## \*Definitions for the purpose of this form:

Resident of Oklahoma is defined as a person legally domiciled in this state for the entire tax year.

**Household** means any house, dwelling or other type of living quarters.

Total gross household income means the total amount of gross income received by ALL persons living in the same household whether the income was taxable or not for income tax purposes. This includes, but is not limited to, public assistance payments, support money (example: child support), worker's compensation, school grants or scholarships, veterans disability compensation, loss-of-time insurance payments and all of the types of income shown on the front of this form. Income that is exempt must be included in the year received, for example: nontaxable sources of income on your W-2 (such as a dependent care reimbursement account), military housing assistance, and the distribution of earnings from a Roth IRA. Note: Do not include income deferred for Federal Income Tax purposes, for example: tax deductible contributions to a 401K or to a traditional IRA. This income will be included when distributed and taxed on your Federal return.

<u>Proof of disability</u> may be established by certification by an agency of State Government, an insurance company or a physician, or by eligibility to receive disability benefits under the Federal Social Security Act. A veteran certified by the Veterans Administration of the Federal government as having a service-connected disability shall constitute proof.
