

---

To request more time to file your Michigan tax return, send a payment of your remaining estimated tax to Treasury with a copy of your federal extension (U.S. Form 4868) on or before the original due date of your return. Treasury will extend the due date to your new federal due date. If you do not have a federal extension, file an *Application for Extension of Time to File Michigan Tax Returns* (Form 4) with your payment. Treasury will **not** notify you of approval. **Do not file an extension if you will be claiming a refund.**

**An extension of time to file is not an extension of time to pay.** If you do not pay enough with your extension request, you must pay interest on the unpaid amount. Compute interest from the original due date of the return. Interest is 1 percent above the prime rate and is adjusted on July 1 and January 1. Visit [www.michigan.gov/taxes](http://www.michigan.gov/taxes) for help calculating the penalty and interest.

You may be charged a penalty of 10 percent or more if the balance due is not paid with your extension request.

Make your check payable to “**State of Michigan**” and **print the last four digits of your Social Security number** and “**2018 income tax**” on the front of your check. To ensure accurate processing of your return, send one check for each return. Do not staple your check to your return.

**Do not mail your 2018 return in the same envelope with a return for years prior to 2018; mail your 2018 return in a separate envelope.**

---

## Important Reminders

---

- **Missing pages.** The MI-1040, MI-1040CR, MI-1040CR-2, and MI-1040CR-7 are multiple-page forms. All pages must be completed and submitted for Treasury to process the return timely.
- **Use correct tax year forms.** For example, do not use a 2017 form to file your 2018 return.
- **Required attachments.** If you do not include all the required attachments with your return, your refund may be reduced, denied, or delayed. Send original forms. Do not send photocopies.
- **Schedules received alone.** Only the MI-1040, MI-1040CR, MI-1040CR-2 and MI-1040CR-7 forms may be filed alone. All other forms must be filed with a completed MI-1040.
- **Missing, incomplete, or applied for Social Security number.** If you don’t have an SSN or an Individual Taxpayer Identification Number (ITIN), apply for one through the IRS. **Do not** file your Michigan return until you have received your SSN or ITIN.

When you file your MI-1040, include on line 30 the amount of tax you paid with your extension request. Include a copy of your federal or state extension with your return.

---

## 2019 Estimated Payments

---

Usually, you must make estimated income tax payments if you expect to owe more than \$500 when you file your 2019 MI-1040. This is after crediting the property tax, farmland, any other refundable or nonrefundable credits, and amounts you paid through withholding.

Common income sources which make estimated payments necessary are self-employment income, salary, wages, or retirement benefits if you do not have enough tax withheld, tips, lump sum payments, unemployment benefits, dividend and interest income, income from the sale of property (capital gains), business income and rental income.

You may ask your employer to increase your withholding to cover the taxes on other types of income.

Estimated payments are due April 15, 2019; June 17, 2019; September 16, 2019; and January 15, 2020. If you are a fiscal year filer, the due dates are the same as your federal estimated payment due dates.

If you made estimated payments for 2018 Treasury will send you personalized vouchers for 2019, unless you used a tax preparer. Do not use vouchers intended for another taxpayer. If you do not receive personalized vouchers, use a tax preparer, or use tax preparation software to complete your return, you can obtain a *Michigan Estimated Individual Income Tax Voucher* (MI-1040ES) from Treasury's Web site.

**Exceptions.** If you expect to owe more than \$500, you may not have to make estimated payments if you expect your 2019 withholding to be at least:

- 90 percent of your total 2019 tax, **or**
- 100 percent of your total 2018 tax.
- 110 percent of your total 2018 tax if 2018 AGI was more than \$150,000 if filing joint or single (\$75,000 if your 2018 filing status is married filing separately).

Total 2018 tax is the amount on your 2018 MI-1040, line 21, less the amount on lines 25, 26, 27b and 28.

**Farmers, fishermen or seafarers** may have to make estimated payments, but have different filing options. If at least two-thirds of your gross income is from farming, fishing, or seafaring, you may:

- Delay paying your first 2019 quarterly installment (MI-1040ES) until as late as January 15, 2020, and pay the entire amount of your 2019 estimated tax due, **or**
- File your 2019 MI-1040 return and pay the entire amount of tax due on or before March 1, 2020.

If you are a farmer or fisherman you will have filed a U.S. *Schedule F, Schedule C, or Schedule E* to report income from these activities. Wages earned as a farm employee or from a corporate farm do **not** qualify you for this exception. You are considered a seafarer if your wages are exempt from income tax withholding under Title 46, Shipping, USC, Sec. 11108.

**Failure to make payments or underpayment of estimated payments.** If you fail to make required estimated payments, pay late, or underpay in any quarter, Treasury may charge penalty and interest. Penalty is 25 percent of the tax due (with a minimum of \$25) for failing to make estimated payments or 10 percent (with a minimum of \$10) for failing to pay enough estimated payments or making estimated payments late. Interest is one percent above the prime rate and is computed monthly. The rate is adjusted on July 1 and January 1.

---

## Residency

---

**Resident.** You are a Michigan resident if Michigan is your permanent home. Your permanent home is the place you intend to return to whenever you go away. A temporary absence from Michigan, such as spending the winter in a southern state, does **not** make you a part-year resident.

Income earned by a Michigan resident in a nonreciprocal state (see "Reciprocal States") or Canadian province is taxed by Michigan, and may also be taxed by the other jurisdiction. If you pay tax to both, you can claim a credit on your Michigan return. See instructions for MI-1040, line 18 and the example on page 10.

**Part-year resident.** You are a part-year resident if, during the year, you move your permanent home into or out of Michigan. You must pay Michigan income tax on income you earned, received, or accrued while living in Michigan.

Use *Michigan Nonresident and Part-Year Resident Schedule* (Schedule NR) and the following guidelines to help figure your tax:

- Allocate your income from the date you moved into or out of Michigan
- Bonus pay, severance pay, deferred income, and any other amount accrued while a Michigan resident are subject to Michigan tax no matter where you lived when you received it
- Deferred compensation reported to you on U.S. Form *1099-R* and dividend and interest income are allocated to the state of residence when received
- Part-year residents who lived in Michigan at least six months of the tax year may qualify for a homestead property tax credit (see page 27)

**NOTE:** Out-of-state students who live in Michigan while they are attending school are not considered Michigan residents or part-year residents and should file as nonresidents.

**Nonresident.** Use Schedule NR to figure your Michigan taxable income. You must pay Michigan income tax on the following types of income:

- Salary, wages, and other employee compensation for work performed in Michigan, unless you live in a state covered by a reciprocal agreement (see "Reciprocal States")
- Net rents and royalties from real and tangible personal property in Michigan
- Capital gains from the sale or exchange of real property located in Michigan, or of tangible personal property located in Michigan
- Patent or copyright royalties if the patent or copyright is used in Michigan or if you have a commercial domicile in Michigan
- Income (including dividend and interest income) from an S corporation, partnership or an unincorporated business, or other business activity in Michigan
- Lottery winnings
- Prizes won from casinos or licensed horse tracks located in Michigan. Nonresidents from reciprocal states must also declare these prizes as taxable.

---

## Reciprocal States

---

**Illinois, Indiana, Kentucky, Minnesota, Ohio, and Wisconsin** have reciprocal agreements with Michigan. Michigan residents pay only Michigan income tax on their salaries and wages earned in any of these states. A Michigan resident may file a withholding form with an employer in a reciprocal state to claim exemption from that state's income tax withholding. The out-of-state income may make Michigan individual income tax estimated payments necessary. Residents of reciprocal states working in Michigan do not have to pay Michigan tax on salaries or wages earned in Michigan but do have to pay Michigan tax on business income earned from business activity in Michigan. A resident of a reciprocal state who claims a refund of Michigan withholding tax must file a Schedule NR along with an MI-1040.

## Deceased Taxpayers

A **personal representative** for the estate of a taxpayer who died in 2018 (or 2019 before filing a 2018 return) must file if the taxpayer owes tax or is due a refund. A full-year exemption is allowed for a deceased taxpayer on the 2018 MI-1040.

Use the decedent's Social Security number and **your** address. If the taxpayer died after December 31, 2017, enter the date of death in the "Deceased Taxpayer" box on page 2 on the 2018 MI-1040.

The **surviving spouse** is considered married for the year in which the deceased spouse died and may file a joint return for that year. Write your name and the decedent's name and both Social Security numbers on the MI-1040. Write "DECD" after the decedent's last name. You must report the decedent's income. Sign the return. In the deceased's signature line, write "Filing as surviving spouse." If the taxpayer died after December 31, 2017, enter the date of death in the "Deceased Taxpayer" box on page 2 of the MI-1040. Refer to example A in the "Deceased Taxpayer Chart of Examples" below.

If filing as a **personal representative** or **claimant** and you are claiming a refund for a **single** deceased taxpayer, you **must include a U.S. Form 1310 or Michigan Claim for Refund Due a Deceased Taxpayer (MI-1310)**. Enter the decedent's name in the Filer's Name lines and the representative's or claimant's name, title, and address in the Home Address line. Refer to example B or C in the "Deceased Taxpayer Chart of Examples" below.

If filing as a **personal representative** or **claimant** of a deceased taxpayer(s) for a **jointly** filed return, you **must include a U.S. Form 1310 or Michigan Claim for Refund Due a Deceased Taxpayer (MI-1310)**. Enter the names of the deceased persons in the Filer's and Spouse's Name lines and the representative's or claimant's name, title, and address in the Home Address line. Refer to example D or E in the "Deceased Taxpayer Chart of Examples" below.

For information about filing a credit claim, see "Deceased Claimant's Credit" on page 28.

## Amended Returns

Beginning with tax year 2017, if you need to make a correction to your return, file a new complete MI-1040. Check the Amended Return box at the top of page 1 of the form, and file the Schedule AMD **and all** applicable schedules and supporting documentation to amend your return. If you are amending for tax year 2016 or prior, you must use Form MI-1040X-12. If you are due a refund on your amended return, you must file it within four years of the due date of the original return.

Once you file a joint return, you cannot choose to file separate returns for that year after the due date of the return.

If a change on your federal return affects Michigan taxable income, you must file an amended return within 120 days of the change. You must include a copy of your amended federal return and all supporting schedules. Include payment of any tax and interest due.

To amend only a homestead property tax or home heating credit, file a new MI-1040CR, MI-1040CR-2, or MI-1040CR-7 respectively, for the appropriate year. Check the Amended Return box on the top of page 1 of each credit claim; **do not file a new MI-1040 or Schedule AMD**. If applicable, include a copy of your property tax statement(s), and/or lease agreement and a copy of your heat statement.

## Net Operating Losses (NOL)

If you have a federal NOL deduction, remove the federal NOL deduction from Michigan taxable income, to the extent included in federal AGI. Residents accomplish this through an addition on Michigan Schedule 1, line 7. If you are required to file a Michigan Schedule NR, the entire federal NOL deduction, no matter where earned, is allocated to Column C. A Michigan NOL deduction in a carryforward year may be claimed on Michigan Schedule 1, line 21.

Page 1 of *Michigan Net Operating Loss* (MI-1045) is used to calculate the Michigan NOL for the loss year, a copy must be included with future returns when the loss is carried forward. A refund from carrying back an NOL generated by a farming loss is claimed on Page 2 of the MI-1045. A separate worksheet showing how the loss has been absorbed should always be submitted to document the claimed carryforward. For assistance tracking an NOL, refer to the "Michigan NOL Carryover Worksheet" available on Treasury's Web site.

## Repayments of Income Reported in a Prior Year

If you had to repay money in 2018 that you claimed as income in a previous year (e.g., unemployment benefits), you may be entitled to a credit on your 2018 return for the tax paid in an earlier year.

If you subtracted the repayment in arriving at AGI, no additional credit is allowed on the Michigan return because your income for the year has been reduced by the repayment amount. If the amount of the repayment was deducted on U.S. *Schedule A* or a credit was claimed on U.S. Form 1040, a credit will be allowed on the Michigan return.

To compute your Michigan credit, multiply the amount you repaid in 2018 by the tax rate which was in effect the year you paid the tax. Then add the amount of the credit to the Michigan tax withheld on MI-1040, line 29. Write "Claim of Right/Repayment" next to line 29.

Include a schedule showing the computation of the credit, proof of the repayment, U.S. Form 1040 and applicable federal schedules.

## Use Tax

Every state that has a sales tax has a companion tax for purchases made outside that state by catalog, telephone, or Internet. In Michigan, that companion tax is called "use tax," but might be described as a remote sales tax because it is a 6 percent tax owed on purchases made outside of Michigan.

Use tax is due on catalog, telephone, or Internet purchases made from out-of-state sellers as well as purchases while traveling in foreign countries when the items are to be brought into Michigan. Use tax must be paid on the total price (including shipping and handling charges).

Many Internet retailers charge tax on sales to Michigan residents. Beginning October 1, 2018, additional Internet retailers will be required to pay Michigan sales tax and may collect tax on sales to Michigan residents. However, buyers using third-party platforms or marketplaces are less likely to have paid tax at the time of purchase and may still owe use tax. Taxpayers should review their records to determine if the retailer charged tax at the time of sale. If the Michigan tax was paid at 6 percent, no additional tax would be due.

### How to Report Use Tax

Use Worksheet 1 to calculate your use tax and enter the amount of use tax due on MI-1040, line 23.

### Worksheet Calculation

**Line 1:** For purchases of \$0 to \$1,000, multiply your total purchases times 6 percent (0.06) and enter the amount on Line 1, **or**, if you have incomplete or inaccurate receipts to calculate your purchases, you may use "Table 1 - Use Tax" to estimate your taxes (see the following example).

#### WORKSHEET 1 - USE TAX

**Line 1:** Itemized purchases of \$0 to \$1,000 x 6 percent (0.06) **OR** "Table 1 - Use Tax" amount..... \$ \_\_\_\_\_

**Line 2:** Single purchases \$1,000 or more x 6 percent (0.06)..... \$ \_\_\_\_\_

**Line 3:** Total Use Tax Due (add Lines 1 and 2)..... \$ \_\_\_\_\_

Enter amount from Line 3 above on your 2018 MI-1040, line 23. If the amount on Line 3 is 0, enter "0" on your 2018 MI-1040, line 23.

Line 1 should contain a number unless you made no purchases under \$1,000 subject to the use tax.

**Line 2:** In all cases, if a single purchase is \$1,000 or more and tax is not collected by the seller, you must pay 6 percent use tax on that purchase.

**Example:** Ed ordered a computer from a catalog retailer in New York for \$1,437.50. Ed also purchased items over the Internet for less than \$1,000 during the year, but lost his receipts. He is sure he did not pay Michigan sales tax. Ed's AGI is \$46,500. Ed would complete Worksheet 1 as follows:

**Line 1:** Ed selects \$32 from Table 1 ..... \$32

**Line 2:** Ed enters \$1,437.50 x 6 percent ..... **\$86.25**

**Line 3:** Total use tax due ..... \$118.25

Ed would enter \$118 (rounding down because the amount is 49 cents or less) on his MI-1040, line 23.

Estimating your taxes does not preclude Treasury from auditing your account. If additional tax is due, you may receive an assessment for the amount of the tax owed, plus applicable penalty and interest.

### Use Tax on the Difference

If you paid at least 6 percent to another state on your purchase, you do not owe use tax to Michigan. If you paid less than 6 percent, you owe the difference.

**NOTE:** The full 6 percent use tax is also owed on purchases made in a foreign country.

For more information, visit [www.michigan.gov/taxes](http://www.michigan.gov/taxes).

#### TABLE 1 - USE TAX

## Line-by-Line Instructions for *Individual Income Tax Return (MI-1040)*

*Lines not listed are explained on the form.*

**Amended Return box:** If amending your 2018 return, check the box at the top of the form, include a completed Schedule AMD and supporting documentation.

**Line 1:** Only married filers may file joint returns. Include name and address.

**Lines 2 and 3:** Enter your full nine-digit Social Security number(s). Failure to provide a complete Social Security number may result in processing delays.

**Line 5: State Campaign Fund.** These funds are disbursed only to candidates for governor, regardless of political party, who agree to limit campaign spending and meet the campaign fund requirements. Checking the box will not raise your tax or reduce your refund.

**Line 6:** Farmers, fishermen, or seafarers may have to make estimated payments, and have different filing options. If at least two-thirds of your gross income is from farming, fishing, or seafaring, check this box. (For estimate filing information, see page 5.)

**Line 7: Filing Status.** Check the box to identify your filing status. If you filed a joint federal return, you must also file a joint Michigan return. Married couples who file separate federal returns may file a separate or joint Michigan return. If your status is married filing separately (box c), enter your spouse's full name in the space provided and enter his or her Social Security number on line 3. If you filed your federal return as head of household or qualifying widow(er), you must file your Michigan return as single.

**NOTE:** If you are claiming a homestead property tax credit or home heating credit and you lived with your spouse, it may be easier to file a joint Michigan return because joint total household resources are the basis for computing these credits.

**Line 8: Residency.** Check the box that describes your Michigan residency for 2018. If you and your spouse had a different residency status during the year, check a box for each of you. Both part-year residents and nonresidents must file *Nonresident and Part-Year Resident Schedule* (Schedule NR). For definition of residency, see page 6.

**Line 9: Exemptions.** Use this line to compute your Michigan exemption amount plus your Michigan special exemptions.

**Line 9a:** Enter the number of exemptions for you, your spouse (if filing jointly), and your dependents. Dependents include both qualifying children and qualifying relatives under the Internal Revenue Code. You may claim an exemption for these dependents even if your AGI exceeds the limits to claim federal tax credits for these dependents. Multiply the number of exemptions by your exemption allowance of \$4,050 and enter that amount.

**Line 9b: Michigan Special Exemptions: Deaf, Blind, or Certain Disabilities.** You qualify for this exemption if you are deaf, blind, hemiplegic, paraplegic, quadriplegic, or totally and permanently disabled. Complete this line, claiming only one exemption per person as it applies to you, your spouse and your dependents. If your dependent files a return, you or your dependent, but not both, may claim the dependent's special exemption.

- Deaf means the primary way you receive messages is through a sense other than hearing (e.g., lip reading or sign language).
- Blind means your better eye permanently has 20/200 vision or less with corrective lenses, or your peripheral field of vision is 20 degrees or less.
- Totally and permanently disabled means disabled as defined under Social Security Guidelines 42 USC 416. **If you are age 66 or older, you may not claim an exemption as totally and permanently disabled.**

**Line 9c: Qualified Disabled Veterans.** A taxpayer may claim an exemption of \$400 in addition to the taxpayer's other exemptions if (a) the taxpayer or spouse is a qualified disabled veteran, or (b) a dependent of the taxpayer is a qualified disabled veteran. To be eligible for the additional exemption an individual must be a veteran of the active military, naval, marine, coast guard, or air service who received an honorable or general discharge and has a disability incurred or aggravated in the line of duty as described in 38 USC 101(16). This additional exemption may not be claimed on more than one tax return.

**Line 9d:** If someone else can claim you as a dependent, check the box, enter 0 on line 9a and enter \$1,500 on line 9d. If your AGI is less than \$1,500 and you had no Michigan income tax withheld from your wages, you do **not** need to file this form.

**Line 10: Adjusted Gross Income.** Enter your AGI from your U.S. Form 1040. You must include copies of federal schedules that apply to you (see Table 3, page 59). For Michigan adjustments to AGI, see Schedule 1, page 41. Instructions for completing Schedule 1 begin on page 12. If your AGI has an excess business loss limitation, complete *Michigan Excess Business Loss* (Form MI-461).

**Line 17: Tax.** Multiply the amount on line 16 by 4.25 percent (0.0425).

**Line 18: Income Tax Imposed by Government Units Outside Michigan.** Include the amount of income tax paid to:

- A nonreciprocal state (see page 6)
- A local government unit outside Michigan, including tax paid to local units located in reciprocal states
- The District of Columbia
- A Canadian province.

Include only income tax paid to another government unit(s) on income earned while you were a Michigan resident and taxed by Michigan. For assistance with calculating this credit, go to [www.michigan.gov/incometax](http://www.michigan.gov/incometax).

**Include a copy of the return filed with the other government unit(s) with your MI-1040. If you do not include the return filed with the other government unit(s) when claiming this credit, processing of your return may be delayed or your credit may be denied.**

Do **not** include taxes paid on income you subtracted on lines 10 through 26 of Schedule 1 (e.g., rental or business income from another state, part-year resident wages). If you claim credit for Canadian provincial tax, you must file a *Michigan Resident Credit for Tax Imposed by a Canadian Province* (Form 777).

Include copies of your *Canadian Federal Individual Tax Return* (Form T-1), *Canadian Statement of Remuneration Paid* (Form T-4), U.S. Form 1116, and U.S. Form 1040 and applicable federal schedules. Your credit is limited to the portion of your Canadian provincial tax not used as a credit on your U.S. Form 1040. The credit is not available for tax paid to other foreign countries.

**Line 18a:** Enter the total income tax paid to other government units on income also taxed by Michigan. Include a schedule if tax was paid to more than one source. **Also include a copy of the return(s).**

**Line 18b:** Credit amount. If more than one government unit is involved, compute the credit amount for each government unit separately. Then add the individual credit amounts and enter the total on line 18b. Compute your allowable credit as follows:

**Step 1:** Divide your out-of-state income that is subject to tax in both states by your total income subject to Michigan tax (MI-1040, line 14); then

**Step 2:** Multiply the amount of tax shown on MI-1040, line 17, by the resulting percentage.

Your credit cannot exceed the smaller of: (1) the amount of tax imposed by another government; or (2) the amount of Michigan tax due on salaries, wages, and other personal compensation earned in another state.

**Example: Computing Michigan resident's credit for tax imposed by another state.**

Hunter is a Michigan resident and has \$40,000 of Michigan wages, \$10,000 of wages earned in another state, and \$3,000 in interest and dividends. Hunter's federal AGI is \$53,000. He has no Michigan adjustments (additions or subtractions) to AGI. After subtracting his \$4,050 exemption from \$53,000 income subject to tax, Hunter's taxable income is \$48,950 (MI-1040, line 16). This results in a tax of \$2,080 ( $\$48,950 \times 0.0425$ ) that is reported on MI-1040, line 17. The other state imposed \$700 tax on the \$10,000 Hunter earned in that state. To compute the credit, determine the following:

**Step 1:** Calculate the percentage of out-of-state income to total income subject to Michigan tax ( $\$10,000/\$53,000 = 19\%$ )

**Step 2:** Multiply Michigan tax of \$2,080 by  $19\% = \$395$

**Step 3:** On MI-1040, line 18a, enter \$700, the tax imposed by the other state. On MI-1040, line 18b, enter \$395 (the credit is the lesser of \$700 or \$395).

**Line 19: Michigan Historic Preservation Tax Credit.** Taxpayers eligible for this credit receive a certificate from the State Historic Preservation Office indicating their eligibility. To claim this credit you must submit **all** of the supporting documentation. For a list of supporting forms and schedules see the Form 3581 instructions.

**Line 19a:** Enter the amount from your 2018 Form 3581, line 9.

**Line 19b:** Enter the amount from your 2018 Form 3581, line 14.

**Line 19: Small Business Investment Tax (Venture Investment) Credit.** The Small Business Investment Tax (Venture Investment) Credit provides Qualified Investors a 25 percent tax credit over a two year period on Qualified Investments in Qualified Businesses. To qualify, investments

had to be made after December 31, 2010 and before January 1, 2012. Taxpayers eligible for this credit received a certificate from the Michigan Strategic Fund Board, Small Business Investment Tax Credit Program. The certificate must be included with the taxpayer's return.

**Line 19a:** Enter the contribution amount or investment amount from the required certificate.

**Line 19b:** Enter the income tax credit amount from the required certificate.

**Line 20: Income Tax.** Carry this amount to line 21.

**Line 22: Voluntary Contributions.** Contributions can be made on the *Voluntary Contribution Schedule* (Form 4642). Include Form 4642 to ensure your contributions are applied to the fund(s) of your choice. Contributions will increase your tax due or reduce your refund.

When filing an amended MI-1040, you cannot amend your voluntary contributions amount. You must enter the amount from your original return.

**Line 23: Use Tax.** Enter use tax due from Worksheet 1, line 3, on page 8.

When filing an amended MI-1040, you cannot amend your use tax amount. You must enter the amount from your original return. To amend your use tax, write a letter to Michigan Department of Treasury, Business Taxes Division, P.O. Box 30427, Lansing, MI 48909.

**Line 25:** Property tax credit information begins on page 25.

**Line 26:** Farmland preservation credit applies to farmers only. See MI-1040CR-5 instructions for information.

**Line 27: Michigan Earned Income Tax Credit (EITC).** Taxpayers who are eligible to claim an EITC on their federal return may claim a Michigan EITC equal to 6 percent of the taxpayer's federal credit. Enter your federal EITC amount on line 27a and 6 percent of line 27a on line 27b.

**Line 28: Michigan Historic Preservation Tax Credit.** Enter the amount from your 2018 *Historic Preservation Tax Credit* (Form 3581), line 16a or 16b, whichever applies. Include a completed Form 3581 and U.S. Form 3581, if applicable.

**Line 29:** Enter the total Michigan tax withheld (from your Schedule W). If applicable, include any credit for repayments under the "Claim of Right." See "Repayments of Income Reported in a Prior Year" on page 8.

**Line 30:** Enter the total estimated tax paid with your 2018 MI-1040ES, the amount paid with a Form 4, and the amount of your 2017 credit forward (2017 MI-1040, line 35) to this year's tax. **Do not include a prior year's refund amount.**

**Line 31:** This line is for amended returns only. If you checked box 31a to indicate you received a refund and/or credit forward from your original return, enter the refund amount received as a negative number. If you checked box 31b to indicate you paid with your original return, enter the amount of your payment as a positive number. Do not include any interest or penalty paid with your original return. When filing an amended return, you must include Schedule AMD.

**Example 1:** Tina is amending her return. Tina received a \$100 refund on her original return. Tina checks box 31a and enters the refund as a negative number. Tina reports -\$100 on line 31c.

**Example 2:** Tom is also amending his return. Tom paid a total of \$275 with his original return; \$250 was for tax due, \$5 was for interest and \$20 was for penalty. Tom checks box 31b and enters the amount paid as a positive number but does not include interest or penalty. Tom enters \$250 on line 31c.

**Line 33: You Owe.** If line 32 is less than line 24, enter the difference. This is the tax you owe with your return. If line 32 is negative, treat it as a positive amount and add it to the amount on line 24. Enter the result on line 33. Payments can now be made electronically. Go to [www.michigan.gov/iit](http://www.michigan.gov/iit) for more information. If the balance due is less than \$1, no payment is required, but you must still file your return. See “Pay” address on page 2 of your MI-1040.

If you pay after the due date of the return, penalty and interest for late payment is also due. Penalty accrues monthly at 5 percent of the tax due, and increases by an additional 5 percent per month, or fraction thereof, after the second month, up to a maximum of 25 percent of the tax due (e.g., penalty on a \$500 tax due will be \$125 if the tax is unpaid for six months). See “Penalty and Interest Added for Filing and Paying Late” on page 4. Add penalty and interest to your tax due and enter the total on line 33.

Generally, if you owe more than \$500, you are required to make estimated payments. Taxpayers required to make estimated payments may owe penalty and interest for underpayment, late payment, or for failing to make estimated tax payments. Use the *Michigan Underpayment of Estimated Income Tax* (Form MI-2210) to compute penalty and interest. If you do not file an MI-2210, Treasury will compute your penalty and interest and send you a bill. If you annualize your income, you must complete and include an MI-2210. Enter the penalty and interest amounts on the lines provided.

**Line 35: Credit Forward.** Credit forward is only available on an original return and will not be accepted as a way to claim your overpayment on an amended return.

**Line 36: Refund.** This includes any tax you overpaid and any credits you claimed. The state does not refund amounts less than \$1. Mail your return to the “Refund, credit, or zero returns” address on page 2 of your MI-1040.

---

## Direct Deposit

Direct Deposit is only available on an original return and may not be used to issue a refund on an amended return.

Check with your financial institution to (1) make sure it will accept Direct Deposit, (2) obtain the correct Routing Transit Number (RTN) and account number, and (3) if applicable, verify that your financial institution will allow a joint refund to be deposited into an individual account.

Direct Deposit requests associated with a foreign bank account are classified as International ACH Transactions (IAT). If your Direct Deposit is forwarded or transferred to a bank account in a foreign country, it will be returned to

Treasury. If this occurs, your refund will be converted to a check and mailed to the address on your tax return. Contact your financial institution for questions regarding the status of your account.

**a. RTN.** Enter the nine-digit RTN. The RTN is usually found between the symbols |: and |: on the bottom of your check. The first two digits must be 01 through 12 or 21 through 32.

**b. Account Number.** Enter your financial institution account number up to 17 characters (both numbers and letters). The account number is usually found immediately to the right of the RTN on the bottom of your check. Include hyphens but omit spaces and special symbols. Do **not** include the check number.

**c. Type of Account.** Check the box for checking or savings.

---

## When You Are Finished

**Sign Your Return:** Each spouse must sign a joint return. If the tax preparer is someone other than the taxpayer, he or she must include the name and address of the firm he or she represents and preparer tax identification or federal employer identification number. Check the box to indicate if Treasury may discuss your return with your preparer.

**Signing a child’s return:** If a return is prepared for a child who is too young to sign it, a parent or guardian should sign the child’s name, then add “by (your name) parent (or guardian) for minor child.”

**Attachments:** Include all your credit claims and required Michigan and federal schedules (see Table 3 on page 59).

**If you owe tax:** Payments can be made using Michigan’s e-Payments service by direct debit (e-Check) from your checking or saving account, or by using a credit or debit card. Visit [www.michigan.gov/iit](http://www.michigan.gov/iit) to make your payment electronically.

Payments can also be mailed. Make your check payable to “State of Michigan.” Print the last four digits of your Social Security number and “2018 income tax” on the front of your check. If paying on behalf of another taxpayer, write the filer’s name and the last four digits of the filer’s Social Security number on the check. Enclose your payment but do **not** staple it to the return.

The **filing deadline to receive a refund** for tax year 2018 is April 15, 2023.

## Line-by-Line Instructions for *Additions and Subtractions* (Schedule 1)

Part-year and nonresidents, complete Schedule NR (see page 49) before proceeding.

If you have income or losses attributable to other states, you must include all relevant federal schedules and supporting statements (see page 59). Include *Schedule K-1s* which support your federal *Schedules B, D, E* and 4797. **The type, source and location of the income or loss must be identified.** For assistance conveying this information to Treasury, refer to the “Business, Rental & Royalty Activity Worksheet” and its instructions available on Treasury’s Web site. If you do not include the federal schedules and supporting statements, processing of your return may be delayed or your credit/subtraction may be denied.

### Additions to Income

**Line 1:** Enter gross interest, dividends, and income from obligations or securities of states and their political subdivisions other than Michigan. Add this income even if it comes to you through a partnership, S corporation, estate, or trust. You may reduce this income by related expenses not allowed as a deduction by Section 265(a)(1) of the Internal Revenue Code (IRC). Do not complete this line if you were a nonresident for the full year.

**Line 2:** Enter the deduction taken for **self-employment tax** on your federal return and for other taxes on or measured by income, such as your share of city income tax paid by partnerships or S corporations, or your share of the taxes paid by an estate or trust.

**Line 3:** Use *Michigan Adjustments of Capital Gains and Losses* (MI-1040D) and related *Michigan Sales and Other Dispositions of Capital Assets* (MI-8949) **only** if you have capital gains or losses attributable to: (1) an election to use Section 271 treatment for property acquired before October 1, 1967; (2) the sale or exchange of U.S. obligations which cannot be taxed by Michigan; or (3) the sale or exchange of property located in other states.

If you reported gains on U.S. Form 4797 on property acquired before October 1, 1967, or located in other states, adjust the gain on the *Michigan Adjustments of Gains and Losses From Sales of Business Property* (MI-4797).

Enter gains from the Michigan column of MI-1040D, line 12, and MI-4797, line 18b(2). Instructions are with each form.

**Line 4:** Enter losses from a business or property located in another state which you own as a sole proprietor, a partner in a partnership, a shareholder in an S corporation, or as a member of a pass-through entity.

If your business is taxed by both Michigan and another state, the loss must be apportioned. You must include a *Michigan Schedule of Apportionment* (MI-1040H).

If you have a federal excess business loss limitation, you must complete Form MI-461. Follow instructions provided on Form MI-461 to determine if any amount is to be included here.

**Line 5:** Enter the net loss from the federal column of your MI-1040D, line 13, or MI-4797, line 18b(2) as a positive number.

**Line 6:** Enter gross expenses from the production of oil and gas or extraction of nonferrous metallic minerals subject to Michigan severance tax to the extent deducted from AGI. Subtract the related gross income on line 19.

**Line 7:** Residents, enter the amount of the NOL deduction to the extent included in AGI. Part-year and nonresidents, see instructions for Schedule NR, line 11.

**Line 8:** Enter the total of the following (include an additional schedule if necessary):

- Add, to the extent not included in AGI, the amount of money withdrawn in the tax year from a Michigan Education Savings Program (MESP) account, including the Michigan 529 Advisor Plan (MAP), or a Michigan Achieving a Better Life Experience Program (ABLE) account, if the withdrawal was not a qualified withdrawal as provided in the MESP or ABLE Acts. You may first exclude any amount that represents a return of contributions for which no deduction was claimed in any prior tax year.
- Refund received from a Michigan Education Trust (MET) contract. If you deducted the cost of a MET contract in previous years and received a refund from MET during 2018 because the MET contract was terminated, enter the smaller of: (1) the refund you received or (2) the amount of the original MET contract price including fees which you deducted in previous years.

NOTE: Michigan treatment of bonus depreciation conforms with federal law. Adjustments for bonus depreciation are not required.

### Subtractions From Income

**NOTE:** Part-year and nonresidents, subtract only income attributable to Michigan (Schedule NR, column B) that is not included on line 13.

**Line 10:** Enter income from U.S. government obligations (e.g., Series EE bonds, Treasury notes), including income from U.S. government obligations received through a partnership, S corporation, or other pass-through entity. This subtraction must be reduced by related expenses used to arrive at AGI.

Investment companies that invest in U.S. obligations are permitted to pass the tax-free exemption to their shareholders. If income from U.S. government obligations exceeds \$5,000, include a copy of your U.S. *Schedule B* and a supporting statement listing the amounts received, the source, and the issuing agency. Capital gains from the sale of U.S. government obligations must be adjusted on your MI-1040D.

**Line 11:** Include military and Michigan National Guard retirement benefits here and on Schedule W, Table 2. Also report any taxable Tier 1 and Tier 2 railroad retirement benefits. Other qualifying public or private retirement benefits must be reported on the *Michigan Pension Schedule* (Form 4884) and Schedule 1, line 25.

**Line 12:** Enter the gains from the federal column of your MI-1040D, line 12, and MI-4797, line 18b(2). See instructions for Schedule 1, line 3.

**Line 13: Income Attributable to Another State.** Nonresidents and part-year residents, complete Schedule NR. See instructions on page 50. Include federal schedules.

Michigan residents cannot subtract salaries and wages or other compensation earned outside Michigan. However, they may be entitled to a tax credit for income tax imposed by government units outside Michigan (see page 9).

**Residents may subtract, to the extent included in AGI:**

- Net business income earned in other states, and
- Net rents and royalties from real property or tangible personal property located or used in another state.

Business income that is taxed by Michigan and another state must be apportioned, including interest, dividends and capital gains. You must include Form MI-1040H. Income reported on the MI-4797 and carried to the MI-1040D is business income, potentially subject to apportionment.

Capital gains from the sale of real property or tangible personal property located outside of Michigan must be adjusted on the MI-1040D.

If you have a federal excess business loss limitation, you must complete Form MI-461. Follow instructions provided on Form MI-461 to determine if any amount is to be included here.

**Line 14:** Compensation received for active duty in the U.S. Armed Forces included in AGI should be entered here and on Schedule W, Table 1. Enter only the taxable portion of Social Security and Military pay included on your U.S. Form 1040. Do not include total Social Security benefits or any Tier 1 and Tier 2 railroad retirement benefits.

**NOTE:** Compensation from the U.S. Public Health Service, contracted employee pay and civilian pay are not considered military pay.

**Line 15: Renaissance Zone deduction.** To be eligible you must meet all the following requirements:

- Be a permanent resident of a Renaissance Zone designated prior to January 1, 2012, for at least 183 consecutive days
- Be approved by your local assessor's office
- Not be delinquent for any State or local taxes abated by the Renaissance Zone Act
- File an MI-1040 each year
- Have gross income of \$1 million or less.

If you were a full-year resident of a Renaissance Zone, you may subtract all income earned or received. Unearned income, such as capital gains, may have to be prorated. If you lived in the Zone at least 183 consecutive days during 2018, subtract the portion of income earned while a resident of the Zone. If you are a part-year resident of a Zone, complete and include a Schedule NR with your MI-1040. (See "Note" on the bottom of the Schedule NR instructions, page 50.)

Certain Renaissance Zones began to phase out in 2007. The tax exemption is reduced in increments of 25 percent during the Zone's final three years of existence. If you are a resident of a Zone that is phasing out (check with your local unit of government), you must reduce your deduction as follows:

- 25 percent for the tax year that is two years before the final year of designation as a Renaissance Zone
- 50 percent for the tax year immediately preceding the final year of the designation as a Renaissance Zone
- 75 percent for the tax year that is the final year of the designation as a Renaissance Zone.

For additional information regarding qualifications for the Renaissance Zone deduction, contact your local assessor's office.

**Line 16:** Subtract Michigan state and city income tax refunds and homestead property tax credit refunds that were included in AGI.

**Note to farmers:** Subtract (to the extent included in AGI) the amount that your state or city income tax refund and homestead property tax credit exceeds the business portion of your homestead property tax credit.

**Line 17: Michigan Education Savings Program (MESP).** You may deduct, to the extent not deducted in calculating AGI, the total of all contributions less qualified withdrawals and rollovers (compute the contributions, withdrawals and rollovers separately for each account) made during 2018 by the taxpayer in the tax year to accounts established through the MESP (529 direct-sold program), including the MI 529 Advisor Plan (MAP). The deduction may not exceed \$5,000 for a single return or \$10,000 for a joint return per tax year. There are many 529 savings/investment programs nationwide, but Michigan only allows a tax deduction for contributions to the Michigan 529 programs: MESP, MAP and MET.

**Line 18: Michigan Education Trust (MET).** You may deduct the following:

- If you purchased a MET 529 prepaid tuition contract during 2018, you may deduct the total contract price (including the processing fee).
- If you made a charitable contribution to the MET Charitable Tuition Program during 2018, you may deduct the total contribution amount. You should have received a receipt from MET to confirm the amount. All charitable donations will go toward providing scholarships to former foster care students attending Michigan colleges.
- If you purchased a MET payroll deduction, monthly purchase or pay-as-you-go contract, you may deduct the amount paid on that contract during 2018 (not including fees for late payments or insufficient funds). You will receive an annual statement from MET specifying this amount.
- If you have terminated a MET contract, you may deduct the amount included in AGI as income to the purchaser.

**Line 19:** Subtract the gross income subject to Michigan severance tax from the Michigan production of oil and gas or extraction of nonferrous metallic minerals to the extent included in AGI. Add back the related expenses on line 6. Include copies of applicable federal schedules.

**Line 20: Tax Agreement Tribes:** A "Resident Tribal Member" (Member must be on the list submitted by their Tribe to the State of Michigan) of a federally recognized Indian tribe that has an active tax agreement with the State of Michigan may subtract certain income that is included in his or her AGI identified on line 10 of the MI-1040. Such exempt income may include income derived from wages, interest, and pension income. For a list of agreement tribes, go to [www.michigan.gov/taxes](http://www.michigan.gov/taxes) and select "Individual Income Tax." Under Special Filing Situations, select "Tax Information for Native Americans." A list of tribes' names will be available; click to access the tax agreement and proceed to Section IV. **Non-Tax Agreement Tribes:** If your tribe is not listed, your tribe does not have an active tax agreement with Michigan. Non-agreement members, see *Revenue Administrative Bulletin 1988-47* for guidelines in determining exempt income that may be subtracted on line 20.

**NOTE:** Michigan income earned while living outside of your Agreement Area (see your tribe's agreement for a description of your Agreement Area) or Indian Country (as defined under 18 U.S.C. 1151 for Non-Agreement Tribes) may not be subtracted from Michigan AGI.

**Line 21: Net Operating Loss (NOL).** You may only deduct the Michigan NOL. Your Michigan NOL carryforward must be reduced as required under IRC 172 if the adjustments are attributable to Michigan (see MI-1045 instructions). You must include Form MI-1045 and all required documentation for each loss year, including the U.S. Form *1040* and supporting federal schedules and statements.

**Line 22: Miscellaneous subtractions only include:**

- Any portion of a qualified withdrawal from an MESP account, including the MAP, or ABLE account to the extent included in federal AGI. **NOTE:** Any amounts not included in AGI or that are already deducted on the U.S. Form *1040* to arrive at AGI **do not** qualify for this subtraction.
- Benefits from a discriminatory self-insured medical expense reimbursement plan, to the extent these reimbursements are included in AGI.
- Losses from the disposal of property reported in the Michigan column of MI-1040D, line 13, or MI-4797, line 18b(2).
- Amount used to determine the credit for elderly or totally and permanently disabled from U.S. Form *1040 Schedule R*, line 19. Include a copy.
- Holocaust victim payments.

**You may not subtract:**

- Retirement and pension benefits on line 22. See Form 4884
- Itemized deductions from U.S. *Schedule A*
- Sick pay (except railroad sick pay included in AGI), disability benefits, and wage continuation benefits paid to you by your employer or by an insurance company under contract with your employer
- Unemployment benefits included in AGI, except railroad unemployment benefits
- Contributions to national or Michigan political parties or candidates
- Proceeds and prizes won in State of Michigan regulated bingo, raffle, or charity games
- Distributions from a deferred compensation plan received while a resident of Michigan
- Lottery winnings. (Exception: installment payments from prizes won on or before December 30, 1988, may be subtracted.) Include installment gross winnings as reported on your Form W-2G, box 1, and enter on your Schedule W, Table 1.
- Adjustments for bonus depreciation not included in AGI.

**Lines 23C and 23F: Benefits From Employment with a Governmental Agency Not Covered by the Federal Social Security Act (SSA).**

SSA exempt employment is not covered by the federal SSA, which means the worker did not pay Social Security taxes and is not eligible for Social Security benefits based on that employment. Almost all employment is covered by

the federal SSA. The most common instances of retirement and pension benefits from employment that is not covered by Social Security are police and firefighter retirees, some federal retirees covered under the Civil Service Retirement System and hired prior to 1984, and a small number of other state and local government retirees. Federal retirees hired since 1984 and those covered by the Federal Employees' Retirement System are covered under the SSA.

A recipient who qualifies under both of the following conditions is entitled to a greater retirement or pension deduction or Michigan Standard Deduction.

- Born between January 1, 1946 and January 1, 1957, or is born after December 31, 1952 and retired as of January 1, 2013 and
- Receives, or whose spouse receives, retirement or pension benefits from employment with a governmental agency that was not covered by the federal SSA.

Answer the questions below to determine if you should check boxes 23C and/or 23F.

**Line 24: Michigan Standard Deduction.** If the older of you or your spouse (if married filing jointly) was born during the period January 1, 1946 through January 1, 1952, and reached the age of 67 on or before December 31, 2018, you are eligible for a deduction against all income and will no longer deduct retirement and pension benefits. The deduction is \$20,000 for a return filed as single or married filing separately, or \$40,000 for a married filing jointly return. If you checked either box 23C or 23F your standard deduction is increased by \$15,000. If you checked both boxes 23C and 23F your standard deduction is increased by \$30,000.

The standard deduction is reduced by any amounts reported on line 11 and any military pay included on line 14.

In most cases, taxpayers who are eligible to complete line 24 should not complete lines 25 or 26. However, if a taxpayer is the unremarried surviving spouse of a decedent born prior to 1946 who also died after reaching age 65, check the box below line 26 to claim the Michigan standard deduction on line 24 and a deduction for investment income on line 26 (if applicable).

**Line 25:** Qualifying retirement and pension benefits included in your AGI may be subtracted from income. Retirement and pension benefits are taxed differently depending on the age of the recipient. See “Which Benefits are Taxable” below.

You must include Form 4884. If you were born during the period January 1, 1946 through January 1, 1952, see line 24.

**Line 26: Senior citizens** born prior to 1946 (or the unremarried surviving spouse of a decedent born prior to 1946 who also died after reaching age 65) may subtract interest, dividends, and capital gains included in AGI. This subtraction is limited to a maximum of \$11,495 on a single return or \$22,991 on a joint return. The maximum is reduced by any deduction for:

- Military (including Michigan National Guard) retirement benefits from line 11
- Railroad retirement benefits from line 11
- Public and private retirement and pension benefits from line 25
- Amount used for the federal credit for the elderly and totally and permanently disabled from line 22.

## General Information - Pension Schedule (Form 4884)

### What are Retirement and Pension Benefits

Under Michigan law, qualifying retirement and pension benefits include most payments that are reported on a 1099-R for federal tax purposes. This includes defined benefit pensions, IRA distributions, and most payments from defined contribution plans. Payments received before the recipient could retire under the provisions of the plan or benefits from 401(k), 457, or 403(b) plans attributable to employer contributions alone are not retirement and pension benefits under Michigan law, are taxable, and are subject to withholding.

**Qualifying benefits include distributions from the following sources:**

- Pension plans that define eligibility for retirement and set contribution and benefit amounts in advance
- Qualified retirement plans for the self-employed
- Retirement distributions from a 401(k) or 403(b) plan attributable to employer contributions or attributable to employee contributions that result in additional employer contributions (e.g., matching contributions)
- IRA distributions received after age 59½ or described by Section 72(t)(2)(A)(iv) of the IRC (series of equal periodic payments made for life)
- Benefits from any of the previous plans received due to a disability, or as a surviving spouse if the decedent qualified for the subtraction at the time of death and was born prior to January 1, 1953
- Benefits paid to a senior citizen (age 65 or older) from a retirement annuity policy that are paid for life (as opposed to a specified number of years)
- Foreign retirement and pension benefits that meet Michigan’s qualifications may also be eligible.

**Qualifying public benefits include distributions from the following sources:**

- The State of Michigan
- Michigan local governmental units (e.g., Michigan counties, cities, and school districts)
- Federal civil service.

Retirement and pension benefits that are transferred from one plan to another (rolled over) continue to be treated as if they remained in the original plan.

**For public and private retirement or pension benefits, you may not subtract (do not include on Form 4884):**

- Amounts received from a deferred compensation plan that lets the employee set the amount to be put aside and does not set retirement age or requirements for years of service. These plans include, but are not limited to, plans under Sections 401(k), 457, and 403(b) of the IRC
- Amounts received before the recipient could retire under the plan provisions, including amounts paid on separation, withdrawal, or discontinuance of the plan
- Amounts received as early retirement incentives, unless the incentives were paid from a pension trust.

### Which Benefits are Taxable

Retirement and pension benefits are taxed differently depending on the age of the recipient. Married couples filing a joint return should complete Form 4884 based on the year of birth of the older spouse. Military and Michigan National Guard pensions, railroad retirement benefits and Social Security benefits are exempt from tax and should be reported on the Schedule 1, line 11 or line 14.

## Who May Claim a Pension Subtraction

### Tier 1

• **Recipients born before 1946** may subtract all qualifying retirement and pension benefits received from federal or Michigan public sources, and may subtract qualifying private retirement and pension benefits up to \$51,570 if single or married filing separate, or \$103,140 if married filing a joint return. If your public retirement benefits are greater than the maximum amount you are not entitled to claim an additional subtraction for private pensions.

**NOTE:** In addition to the public retirement benefits listed above, the private pension limits are also reduced by the following from Schedule 1, line 11:

- Military retirement from the U.S. Armed Forces
- Retirement from the Michigan National Guard
- Railroad retirement.

### Tier 2

• **Recipients born during the period January 1, 1946 through January 1, 1952**, do not complete Form 4884. See Schedule 1, line 24.

• **Recipients born after January 1, 1952 through December 31, 1952** will be able to deduct up to \$20,000 in qualifying retirement and pension benefits if single or married filing separate, or up to \$40,000 if married filing a joint return. Generally, all retirement or pension benefits (public and private) are treated the same unless the recipient also has significant benefits from service in the U.S. Armed Forces or Michigan National Guard, or receives taxable railroad retirement benefits. Recipients who deduct military retirement benefits due to service in the U.S. Armed Forces or Michigan National Guard, or taxable railroad retirement benefits on Schedule 1, line 11 may have lower deduction limits if these deductions total more than \$31,570 on a single return or \$63,140 on a joint return. See the instructions for line 17 or 28 of Form 4884, whichever applies, for more information.

### Tier 3

• **Recipients born on or after January 1, 1953 but before January 2, 1957 who have reached age 62 and receive retirement benefits from employment exempt from Social Security** may deduct up to \$15,000 in qualifying

retirement and pension benefits. If both spouses on a joint return receive Social Security exempt retirement benefits, the maximum deduction increases to \$30,000. See Form 4884, line 29 instructions for more information.

- **Recipients born after 1952, received retirement benefits from SSA exempt employment, and were retired as of January 1, 2013** may deduct up to \$35,000 in qualifying retirement and pension benefits if single or married filing separately or \$55,000 if married filing a joint return. If both spouses on a joint return qualify, the maximum deduction increases to \$70,000.
- **All other recipients born after 1952**, all retirement and pension benefits are taxable and you are not entitled to a pension subtraction.

For help calculating the retirement and pension subtraction, see “Which Section of Form 4884 Should I Complete?” on page 17.

### Retirement Benefits from a Deceased Spouse

Calculate the amount of deductible retirement benefits received as a survivor of a deceased spouse based on the birth year of the deceased spouse and the filing status of the surviving spouse. If the filer is in Tier 2 and has reached the age of 67, the deceased spouse’s benefits cannot be claimed on Form 4884 and the taxpayer is eligible for the Standard Deduction. Retirement benefits received as a survivor generally have a distribution code of 4 on the federal Form 1099-R. The 1099-R reports retirement benefits to the Internal Revenue Service and it is sent by the pension administrator paying the benefits.

**Example 1:** A married filer who receives retirement benefits as the surviving spouse of a decedent born in 1942 (Tier 1) would be able to subtract all public retirement benefits received from the deceased spouse and private retirement benefits received up to \$103,140, reduced by any public benefits received from the deceased spouse.

Generally, any retirement benefits deducted as a survivor reduce the amount of other retirement benefits that may be deducted.

**Example 2:** A single filer who receives retirement benefits as the surviving spouse of a decedent born in 1952 (Tier 2) would be able to subtract up to \$20,000 in qualified retirement benefits received from the deceased spouse.

Filing Status	Birth Year	Retirement Benefits Tier	Retirement Benefits Deduction Limits
Single/Separate	Before 1946	Tier 1	All public plus private benefits up to \$51,570 combined
Single/Separate	**1946 through 1952	Tier 2	\$20,000
Single/Separate	After 1952	Tier 3	***No deduction
*Joint	Before 1946	Tier 1	All public plus private benefits up to \$103,140 combined
*Joint	**1946 through 1952	Tier 2	\$40,000
*Joint	After 1952	Tier 3	***No deduction

\* On a joint return, determine the eligibility for deducting retirement benefits using the age of the older spouse.

\*\* Taxpayers born during the period January 1, 1946 through January 1, 1952 should not deduct retirement benefits; you are eligible for the Michigan Standard Deduction. See Schedule 1, line 24 instructions.

\*\*\*Taxpayers in Tier 3 who receive pension benefits from employment with governmental agencies not covered by the Social Security Act may be eligible for a pension deduction. See instructions for Form 4884, line 28 and line 29.

**Example 3:** If the filer in Example 2 was born in 1952 (Tier 2), any retirement benefits received from the deceased spouse that are deductible will reduce the filer’s maximum deduction for retirement benefits of \$20,000.

**NOTE:** Filers born after 1952 (Tier 3) receiving survivor benefits from a deceased spouse born in Tier 1 complete Section B of Form 4884. Filers born after 1952 (Tier 3) receiving survivor benefits from a deceased spouse born in Tier 2 complete Section C of Form 4884.

## Line-by-Line Instructions for *Pension Schedule* (Form 4884)

Visit [www.michigan.gov/incometax](http://www.michigan.gov/incometax) for help calculating the retirement and pension subtraction.

Before completing Form 4884, refer to “Which Section of Form 4884 Should I Complete?”

**NOTE:** For purposes of this form, single limits apply to taxpayers who are married filing separately.

*Lines not listed are explained on the form.*

**Lines 1, 2, and 3:** Enter your name(s) and Social Security number(s). If you are married filing separate returns, enter both Social Security numbers, but do **not** enter your spouse’s name.

**Lines 4 and 5:** Enter your year(s) of birth. If you are married and filing separately, do not enter your spouse’s year of birth.

**Line 6:** Check the box if all three criteria are met:

- You and your spouse (if filing a joint return) were born after 1952.
- You or your spouse (if filing a joint return) were retired as of January 1, 2013.
- You or your spouse (if filing a joint return) received retirement benefits from SSA exempt employment.

**Line 7:** Enter deceased spouse’s name, Social Security number and year of birth. If you are filing your final joint tax return because your spouse died during the tax year, do not complete line 7 or check box 8B.

**NOTE:** When completing Form 4884, surviving spouse means the deceased spouse died prior to the current tax year (e.g., when filing a 2018 return the spouse died in 2007). Deceased spouse benefits do not include benefits from a spouse who died in 2018.

**Line 8:** If you have more than ten qualifying entries, continue those entries on the *2018 Michigan Pension Continuation Schedule* (Form 4973).

**Line 8B:** For each qualifying retirement and pension benefit attributable to a deceased spouse put an “X” in column 8B. See instructions for line 7 for more information on deceased spouse benefits.

**Line 8C:** If an individual has multiple retirement and pension benefits from the same Payer FEIN and distribution code, combine those amounts on the same line.

**Line 8D:** List the distribution code from box 7 of the federal Form 1099-R.

**Line 8F:** Include the taxable amount of retirement or pension reported in federal AGI. Use these amounts when completing the applicable section in Part 3. If you are a part-year resident only use the portion from the Michigan Schedule NR, line 10 column B.

### Which Section of Form 4884 Should I Complete?

Using the information from line 8, complete Section A, Section B, Section C or Section D. To determine which section of the form to complete, answer the following questions.

1. Were retirement or pension benefits received by a filer or spouse (if married filing jointly) born prior to January 1, 1953, or were surviving spouse benefits received for a deceased spouse who was born prior to January 1, 1953 and died prior to January 1, 2018?  
Yes: Continue to question 2.  
No: Continue to question 5.
2. Was the older of filer or spouse (if married filing jointly) born during the period January 1, 1946 through January 1, 1952?  
Yes: Do not file Form 4884. Use Schedule 1, line 24 (see instructions, page 15).  
No: Continue to question 3.
3. Was the older of filer or spouse (if married filing jointly) born prior to January 1, 1946?  
Yes: Complete Section A of Form 4884.  
No: Continue to question 4.
4. Is filer or spouse (if married filing jointly) receiving benefits from a deceased spouse who was born prior to January 1, 1946 and died prior to January 1, 2018?  
Yes: Complete Section B of Form 4884.  
No: Complete Section C of Form 4884.
5. Were benefits from SSA exempt employment received by a filer or spouse (if married filing jointly) who was born after 1952 and retired as of January 1, 2013?  
Yes: Complete Section C of Form 4884.  
No: Continue to question 6.
6. Were benefits from SSA exempt employment received by a filer or spouse (if married filing jointly) who has reached age 62?  
Yes: Complete Section D of Form 4884.  
No: You are not eligible for a retirement or pension benefits subtraction. Do not file Form 4884.

**Line 9:** If you or your spouse reported any retirement and pension benefits from service in the U.S. Armed Forces, the Michigan National Guard or any taxable railroad retirement benefits reported on Schedule 1, line 11, these amounts should be subtracted from the allowable private pension deduction limits. For purposes of this line, single limits apply to taxpayers who are married filing separately.

Amounts deducted on Schedule 1, line 11, are not deducted again on Form 4884, and are only used to reduce the allowable deduction for private retirement and pension benefits. For example, if a joint filer born in 1945 received \$30,000 in retirement benefits from service in the U.S. Armed Forces the allowable private deduction limit reported on line 9 would be  $\$103,140 - \$30,000 = \$73,140$ .

**Line 13:** If you checked either SSA Exempt box 23C or 23F from Schedule 1, your maximum is increased by \$15,000. If you checked both boxes 23C and 23F your maximum is increased by \$30,000.

**Line 16:** Carry this amount to Schedule 1, line 25. Do not complete Section B, Section C or Section D.

**Line 17:** If you or your spouse received and reported any retirement and pension benefits from service in the U.S. Armed Forces or Michigan National Guard, or any taxable railroad retirement benefits reported on Schedule 1, line 11, these amounts should be subtracted from the allowable private pension deduction limit here.

Amounts deducted on Schedule 1, line 11, are not deducted again on Form 4884 and are only used to reduce the allowable deduction for private retirement and pension benefits.

**Line 23:** Do not include benefits received from a deceased spouse (who died prior to 2018).

**Line 24:** If you checked either SSA Exempt box 23C or 23F from Schedule 1, your maximum is increased by \$15,000. If you checked both boxes 23C and 23F your maximum is increased by \$30,000.

**Line 27:** Carry this amount to Schedule 1, line 25. Do not complete Section A, Section C or Section D.

**Line 28:** Taxpayers born after January 1, 1952, that are receiving benefits from a deceased spouse who was born during the period January 1, 1946 through January 1, 1952 should use Section C to calculate the deduction for retirement and pension benefits.

If you checked either SSA Exempt box 23C or 23F from Schedule 1, your maximum is increased by \$15,000. If you checked both boxes 23C and 23F your maximum is increased by \$30,000.

Taxpayers born after 1952, that were retired as of January 1, 2013 and received retirement benefits from SSA exempt employment should use Section C to calculate the deduction for retirement and pension benefits. These taxpayers may deduct up to \$35,000 in qualifying retirement and pension benefits if single or married filing separately or \$55,000 if married filing a joint return. If both spouses on a joint return qualify, the maximum deduction increases to \$70,000.

If you deducted military retirement benefits, or taxable railroad retirement benefits on Schedule 1, line 11, your deduction for retirement or pension benefits received from a private source may be reduced.

If you have taxable railroad retirement benefits or qualifying retirement and pension benefits from service in the U.S. Armed Forces or Michigan National Guard, use Worksheet 2 to determine your allowable subtraction.

Carry this amount to Schedule 1, line 25. Do not complete Section A, Section B, or Section D.

**Line 29:** If you checked box 23C or 23F on Schedule 1 and the older of you or your spouse was born on or after January 1, 1953 but before January 2, 1957, enter all qualifying retirement and pension benefits you received, up to \$15,000. If you are receiving benefits as a surviving spouse, do not use your deceased spouse's year of birth. If 23C or 23F on Schedule 1 is checked, deduct all qualifying retirement and pension benefits up to \$15,000. If both boxes 23C and 23F on Schedule 1 were checked on a joint return, the maximum deduction is \$30,000.

## General Information - Homestead Property Tax Credit (MI-1040CR)

The request for your Social Security number is authorized under USC Section 42. Social Security numbers are used by Treasury to conduct matches against benefit income provided by the Social Security Administration and other sources to verify the accuracy of the home heating and property tax credit claims filed for mandatory federal reporting requirements and to deter fraudulent filings.

### Who May Claim a Property Tax Credit

You may claim a property tax credit if all of the following apply:

- You were a Michigan resident at least six months of 2018
- You own your Michigan homestead and property taxes were levied in 2018, or you paid rent under a rental contract.

You can have only one **homestead** at a time, and you must be the occupant as well as the owner or renter. Your homestead can be a rented apartment or a mobile home on a lot in a mobile home park. A vacation home or income property is **not** considered your homestead.

Your homestead is in your state of **domicile**. Domicile is the place where you have your permanent home. It is the place to which you plan to return whenever you go away. College students and others whose permanent homes are not in Michigan are **not** Michigan residents. Domicile continues until you establish a new permanent home.

Property tax credit claims may **not** be submitted on behalf of minor children. Filers claimed as a dependent on someone else's return see instructions for line 24 on page 31 to correctly report support received.

**You may not claim a property tax credit if your total household resources are over \$60,000.** In addition, you may not claim a property tax credit if your taxable value exceeds \$135,000 (excluding vacant farmland classified as agricultural). The computed credit is reduced by 10 percent for every \$1,000 (or part of \$1,000) that total household resources exceed \$51,000. If filing a part-year return, you must annualize total household resources to determine if the income limitation applies. See "Annualizing Total Household Resources" on page 28.

### Which Form to File

Most filers should use the MI-1040CR in this booklet. If you are blind and own your homestead, are in the active military, are an eligible veteran, or an eligible veteran's surviving spouse, complete forms MI-1040CR and MI-1040CR-2 (available on Treasury's Web site.) **Use the form that gives you a larger credit.**

If you are blind and rent your homestead, you cannot use the MI-1040CR-2. Claim your credit on the MI-1040CR and check box 5b if you are age 65 or younger. Check boxes 5a and 5b if you are blind and age 65 or older.

### When to File

If you are not required to file an MI-1040, you may file your credit claim as soon as you know your 2018 total household resources and property taxes levied in 2018. If you file a Michigan income tax return, your credit claim should be included with your MI-1040 return and filed by April 15, 2019 to be considered timely. To avoid penalty and interest, if you owe tax, postmark your return no later than April 15, 2019. The filing deadline to receive a 2018 property tax credit is April 15, 2023.

---

## Amending Your Credit Claim

---

File a new claim form and check the Amended Return box at the top of page 1 of the form. **If applicable, include a copy of your property tax statement(s) and/or lease agreement.** You must file within four years of the date set for filing your original income tax return.

---

## Delaying Payment of Your Property Taxes

---

Senior citizens, disabled people, veterans, surviving spouses of veterans, and farmers may be able to delay paying property taxes. Contact your local or county treasurer for more information.

---

## Total Household Resources

---

Total household resources are the total income (taxable and nontaxable) of both spouses or of a single person maintaining a household. They are AGI, excluding net business and farm losses, net rent and royalty losses, and any carryover of a net operating loss, plus all income exempt or excluded from AGI. **Total household resources include the following items not listed on the form:**

- Capital gains on the sale of your residence regardless if the gains are exempt from federal income tax
- Compensation for damages to character or for personal injury or sickness
- An inheritance (except an inheritance from your spouse)
- Proceeds of a life insurance policy paid on the death of the insured (except benefits from a policy on your spouse)
- Death benefits paid by or on behalf of an employer
- Minister's housing allowance
- Forgiveness of debt, even if excluded from AGI (e.g., mortgage foreclosure)
- Reimbursement from dependent care and/or medical care spending accounts
- Scholarships, stipends, grants, and payments, except government payments, made directly to third parties such as an educational institution or subsidized housing project.

### Total household resources do NOT include:

- Net operating loss deductions taken on your federal return
  - Payments received by participants in the foster grandparent or senior companion program
  - Energy assistance grants
  - Government payments made directly to a third party (e.g., payments to a doctor, GI Bill benefits and payments from a PELL grant).
- NOTE:** If payment is made from money withheld from your benefit, the payment is part of total household resources. (For example, the MDHHS may pay your rent directly to the landlord.)
- Money received from a government unit to repair or improve your homestead
  - Surplus food or food assistance program benefits
  - State and city income tax refunds and homestead property tax credits
  - Chore service payments (these payments are income to the provider of the service)
  - The first \$300 from gambling, bingo, lottery, awards, or prizes

- The first \$300 in gifts of cash or merchandise received, or expenses paid on your behalf (rent, taxes, utilities, food, medical care, etc.) by parents, relatives, or friends
- Amounts deducted from Social Security or Railroad Retirement benefits for Medicare premiums
- Life, health, and accident insurance premiums paid by your employer
- Loan proceeds
- Inheritance from a spouse
- Life insurance benefits from a spouse
- Payments from a long-term care policy made to a nursing home or other care facility
- Most payments from The Step Forward Michigan program.

Visit [www.michigan.gov/taxtotalhouseholdresources](http://www.michigan.gov/taxtotalhouseholdresources) for more information on total household resources.

---

## Special Provisions for Farmers

---

If you received a farmland preservation tax credit in 2018, you must include it in total household resources. You may subtract the business portion of your homestead property tax credit if you included it in taxable farm income.

---

## Property Taxes Eligible for Credit

---

Ad valorem property taxes that were levied on your homestead in 2018, including administrative collection fees up to 1 percent of the taxes, can be claimed no matter when you pay them. You may add to your 2018 taxes the amount of property taxes billed in 2018 from a corrected or supplemental tax bill. You must **deduct** from your 2018 property taxes any refund of property taxes received in 2018 that was a result of a corrected tax bill from a previous year.

### Do not include:

- Delinquent property taxes (e.g., 2017 property taxes paid in 2018)
- Penalty and interest on late payments of property tax
- Delinquent water or sewer bills
- Property taxes on cottages or second homes
- Association dues on your property
- Most special assessments for drains, sewers, and roads do not meet specific tests and may not be included. You may include special assessments only if they are levied using a uniform millage rate, are based on taxable value, and are either levied in the entire taxing jurisdiction or they are used to provide police, fire, or advanced life support services and are levied township-wide, except for all or a portion of a village.

**NOTE:** School operating taxes are generally only levied on the non-homestead portion of the property and may not be included in taxes levied when computing the property tax credit on any portion of the home not used as your homestead.

**Home used for business.** If you use part of your home for business, you may claim the property taxes on the living area of your homestead, but **not** the property taxes on the portion used for business. Include a copy of U.S. Form 8829 with your Michigan return.

**Owner-occupied duplexes.** When both units are equal, you are limited to 50 percent of the tax on both units, after subtracting the school operating taxes from the total taxes billed.

**Owner-occupied income property.** Apartment building and duplex owners who live in one of the units or single family homeowners who rent a room(s) to a tenant(s) must complete two calculations to figure the tax they can claim and base their credit on the **lower** amount. First, subtract 23 percent of the rent collected from the tax claimed for credit. Second, reduce the tax claimed for credit by the amount of tax claimed as rental expense on your U.S. Form 1040, *Schedule 1*. Include a copy of the U.S. *Schedule E* with your Michigan return.

**Example:** Your home has an upstairs apartment that is rented to a tenant for \$395 per month. Total property taxes on your home are \$2,150. Of this amount, \$858 is claimed as rental expense. The calculations are as follows:

**Step 1:**

$\$395 \times 12 = \$4,740$  annual rent

$\$4,740 \times 0.23 = \$1,090$  taxes attributable to the apartment

$\$2,150$  total taxes -  $\$1,090 = \$1,060$  taxes attributable to owner's homestead

**Step 2:**

$\$2,150$  total taxes -  $\$858$  taxes claimed as a business deduction =  $\$1,292$  taxes attributable to homestead

**Step 3:**

The owner's taxes that can be claimed for credit are \$1,060, the smaller of the two computations.

**Farmers.** Include farmland taxes in your property tax credit claim if any of the following conditions apply:

- If your gross receipts from farming are greater than your total household resources, you may claim all of your taxes on unoccupied farmland classified as agricultural. Do **not** include taxes on farmland that is not adjacent or contiguous to your home and that you rent or lease to another person.
- If gross receipts from farming are less than your total household resources and you have lived in your home **more** than ten years, you may claim the taxes on your home and the farmland adjacent and contiguous to your home.
- If gross receipts from farming are less than your total household resources and you have lived in your home **less** than ten years, you may claim the taxes on your home and five acres of farmland adjacent and contiguous to your home.

You may not claim rent paid for vacant farmland when computing your property tax credit claim. Farmland owned by a Limited Liability Company (LLC) may not be claimed for a homestead property tax credit by one of the individual members.

Include any farmland preservation tax credit in your total household resources. Enter the amount of credit you received in 2018 on line 20 or include it in net farm income on line 16.

Homestead property tax credits are not included in total household resources. If you included this amount in your taxable farm income, subtract it from total household resources.

---

## Rent Eligible for Credit

---

You must be under a lease or rental contract to claim rent for credit. In most cases, 23 percent of rent paid is considered property tax that can be claimed for credit. The following are exceptions:

- If you rent or lease housing subject to a **service charge or fees paid** instead of property taxes, you may claim a credit based upon 10 percent of the gross rent you paid. Enter this amount on line 55 and 10 percent of rent paid on line 56, and follow instructions.
- If your housing is **exempt** from property tax and no service fee is paid, you are not eligible for a credit. **This includes university- or college-owned housing.**
- If **your housing costs are subsidized**, base your claim on the amount you pay. Do not include the federal subsidy amount.
- If you are a **mobile home park resident**, claim the \$3 per month specific tax on line 10, and the balance of rent paid on line 11.
- If you are a **cooperative housing corporation resident member**, claim your share of the property taxes on the building. If you live in a cooperative where residents pay rent on the land under the building, you may also claim 23 percent of that land rent. **NOTE:** Do **not** take 23 percent of your total monthly payment.
- If you are a resident of a **special housing facility** (not noted above), base your claim on rent only. **Do not** include other services. If you pay rent with other services and you are unable to determine the portion that constitutes rent only, you may determine your portion of the property taxes that can be claimed for credit based on square footage, or, divide the taxes by the number of residents for whom the home is licensed to care. This information may be obtained from your housing facility. Visit [www.michigan.gov/iit](http://www.michigan.gov/iit) for more information about claimants living in special housing facilities.

**Example:** You pay \$750 per month for room and board. You occupy 600 square feet of a 62,000 square foot apartment building. The landlord pays \$54,000 in taxes per year.

**Step 1:**  $600/62,000 = 0.0097$

**Step 2:**  $\$54,000 \times 0.0097 = \$524$  taxes you can claim for credit

**Home used for business.** If you use part of your apartment or rented home for business, you may claim the rent on the living area of your homestead, but not the rent on the portion used for business.

---

## If You Moved in 2018

---

**Residents** who temporarily lived outside Michigan may qualify for a credit if Michigan remained their state of domicile. Personal belongings and furnishings must have remained in the Michigan homestead **and** the homestead must **not** have been rented or sublet during the temporary absence. (See the definitions of resident on page 6 and domicile on page 25.)

**If you bought or sold your home or moved during 2018**, you must prorate your taxes. Complete MI-1040CR, Part 3, to determine the taxes that can be claimed for

credit. Use only the taxes levied in 2018 on each Michigan homestead, then prorate taxes based on days of occupancy. Do **not** include taxes on out-of-state property. Do not include property taxes for property with a taxable value greater than \$135,000. Excluded from this restriction is unoccupied farmland classified as agricultural by your assessor.

---

### **Part-Year Residents**

If you lived in Michigan at least six months during the year, you may be entitled to a partial credit. If you are a part-year resident, you must include all income received as a Michigan resident in total household resources (line 33). Complete MI-1040CR, Part 3, to determine the taxes eligible to be claimed for credit on your Michigan homestead.

---

### **Deceased Claimant's Credit**

The estate of a taxpayer who died in 2018 (or 2019 before filing a claim) may be entitled to a credit for 2018. The surviving spouse, other authorized claimant, or personal representative can claim this credit. Use the decedent's Social Security number and the personal representative's address. If the taxpayer died after December 31, 2017, enter the date of death in the "Deceased Taxpayer" box on page 3.

The **surviving spouse** is considered married for the year in which the deceased spouse died and may file a joint credit for that year. Enter both names and Social Security numbers on the form, and write "DECD" after the decedent's name. Sign the return and write "filing as surviving spouse" in the deceased's signature line. Enter the date of death in the "Deceased Taxpayer" box on the bottom of page 3. Include the decedent's income in total household resources.

If filing as a **personal representative or claimant** for the refund of a **single** deceased taxpayer, you **must include a U.S. Form 1310 or Michigan Claim for Refund Due a Deceased Taxpayer (MI-1310)**. Enter the decedent's name in the Filer's Name line and the representative's or claimant's name, title and address in the Home Address line. See the "Deceased Taxpayer Chart of Examples" on page 7. A **claimant** must prorate to the date of death as noted in the following paragraph.

The **personal representative or claimant** claiming a credit for a single deceased person or on a jointly filed credit if both filers became deceased during the 2018 tax year, must prorate taxes to the date of death. Complete lines 47 through 51 to prorate the property taxes. Annualize total household resources (see instructions below). Include a copy of the tax bills or lease agreements. If filing as a **personal representative or claimant** of deceased taxpayers for a **jointly** filed return, you **must include a U.S. Form 1310 or Michigan Claim for Refund Due a Deceased Taxpayer (MI-1310)**. Enter the names of the deceased persons in the Filer's and Spouse's Name lines and the representative's or claimant's name, title, and address in the Home Address line. See "Deceased Taxpayer Chart of Examples" on page 7.

---

### **Annualizing Total Household Resources**

If you are filing a part-year credit (for a deceased taxpayer or a part-year resident), you must annualize the total household resources to determine if the credit reduction applies. (Exception: the surviving spouse filing a joint claim does not have to annualize the deceased spouse's income.)

- If you have checked a box on line 5 and your annualized total household resources are less than \$6,000 use your annualized total household resources to determine your percentage of taxes not refundable from MI-1040CR Table 2 on page 32.
- A senior, age 65 or older, filing a part-year credit must calculate annualized total household resources before using MI-1040CR Table A on page 32.
- If the annualized income is more than \$51,000 for any claimant, use annualized total household resources to determine the percentage allowable in MI-1040CR Table B on page 32.

**To annualize total household resources (project what it would have been for a full year):**

**Step 1:** Divide 365 by the number of days the taxpayer was a Michigan resident in 2018.

**Step 2:** Multiply the answer from step 1 by the taxpayer's total household resources (MI-1040CR, line 33). The result is the annualized total household resources.

---

### **Married During 2018**

If you married during 2018, combine each spouse's share of taxes or rent for the period of time you or your spouse lived in separate homesteads prior to getting married. Then add this to the prorated taxes or rent for your marital home after your marriage. You are only allowed to claim rent and taxes on homesteads located in Michigan.

---

### **Filing a Joint Return and Maintaining Separate Homesteads**

Your claim must be based on the tax or rent for 12 months on only one home. The total household resources must be the combined income of both you and your spouse for the entire year.

---

### **Married Filing Separately and Divorced or Separated Claimants Schedule (Form 5049)**

This form can be found at [www.michigan.gov/taxes](http://www.michigan.gov/taxes). Submit Form 5049 with Form MI-1040CR, MI-1040CR-2 or MI-1040CR-7 if any of the following situations apply to you:

- You filed as married filing separately, and you and your spouse maintained separate homesteads all year. Complete only Part 3 of Form 5049.
- You filed as married filing separately, and you shared a homestead with your spouse all year.
- You filed as married filing separately, and you and your spouse maintained separate homesteads at the end of the year.

---

### **Filing Separate State Returns and Maintaining Separate Homesteads**

Spouses who file separate Michigan income tax returns and did not share a household during the tax year may each claim a credit. Each credit is based on the individual taxes or rent and individual total household resources for each person. This only applies to homes located in Michigan. They each must complete Form 5049 and provide an explanation in Part 3.

---

## Married Filing Separately and Shared a Homestead

---

Spouses who file separate Michigan income tax returns but shared a homestead for the entire year are entitled to one property tax credit. The credit claim must be based on the total household resources of both spouses during the time the homestead was shared. A spouse claiming the credit must complete Form 5049 and include the total household resources for both spouses. A spouse filing the credit should also include the other spouse's income on the Other Nontaxable Income line of the Homestead Property Tax Credit Claim. You and your spouse may choose how you want to divide the credit. If each spouse claims a portion of the credit, include a copy of the claim showing each spouse's share of the credit with each income tax return. Enter only your portion of the credit on your MI-1040CR, line 44.

---

### Separated or Divorced in 2018

---

Figure your credit based on the taxes you paid together before your separation plus the taxes you paid individually after your separation. Complete and include Form 5049 and include a schedule showing your computation. For more information or to help you calculate a prorated share of taxes, see *Michigan Homestead Property Tax Credits for Separated or Divorced Taxpayers* (Form 2105).

**Example:** Karl and Cathy separated on October 2, 2018. The annual taxes on the home they owned were \$1,860. Cathy continued to live in the home and Karl moved to an apartment on October 2 and paid \$350 per month rent for the rest of the year. Cathy earned \$20,000 and Karl earned \$25,000. They lived together for 274 days.

**Step 1:** Calculate the prorated total household resources for each spouse for the 274 days they lived together. Divide each spouse's total household resources by 365 days, then multiply that figure by 274.

Cathy  $(\$20,000/365) \times 274 = \$15,014$

Karl  $(\$25,000/365) \times 274 = \$18,767$

Cathy and Karl must each complete Form 5049 and list income earned during the period they lived together.

**Step 2:** Add both prorated total household resources together to determine the total for the time they lived together.

$$\$15,014 + \$18,767 = \$33,781$$

**Step 3:** Divide each individual's prorated share of total household resources by the total from Step 2 to determine the percentage attributable to each.

Cathy  $\$15,014/\$33,781 = 44\%$

Karl  $\$18,767/\$33,781 = 56\%$

**Step 4:** Calculate the prorated taxes eligible for credit for the time they lived together. Divide the \$1,860 by 365 days, then multiply by 274 days.

$$(\$1,860/365) \times 274 = \$1,396$$

**Step 5:** Calculate each individual's share of the prorated taxes. Multiply the \$1,396 by the percentages determined in Step 3.

$$\text{Cathy } \$1,396 \times 44\% = \$614$$

$$\text{Karl } \$1,396 \times 56\% = \$782$$

Enter these amounts on MI-1040CR, line 50, column B.

Cathy uses lines 47 through 50, column A, to compute her share of taxes for the remaining 91 days.

Karl uses lines 52 and 53 to compute his share of rent. Each completes the remaining lines of MI-1040CR according to the form instructions.

## Residents of Adult Care Homes Including Assisted Living Facilities

---

If you are a resident of a nursing home, adult foster care home, or home for the aged; including assisted living facilities, that facility is considered your homestead. If the facility provides an itemized statement that separates rent from other services, base your credit on rent. If the facility does not provide an itemized statement and pays local property taxes (many do not), you may claim your portion of those taxes for credit. Ask the facility manager for your share of the taxes. If you wish to determine your share of the taxes yourself:

- For a licensed facility, divide the amount of property taxes levied in 2018 by the number of residents for which the facility is licensed.
- For an unlicensed facility, divide the square footage the claimant occupies by the square footage of the facility and multiply the result by the total property taxes levied on the facility.

If both you and your spouse live in the facility, add your shares together. If you lived in the facility only part of the year, multiply this amount by the portion of the year you lived at the facility.

**Exception:** Credit is not allowed if your care facility charges are paid directly to the facility by a government agency.

If you maintain a homestead and your spouse lives in an adult care home, you may file a joint credit claim. Compute your claim using the tax on your homestead and your spouse's rent or share of the facility's property tax.

If you are single and maintain a homestead (that is **not** rented) while living in an adult care home, you may claim either your homestead or your share of the facility's property tax, but **not** both. Use the one that gives you the larger credit.

---

## Single Adults Sharing a Home

---

When two or more single adults share a home, each may file a credit claim if each has contracted to pay rent or owns a share of the home. Each adult should file an individual claim based on his or her total household resources and prorated share of taxes or rent paid. Additional information can be found on Treasury's Web site.

## Line-by-Line Instructions for *Homestead Property Tax Credit (MI-1040CR)*

*Lines not listed are explained on the form.*

**Amended Return box:** If amending your 2018 credit, check the box at the top of the form. See pages 7 and 26.

**Lines 1, 2, and 3:** Enter your name(s), address, and full nine-digit Social Security number(s). If you are married filing separately, enter both Social Security numbers, but do **not** enter your spouse's name.

**Line 5:** Check the box that applies to you or your spouse as of December 31, 2018, if any. If both boxes 5a and 5b apply, check both.

**Line 5a: Age 65 or older.** This includes the unremarried surviving spouse of a person who was 65 or older at the time of death. You are considered 65 the day before your 65th birthday.

**Line 5b: Deaf, blind, hemiplegic, paraplegic, quadriplegic, or totally and permanently disabled.**

- Deaf means the primary way you receive messages is through a sense other than hearing (e.g., lip reading or sign language)
- Blind means your better eye permanently has 20/200 vision or less with corrective lenses, or your peripheral field of vision is 20 degrees or less.
- Totally and permanently disabled means disabled as defined under Social Security Guidelines 42 USC 416. **If you are age 66 or older, you may not file a claim as totally and permanently disabled.**

**Line 6: Filing Status.** Check the box to identify your filing status. All couples who are married under the laws of the State of Michigan, or under the laws of another state, and are treated as married for federal tax purposes must claim either married filing jointly or married filing separately status on the property tax credit. If you file a joint federal return, you must file a joint property tax credit. If you filed married filing separately, you must include the total household resources of both spouses unless you maintained separate homesteads. If you filed your federal return as head of household or qualifying widow(er), file your property tax credit as single.

**Line 7: Residency.** Check the box that describes your Michigan residency for 2018. If you and your spouse had a different residency status during the year, check a box for each of you. If you checked box c, enter the dates of Michigan residency in 2018.

### **Property Tax**

**Line 8: Homestead Status.** Check this box if the taxable value of your homestead includes unoccupied farmland classified as agricultural by your assessor.

**Line 9: If the taxable value of your homestead is greater than \$135,000, STOP; you are not eligible for the homestead property tax credit.** If your taxable value is less than \$135,000, enter the 2018 taxable value from your 2018 property tax statement or assessment notice. If you do not know your taxable value, contact your local assessor. Farmers should include the taxable value of all land that qualifies for this credit (see instructions for farmers on page 26). **Farmers should note that the \$135,000 limit on taxable value does not apply to the taxable value of their homestead attributable to unoccupied farmland classified as agricultural.**

**Line 10:** Read "Property Taxes Eligible for Credit" on page 26 before you complete this line.

**Line 11:** Read "Rent Eligible for Credit" on page 27 before you complete this line.

### **Total Household Resources**

Include all taxable and nontaxable income you and your spouse received in 2018. If your family lived in Michigan and one spouse earned wages outside Michigan, include the income earned both in and out-of-state in your total household resources. (See "Total Household Resources," page 26.)

**Line 14:** Enter all compensation received as an employee. Include strike pay, supplemental unemployment benefits (SUB pay), sick pay, or long-term disability benefits, including income protection insurance, and any other amounts reported to you on Form W-2.

**Line 15:** Do not include business dividend and interest income reported as a distributive share on Form *Schedule K-1*. See line 16 instructions.

**Line 16:** Enter amounts to the extent included in AGI from:

- U.S. *Schedule C* (Profit or Loss from Business).

- Part II (Income or Loss from Partnerships and S Corporations) and Part III (Income or Loss from Estates and Trusts) of the U.S. *Schedule E*.
- U.S. *Schedule F* (Profit or Loss from Farming).
- Include income items reported as a distributive share.

**If the total is negative enter "0." Include amounts from sources outside Michigan. Include the above federal schedules with your claim.**

- Part V (Net farm rental income or (loss) from Form 4835) of the U.S. *Schedule E*.

**If the total is negative enter "0." Include amounts from sources outside Michigan. Include the above federal schedules with your claim.**

**Line 18:** Enter all annuity, retirement, pension and individual retirement account (IRA) benefits. This should be the taxable amount shown on your U.S. Form 1099-R. If no taxable amount is shown on your U.S. Form 1099-R, use the amount required to be included in AGI. Enter "0" if all of your distribution is from your contributions made with income previously included in AGI. Include reimbursement payments such as an increase in a pension to pay for Medicare charges. Also include the total amount of any lump sum distribution including amounts reported on your U.S. Form 4972. Do **not** include recoveries of after-tax contributions or amounts rolled over into another plan (amounts rolled over into a Roth IRA must be included to the extent included in AGI).

Include gains realized on the sale of your residence whether or not these gains are exempt from federal income tax.

**Line 20:** Enter alimony received and other taxable income. Describe other taxable income. Include death benefits and **amounts received for minor children or other dependent adults** who live with you. Report the amount actually received for the year. Medicare premiums reported on your Social Security or Railroad Retirement statement should be deducted.

**Line 22:** Enter child support and all payments received as a foster parent. **NOTE:** If you received a *2018 Custodial Party End of Year Statement* (FEN-851) showing child support payments paid to the Friend of the Court, enter the child support portion here and include a copy of the statement. See line 27 instructions.

**Line 23:** Enter all unemployment compensation received during 2018.

**Line 24:** Enter the value over \$300 in gifts of cash or merchandise received, or expenses paid on your behalf (rent, taxes, utilities, food, medical care, etc.) by parents, relatives, or friends. This includes the amount of financial support you received if you are claimed as a dependent on someone else's return. Do not include government payments made directly to third parties such as an educational institution or subsidized housing project.

**Line 25:** Enter other nontaxable income. This includes:

- Nongovernmental scholarship, stipend or grant payments paid directly to an educational institution
- Compensation for damages to character or for personal injury or sickness
- An inheritance (except an inheritance from your spouse)
- Proceeds of a life insurance policy paid on the death of the insured (except benefits from a policy on your spouse)
- Death benefits paid by or on behalf of an employer
- Minister's housing allowance
- Forgiveness of debt to the extent not included in federal AGI (e.g., mortgage foreclosure)
- Reimbursement from dependent care and/or medical care spending accounts
- If you are married filing separately, include your spouse's income unless you maintained separate homesteads during the year. Complete and include Form 5049.

**Line 26:** Enter workers' compensation, service-connected disability compensation and pension benefits from the Veterans Administration. Veterans receiving retirement benefits should enter the benefits on line 18.

**Line 27:** Enter the total payments made to your household by MDHHS and all other public assistance payments such as state adoption subsidies. Your *2018 Client Annual Statement* (DHS-1241) mailed by MDHHS in January 2019 will show your total MDHHS payments. Your statement(s) may include the following: Family Independence Program (FIP) assistance, State Disability Assistance (SDA), Refugee Assistance, Repatriate Assistance, and vendor payments for shelter, heat, and utilities.

**NOTE:** If you received a 2018 FEN-851 (include a copy), subtract the amount of child support payments entered on line 22 from the total MDHHS payments and enter the difference here.

**Line 30:** Enter total adjustments from your U.S. Form *1040, Schedule 1*. Describe adjustments to income. These adjustments reduce total household resources and include some of the following:

- Payments to IRAs, SEP, SIMPLE, or qualified plans
- Student loan interest deduction
- Moving expenses incurred by members of the Armed Forces on active duty and, due to a military order, move **into or within** Michigan because of a permanent change in station. Moving expenses when moving **out** of Michigan cannot be included in "Other Adjustments" to reduce total household resources
- Deduction for self-employment tax
- Self-employed health insurance deduction
- Penalty on early withdrawal of savings
- Alimony paid
- Jury duty pay you gave to your employer
- Archer Medical Savings Account (MSA) deduction
- Health Savings Account (HSA) deduction
- Any other adjustments to gross income included on your 2018 U.S. Form *1040, Schedule 1*.

**Line 31:** Enter health insurance premiums, Health Maintenance Organization (HMO) premiums, or other insurance premiums you paid for yourself and your family. Include the following premiums:

- Medical insurance
- Dental insurance
- Vision insurance
- Prescription drug plan
- Automobile insurance (medical care portion only).

Do **not** include any insurance premiums deducted on lines 21 or 30, amounts paid for income protection insurance (long-term disability), long-term care insurance, or amounts paid by an employer with pre-tax payroll contributions.

You must reduce an insurance premium by the federal premium tax credit received under the Patient Protection and Affordable Care Act. Use the 2018 U.S. Premium Tax Credit Form *8962* to calculate the net insurance premium. The annual total insurance premium (line 11A of U.S. Form *8962* or the sum of lines 12A through 23A of U.S. Form *8962*) less the total premium tax credit (line 24 of U.S. Form *8962*) may be claimed.

**Property Tax Credit**

**Line 34:** Multiply line 33 by 3.2 percent (0.032) or the percentage from MI-1040CR Table 2. **This is the amount that will not be refunded.** The personal representative claiming a credit for a deceased taxpayer with total household resources of \$6,000 or less must annualize the decedent's income and use the annualized figure to determine the nonrefundable percentage from Table 2. Then use the **actual** total household resources to compute the credit. See "Annualizing Total Household Resources" on page 28.

**PART 4: Renters**

---

See “Rent Eligible for Credit” on page 27.

**Line 52:** If you rented a Michigan homestead subject to local property taxes, enter the street number and name, city, landlord’s name and address, number of months rented, rent paid per month, and total rent paid. Do this for each Michigan homestead rented during 2018 and for each time rental amounts changed. If you need more space, include an additional sheet. Do **not** include more than 12 months’ rent. If you married during 2018, see page 28. Do **not** include amounts paid directly to the landowner on your behalf by a government agency, unless payment is made with money withheld from your benefit. If you pay lot rent on your mobile home, subtract the \$3 per month property tax from the monthly rent amount. Claim the remaining balance of rent on lines 52, 53 and on line 11. If you lived in a special housing facility (other than cooperative housing) and received an itemized statement from your landlord that separates rent from other services (such as food), report rent on this line.

---

**PART 5: Alternate Housing Facilities**

---

If you are completing lines 54 through 57, you must also complete line 58.

**Line 54:** If your housing costs are subsidized, check box 54a and enter the total amount of rent **you** paid on line 55 and on line 11. Do not include amounts paid on your behalf by a government agency. Complete lines 12 through 44 to calculate your credit.

**Line 57:** If you lived in one of the special housing facilities identified and rent is not itemized, check the appropriate box and calculate your prorated share of property taxes. If you lived in a special housing facility (other than cooperative housing) and received an itemized statement from your landlord that separates rent from other services, **do not** complete line 57 since rent is reported on line 52. See “Rent Eligible for Credit” and “Residents of Adult Care Homes including Assisted Living Facilities” on pages 27 and 29, respectively.

## Instructions for Schedule W Withholding Tax Schedule

Schedule W is designed to report State of Michigan income tax withholding. Schedule W enables us to process your individual income tax return more efficiently.

Include the completed Schedule W with your return. An attachment number is listed in the upper right corner to help you assemble your forms in the correct order behind your *Individual Income Tax Return* (MI-1040).

**If a Schedule W is not included when required, the processing of your return will be delayed. Do not submit W-2 and/or 1099 forms with your return.**

If you are filing an amended return because you received a corrected W-2 you must complete a Schedule W. Keep copies of your W-2s with your tax records for six years and have them available if requested by the Department of Treasury.

**Michigan Residents.** If you paid income tax to a governmental unit outside of Michigan, see instructions for MI-1040, line 18.

---

## Instructions for Schedule NR, *Nonresident and Part-Year Resident Schedule*

Part-year and nonresidents must pay income tax to Michigan on all income earned in Michigan or attributable to Michigan. List each type of income on Schedule NR and determine how much is attributable to Michigan. Each line in column A should equal the amount reported on your federal return to the extent included in adjusted gross income (AGI). Enter income attributable to Michigan in column B and the rest in column C. The column C total on line 14 is the amount you may subtract from AGI.

The following definitions may help you determine Michigan income (column B): (1) **Allocate**: To assign or distribute to one state. (2) **Apportion**: To divide or share between two or more states. (3) **Attribute**: To assign income by use of allocation and/or apportionment.

### Income Allocation

**Line 5:** Wages, salaries, tips, etc.

**Example:** You reported \$50,000 in wages on your U.S. Form 1040. Of this, \$30,000 was earned in Michigan. Enter \$50,000 in column A, \$30,000 in column B, and \$20,000 in column C.

- **Column B:** Part-year residents enter salaries and wages received for the period you were a Michigan resident plus any wages earned in Michigan after your residency changed. Nonresidents enter salaries and wages earned in Michigan. Non-qualified stock options earned in Michigan are allocated to Michigan.
- **Column C:** Residents of reciprocal states enter all wages earned in Michigan plus wages earned in another state. See "Reciprocal States" in instructions.

**Line 6:** Nonbusiness interest and dividend income is attributable to the state of residence when received.

- **Column B:** Enter the total interest and dividend income you received while a Michigan resident.

**Line 7:** Enter income from U.S. *Schedules C* and *F*. Allocate business or farm income, including interest and dividends, to the state where the business operates no matter where it is registered. If the business activity is in Michigan and in another state, use a *Schedule of Apportionment* (Form MI-1040H) to apportion this income. If you have income from more than one business, the income from each must be allocated and apportioned separately. Do this on a separate schedule, then enter the totals in columns B and C. Include all schedules with your return and identify the state where the business or farm is located.

- **Column B:** Enter the business or farm income earned in Michigan.

**Line 8:** If you are allocating your income, complete an *Adjustments of Capital Gains and Losses* (Form MI-1040D) and/or *Adjustments of Gains and Losses From Sales of Business Property* (Form MI-4797) to allocate gains/losses. Enter in column B the amount allocated to Michigan from MI-1040D, column G, line 12 (gains), or line 13 (losses). MI-4797 filers, include in column B the amount allocated to Michigan from column E, line 18b(2). If you are not allocating your income, enter in column 8A and 8B the gains/losses from the U.S. *Schedule D* or U.S. Form 4797.

**Line 9:** Enter income from U.S. *Schedule E*. Allocate to Michigan net rents and royalties from real and tangible personal property located in Michigan. Allocate income or loss to the state where the business, estate, or trust operates, no matter where it is registered. If the business activity is in Michigan and in another state, use Form MI-1040H to apportion this income. Describe the business or property that is the source of the U.S. *Schedule E* income or loss and list the state where the income originates.

- **Column B:** Enter the share of U.S. *Schedule E* income attributable to Michigan.

**Line 10:** Pensions, annuities, IRA distributions, Social Security benefits, and income reported on Form 1099-R (e.g., deferred compensation) are allocated to the state where you were a resident when you received it.

- **Column B:** Enter pensions, annuities, and IRA distributions received as a Michigan resident here and on Form 4884. See Form 4884 and instructions.

**Line 11:** Enter other income subject to federal income tax, such as alimony, prizes, unemployment, state and local tax refunds, gambling winnings, or jury duty fees and identify the source. Except as noted below, this income is allocated to the state where you lived when you received it.

- **Column B:** Enter "other income" received while a Michigan resident. **Nonresidents must include Michigan lottery winnings won after December 31, 1996, and winnings won from casinos or licensed horse tracks located in Michigan.**
- **Column C:** Allocate a federal net operating loss (NOL) deduction entirely to Column C. If a Michigan NOL deduction is allowed, it will be taken on Schedule 1, line 21.

**Line 13:** Enter your total adjustments to income from U.S. Form 1040 or 1040A. Allocate or apportion these items in the following ways:

- Contributions to IRAs, SEP, SIMPLE, and qualified plans are apportioned by the ratio of Michigan wages or self-employment income to total wages or self-employment income.
- The deduction for self-employment tax is apportioned by the ratio of self-employment earned in Michigan to total self-employment income.
- The deduction for self-employed health insurance and penalty for early withdrawal are allocated to the state where you lived when it was paid.
- Bonus depreciation is allocated or apportioned in the same manner as the income or loss of the related business activity.

Describe these adjustments on the line given or include a detailed schedule.

- **Column B:** Enter the amount of these adjustments allocated or apportioned to Michigan.

**Line 14:** Subtract line 13 from line 12 and enter totals in each column. The amount in column A should equal MI-1040, line 10. If the column C total is more than zero, enter it on Schedule 1, line 13. If the column C total is less than zero, enter it as a positive amount on Schedule 1 line 4. Out-of-state losses cannot reduce Michigan taxable income.

### Exemption Allowance

Use lines 15 through 19 to figure the prorated amount allowed for personal and dependent exemptions. **NOTE:** If one spouse was a full-year Michigan resident and the other a part-year or nonresident, and you are filing a joint return, complete Worksheet 5. Do not complete lines 15 through 18.

## EXPLANATION OF CHANGES

8. Use the space provided below to explain all reasons for amending your Michigan return. Identify the line(s) from the MI-1040 and/or supporting forms that have changed. **Include all** applicable schedules and supporting documentation to submit a complete filing. **If a complete explanation and the necessary documentation is not provided, the processing of your return may be delayed or your return may be denied.**

# Instructions for Schedule AMD, Amended Return Explanation of Changes

---

## General Instructions

---

Use this form to explain changes made to your individual income tax returns, credit claims and schedules for tax years 2017 and after. **If you are amending for tax year 2016 or prior, you must use Michigan Amended Income Tax Return (MI-1040X-12).** Visit [www.michigan.gov/taxes](http://www.michigan.gov/taxes) to locate tax forms.

### When to File an Amended Return:

File an amended return only after your original return or claim has been filed and completed processing. If you are claiming a refund on your amended return, you must file it within four years of the due date of your original return. For example, if you wish to amend a 2018 return, the amended return must be postmarked by April 15, 2023.

---

## Supporting Documentation

---

To avoid processing delays, if the change to your income tax return is due to a change on your Michigan or federal schedules, include a copy of the corrected schedule(s) with your amended return. Include all applicable supporting documentation to substantiate the change. This may reduce the need for Treasury to contact you for additional information. Applicable supporting forms, schedules and documentation of the change(s) include, but are not limited to:

- Forms or documentation corresponding to the box(es) checked on page 1 of Schedule AMD
- Copies of the Internal Revenue Service (IRS) audit report, notice, federal transcripts or other supporting documents
- Copies of your amended federal return and schedules
- Copies of other state return(s)
- Copies of your original or corrected W-2(s), 1099(s), and/or U.S. Schedule K-1(s)
- Copies of your property tax statement(s) and/or lease agreement(s).

---

## To Amend Credit Claims

---

Use this form when the Amended Return box is checked on the *Michigan Individual Income Tax Return* (MI-1040) and you are amending the following credit claims:

- *Michigan Historic Preservation Tax Credit* (include a corrected Form 3581)
- *Small Business Investment Tax Credit* (include a Michigan Strategic Fund certificate)
- *Farmland Preservation Tax Credit Claim* (include a corrected MI-1040CR-5 and Schedule CR-5).

If you are amending the following credits and have no adjustments to your MI-1040, check the Amended Return box at the top of each credit claim; do not file a new MI-1040 or the Schedule AMD:

- *Michigan Homestead Property Tax Credit Claim* (MI-1040CR)
- *Michigan Homestead Property Tax Credit Claim for Veterans and Blind People* (MI-1040CR-2)
- *Michigan Home Heating Credit Claim* (MI-1040CR-7).  
**NOTE:** An amended MI-1040CR-7 claim requesting an additional refund will not be accepted after September 30 following the year of the claim.

---

## Example 1

---

John and June file their MI-1040. After filing, they received a corrected W-2 form which showed an increase in Michigan withholding. To amend, John and June complete a new MI-1040 with the corrected withholding amount and check the Amended Return box at the top of page 1. They also complete a Schedule AMD by checking box 6i to indicate the reason for amending and writing “Corrected W-2 received after filing original return” in the Explanation of Changes box on line 8. When filing their amended return, John and June must include the *Michigan Schedule W* with their MI-1040. They must also provide a copy of the corrected W-2 as applicable supporting documentation for the change.

---

## Example 2

---

Albert files his MI-1040 with an MI-1040CR. After filing, Albert realizes the property taxes levied on his original claim were under reported. Albert only needs to amend the MI-1040CR. To amend, Albert completes a new MI-1040CR with the correct amount of property taxes levied and checks the Amended Return box at the top of page 1. Albert does not need to complete a new MI-1040 or the Schedule AMD; neither are needed to amend only a credit claim. When filing the amended credit claim, Albert includes copies of his 2018 summer and 2018 winter property tax statements as applicable supporting documentation.

Michigan public school districts are listed alphabetically with code numbers to the **left** of the names.
