# Schedule M1WFC Instructions 2012

## Who is Eligible?

If you are a Minnesota resident and are eligible for the federal earned income credit (EIC), you may also be eligible for the Minnesota working family credit.

Part-year residents and nonresidents may also be eligible for the credit, which is apportioned by the percentage of income taxable to Minnesota.

Before you can complete Schedule M1WFC, you must:

- 1 follow the steps in the instructions for your federal return to determine if you qualify for the federal EIC, and
- 2 complete the appropriate federal EIC Worksheet.

## Income requirements

Except for the extended income range below, eligibility requirements for the Minnesota working family credit are the same as for the federal earned income credit.

**Extended income range.** Due to federal changes that were not adopted by Minnesota, taxpayers who are at the higher end of the income eligibility range for the federal earned income credit, are married filing a joint return and/or have three or more children may not qualify for the Minnesota working family credit (see chart below).

If your earned income (line 1 of Schedule M1WFC) or your federal adjusted gross income (line 3 of Schedule M1WFC), whichever is higher, is above the following amounts, **you do not qualify for the working family credit.**

Filing Status	Income Limit
No children	\$13,990
One child	\$36,880
Two or more children	\$41,877

## Information on Qualifying Children

Near the top of Schedule M1WFC, check a box to indicate the total number of qualifying children. Enter the requested information for each qualifying child. If you have more than two qualifying children, list only two.

Enter the number of months the child lived with you during the year. If the child lived with you in the United States for more than half of the year but less than seven months, enter "7" in the space provided. If the child

was born or died in 2012 and your home was the child's home for the entire time he or she was alive during the year, enter "12."

Enter the number of qualifying children in the space provided on Form M1, line 26.

## Penalty for Fraudulently Claiming A Refundable Credit

If you file a return that fraudulently claims a refundable credit, including the Minnesota working family credit, you will be assessed a penalty. The penalty is 50 percent of the fraudulently claimed refund and is in addition to the 50 percent penalty on the understated tax.

## Line Instructions

Round amounts to the nearest whole dollar.

**Line 6**  
**Part-year residents and nonresidents**  
**If your Minnesota gross income is below the filing requirement,** and you are filing Form M1 to claim this credit, you should have entered zero on line 23 of Schedule M1NR. However, to correctly determine your credit, you must first fully complete Schedule M1NR to determine what the

amounts would have been, and then follow the worksheet below to determine line 6.

## Line 7

### American Indians working and living on an Indian reservation and taxpayers with JOBZ business income
