# Two Choices for Tax Refunds

## Direct Deposit

- Refund deposited directly into your bank account
- Fastest way to receive your refund
- Safe and Secure

**OR**

## Refund Debit Card

- Convenient way to pay bills and make purchases, including cash back at point-of-sale
- Easy access to your cash – Bank Teller Withdrawal, ATM, or Funds Transfer

## No Paper Checks

If you do not select the direct deposit option on your return, you are authorizing the Department of Taxation to deposit your refund in a prepaid debit card account and issue a Debit Card to you. Virginia Tax Refund Debit Cards are issued through a third-party vendor under contract with the Commonwealth of Virginia.

To set up your Debit Card account, the Department provides the third-party vendor with your social security number, date of birth, name, address and refund amount. The vendor is required to maintain physical, electronic and procedural safeguards that comply with federal regulations to guard your personal information. The Debit Card account is opened at a financial institution for the one-time deposit of your tax refund. Once the funds have been exhausted, the account is closed.

Virginia Tax Refund Debit Cards cannot be used until activated. You will need to create a personal identification number (PIN) as part of the activation process. In the case of married taxpayers filing a joint return, each spouse is provided with a separate Debit Card allowing access to the entire refund amount. However, each Debit Card must be activated separately before that Card can be used.

If you select the Debit Card option, you will receive activation instructions, helpful hints to avoid fees, the fee schedule and terms of use in the Card Mailer. For the latest information and fee schedule, visit our website.

## What's New

**Advancement of Virginia's Fixed Date Conformity with the Internal Revenue Code:** Virginia's date of conformity with the Internal Revenue Code (IRC) was advanced from December 31, 2011, to January 2, 2013, with limited exceptions. Virginia will continue to disallow federal income tax deductions for bonus depreciation allowed for certain assets under IRC §§ 168(k), 168(l), 168(m), 1400L and 1400N; the five-year carryback of federal net operating loss deductions generated in taxable year 2008 or 2009; and federal income tax deductions for applicable high yield discount obligations under IRC § 163(e)(5)(F).

At the time these instructions went to print, the only required adjustments for "fixed date conformity" were those mentioned above. However, if federal legislation is enacted that results in changes to the IRC for the 2013 taxable year, taxpayers will be required to make adjustments to their Virginia returns that are not described in the instruction booklet. Information about any such adjustments will be posted on the Department's website at [www.tax.virginia.gov](http://www.tax.virginia.gov).

**Virginia Income Tax Treatment of Same-Sex Marriage:** Guidance for same-sex married couples filing Virginia income tax returns is available on the Department's website at [www.tax.virginia.gov](http://www.tax.virginia.gov). See the "What's New" section for individuals.

**Deduction for Prepaid Funeral, Medical, and Dental Insurance Premiums:** Effective for taxable years beginning on and after January 1, 2013, an individual age 66 or older with earned income of at least \$20,000 for the year and federal adjusted gross income of \$30,000 or less for the year is allowed to deduct the amount paid annually for (i) a prepaid funeral insurance policy covering such individual or (ii) medical or dental insurance premiums for any person for whom the individual taxpayer may claim a deduction for such premiums under federal income tax laws.

**Electronic Form 1099-G:** Fill in the bubble on the second page of Form 760 to authorize the Department to provide your Form 1099-G electronically instead of mailing a paper Form 1099-G. If you make this election, you can obtain your electronic Form 1099-G securely on the Department's website at [www.tax.virginia.gov](http://www.tax.virginia.gov). If you itemize deductions and have an overpayment or refund, the Department must report the overpayment/refund amount on Form 1099-G. The information on Form 1099-G should be used when preparing your federal tax return.

## Reminders

**Direct Deposit:** Due to electronic banking rules, the Department will not allow direct deposits to or through foreign financial institutions. Attempting to use direct deposit to transfer funds electronically to a financial institution outside the territorial jurisdiction of the United States will significantly delay your refund. Visit [www.tax.virginia.gov](http://www.tax.virginia.gov) for details.

**Extension for Filing Income Tax Returns:** All taxpayers are granted an automatic 6-month extension of time to file their income tax returns. No application for extension is required; however, any tentative tax due must be paid with an extension voucher, Form 760IP, by the original due date for filing the return.

**Consumer's Use Tax:** Did you purchase merchandise by Internet, telephone, or mail, or did you purchase any merchandise outside Virginia and pay no sales tax? If so, you may be required to pay Consumer's Use Tax. Be sure to report the applicable tax on Schedule ADJ. Visit [www.tax.virginia.gov](http://www.tax.virginia.gov) for more information.

## Do You Need to File a Virginia Income Tax Return?

Complete Form 760, Lines 1 through 9, to determine your Virginia adjusted gross income (VAGI). If the amount on Line 9 is less than the amount shown below for your filing status, your Virginia income tax is \$0.00 and you are entitled to a refund of any withholding or estimated tax paid. You must file a return to receive a refund. To claim a refund in these cases, skip to Line 17 and enter "0" as your tax, and then complete Lines 18 through 31. You must file if you are:

**Single** and your VAGI is \$11,950 or more

**Married filing jointly** and *combined* VAGI is \$23,900 or more

**Married filing separately** and your VAGI is \$11,950 or more

## When to File Your Return

**Filing by mail or commercial delivery service** - If you are mailing several documents, please consider using a flat envelope to ensure proper handling and faster processing. When filing by mail, the envelope must be postmarked by the due date. Put the correct postage on your envelope. If your return is sent back to you because of insufficient postage, you are liable for penalties and interest if the postmark on the remailed return is after the due date. Tax returns or payment of taxes remitted by a commercial delivery service will be considered timely filed if they are received in an envelope or sealed container bearing a confirmation of shipment on or before midnight of the day the return or payment is due.

**Calendar year filer** - If your taxable year is January 1, 2013 - December 31, 2013, your individual income tax return must be postmarked no later than **May 1, 2014**, to avoid penalties and interest.

**Fiscal year filer** - If your taxable year is any consecutive 12-month period other than January - December, your individual income tax return must be postmarked by the 15th day of the 4th month following the end of your fiscal year. When filing, you should write "Fiscal Year Filer" across the top of Page 1 of Form 760 and attach a statement indicating the beginning and ending months of your fiscal year.

**Outside U.S.** - If you are living or traveling outside the United States and Puerto Rico (including serving in the military), the due date of your return is July 1, 2014. Fill in the overseas oval near the bottom of Page 2 of Form 760.

**Weekends and holidays** - If the due date falls on a Saturday, Sunday or legal holiday, your return must be postmarked by the next business day.

**Extension provisions** - Virginia law provides an automatic 6-month filing extension for income tax returns. No application for extension is required. The extension is for filing the return, not for payment of the tax; therefore, you must pay at least 90% of your tax by the due date, May 1 for calendar year filers, to avoid incurring any penalties or interest. To make a payment of tentative tax, use Form 760IP.

**Foreign income exclusion** - If you qualify for the federal foreign income exclusion and have requested an extension of time for filing your federal return, you may apply for an extension of time to file your state return. You will be granted an extension for 30 days after the date you expect to qualify for the federal exclusion. You must apply for an extension of time to file your state return by letter on or before the 1st day of the 7th month following the close of your taxable year and attach a copy of the approved federal extension to your return when you file.

**Members of the military** - Members of the Armed Forces serving in a combat zone receive either the same individual income tax filing and payment extensions as those granted to them by the IRS, plus an additional 15 days, or a 1-year extension, whichever date is later. All extensions also apply to spouses of military personnel. Service families may wish, however, to file their individual income tax returns before the extended deadlines to receive refunds. Service members claiming this extension should write "Combat Zone" across the top of their tax returns and on the envelopes used to mail their returns. Such combat zone personnel should similarly write "Combat Zone" across the top of correspondence, and on the envelope used to mail the correspondence, when responding to notices issued by the Department. See Tax Bulletin 05-5, available in the Laws, Rules, and Decisions Section of the Department's website at [www.tax.virginia.gov](http://www.tax.virginia.gov) for more information.

In addition, every member of the armed services deployed outside of the United States is allowed an extension of his or her due date. The extension will expire 90 days following the completion of deployment. Service members who claim this extension should write "Overseas Noncombat" on the top of their tax returns.

Additional information for spouses of military personnel is provided in the **Residency Status and Choosing the Right Form to File** section later in this booklet.

## Where to File

Use e-File to electronically file your federal and state tax returns at the same time. Software programs that provide e-File capability are available online and for purchase in stores. All e-File software will automatically check for completeness, correct errors, generate the applicable schedules and provide the option to transmit the return to the IRS and/or the Department's electronic processing systems. Some vendors will allow taxpayers to file their returns electronically for free based on certain qualifiers.

To file by mail, use the list of mailing addresses beginning on Page 46 and look up the city or county where you live, or file directly with the Department. Local phone numbers are also provided.

For more information about filing by e-File and filing by mail, go to [www.tax.virginia.gov](http://www.tax.virginia.gov).

## Amended Returns

If your federal return is amended, resulting in changes to your taxable income or any amount affecting the Virginia return, you must file an amended Virginia return within one year. If the IRS provided documentation that acknowledges acceptance of your federal amended return, attach a copy to the Virginia amended return. In addition, if you file an amended return with any other state that affects your Virginia income tax, you must file an amended Virginia return within one year. The Department may issue a refund only if the amended return is filed within:

- 3 years from the due date of the original return, including valid filing extensions;
- 1 year from the final determination of the amended federal return or federal change, whichever is later, provided that the allowable refund is not more than the decrease in Virginia tax attributable to the federal change or correction;
- 1 year from the final determination of the amended return of any other state or change or correction in the income tax of the taxpayer for any other state, provided that the refund does not exceed the amount of the decrease in Virginia tax attributable to such change or correction;
- 2 years from the filing of an amended Virginia return resulting in the payment of additional tax, provided that the current amended return raises issues relating solely to the prior amended return and that the refund does not exceed the amount of the tax payment made as a result of the prior amended return; or
- 2 years from the payment of an assessment, provided the amended return raises issues relating only to the prior assessment and the refund does not exceed the amount of tax paid on the prior assessment.

**Complete a new return using the corrected figures, as if it were the original return. Do not make any adjustments to the amended return to show that you received a refund or paid a balance due as the result of the original return.** Use the worksheet for amended returns below to determine if you are due a refund or if any additional tax due should be paid with your amended return. If your amended return results in additional tax due, interest must be paid on the tax you owe from the due date of your original return to the date that the amended return is filed or postmarked.

Fill in the oval on the front of Form 760, indicating that this is an amended return. Also, fill in the oval on the front of the return if the amended return is the result of a net operating loss (NOL) carryback. General instructions for computing the NOL can be obtained from the Laws, Rules and Decisions Section of the Department's website at [www.policylibrary.tax.virginia.gov](http://www.policylibrary.tax.virginia.gov). Select 23VAC10-110-80 and 23VAC10-110-81 located in Chapter 110, Individual Income Tax, Virginia Tax Administrative Code. **Attach a complete copy of your amended federal return, if applicable.**

**Worksheet for Amended Returns** - If you are filing an amended return, use the worksheet below to determine if you will receive an additional refund or if you need to make an additional payment.

1. Amount paid with original return, plus additional tax paid after it was filed ..... 1 \_\_\_\_\_
2. Add Line 1 above and Line 24 from Form 760 and enter the total here ..... 2 \_\_\_\_\_
3. Overpayment, if any, as shown on original return or as previously adjusted ..... 3 \_\_\_\_\_
4. Subtract Line 3 from Line 2 ..... 4 \_\_\_\_\_
5. If Line 4 above is less than Line 17, Form 760, subtract Line 4 above from Line 17, Form 760. This is the Tax You Owe ..... 5 \_\_\_\_\_
6. Refund. If Line 17, Form 760 is less than Line 4 above, subtract Line 17, Form 760 from Line 4 above. This is the Tax You Overpaid ..... 6 \_\_\_\_\_

## Residency Status and Choosing the Right Form to File

- There are two types of Virginia residents: domiciliary and actual.
- A domiciliary resident of another state may also be an actual resident of Virginia.
- Virginia residency may be either full-year or part-year.
- A nonresident of Virginia may be required to file a Virginia return.

To determine which Virginia return you should file, first determine if you were a resident of Virginia at any time during the taxable year.

### Step 1: Determine your residency status

#### Domiciliary Resident

You are a domiciliary (legal) resident if your permanent home is in Virginia. Your permanent home is where, whenever you are absent, you intend to return. Every person has one and only one domiciliary residence at a time. Most domiciliary residents actually live in Virginia; however, actual presence in Virginia is not required. If you have established legal domicile in Virginia, you are a domiciliary resident until you establish legal domicile in another state.

- Members of the armed forces who claim Virginia as their home of record are domiciliary residents, even if stationed outside of Virginia.
- A domiciliary resident who accepts employment outside of Virginia, but who does not abandon Virginia as his or her domiciliary residence, even if outside of Virginia for many years, remains a domiciliary resident of Virginia. This includes domiciliary residents who accept employment outside of the United States.

#### Actual Resident

You are an *actual* resident if:

You maintained an abode in Virginia or were physically present in Virginia for more than 183 total days during the taxable year, even if you are a domiciliary resident of another state or country.

If you are an *actual* resident of Virginia, you may be required to file as a resident in Virginia and in your domiciliary state. In this situation, you should claim a credit on the return filed in the state of your legal domicile for taxes paid to Virginia.

**Students:** The rules for determining the residency status of a student are the same as for anyone else.

**Military Personnel and Members of the U.S. Congress:** If you are a member of the armed forces or of the U.S. Congress who is a domiciliary (legal) resident of another state, you are not subject to taxation as an *actual* resident of Virginia even if you maintained an abode in Virginia for more than 183 days. However, if you have income from Virginia sources other than your active duty or congressional pay, you may be required to file a Form 763, Nonresident Income Tax Return.

**Spouses, Dependents and Congressional Staff Members:** The exemption for members of the armed forces and the U.S. Congress does **not** apply to spouses (see below), dependents or congressional staff members. If you are a spouse or dependent of a member of the armed forces or of the U.S. Congress or you are employed by a member of the U.S. Congress, you must determine your own residency status and filing obligations, even if you filed a joint federal return.

**Spouses of Military Personnel:** Under the Servicemember Civil Relief Act, as amended by the Military Spouses Residency Relief Act, a spouse of a military servicemember may be exempt from Virginia income tax on wages if (i) the servicemember is present in Virginia in compliance with military orders; (ii) the spouse is present in Virginia solely to be with the servicemember; and (iii) they both maintain the same non-Virginia domicile state. More information is available in Tax Bulletin 09-10 and Tax Bulletin 10-1 available on the website at [www.tax.virginia.gov](http://www.tax.virginia.gov).

## Step 2: Determine which income tax return you should file

### Virginia Residents

#### **File Form 760, Resident Return, if:**

- You were an actual or domiciliary resident for the entire year; or
- You were an actual or domiciliary resident for a portion of the year, but all of your income for the entire year was from Virginia sources.

#### **File Form 760PY, Part-Year Resident Return, if:**

- You moved into Virginia during the taxable year and became either an actual or domiciliary resident; or
- You moved out of Virginia during the taxable year *and* became a domiciliary resident of another state, provided that you did not move back to Virginia within six months.

**Note to Part-Year Residents:** If you had Virginia source income during the taxable year while you were a nonresident, you may also be required to file Form 763, Nonresident Return. See Nonresidents, below.

**Married Taxpayers:** If one spouse is a nonresident, you may not file a joint Virginia return, even if you filed a joint federal return. The resident spouse will file either Form 760 or Form 760PY, while the nonresident spouse will file Form 763, if applicable. However, if one spouse is a full-year resident and the other spouse is a part-year resident, you may file a joint return using Form 760PY. See the Form 760PY instructions for additional information.

### Nonresidents

#### **File Form 763, Nonresident Return, if:**

You had income from Virginia sources, other than interest from personal savings accounts, interest or dividends from an individual stock market investment, or pension payments from a Virginia payor.

Income from Virginia sources includes:

1. Items of income gain, loss and deductions attributable to: a) The ownership of any interest in real or tangible personal property in Virginia; b) A business trade, profession, or occupation carried on in Virginia; and c) Prizes paid by the Virginia Lottery and gambling winnings from wagers placed or paid at a location in Virginia.
2. Income from intangible personal property, including annuities, dividends, interest, royalties and gains from the disposition of intangible personal property employed by an individual in a business, trade, profession or occupation carried on in this state.

If you were a Virginia resident for part of the year and you also received Virginia source income during your period of residence outside Virginia, you must file Form 760PY and Form 763. The Virginia source income reported on Form 763 will be only the Virginia source income you received while a nonresident.

### Exceptions for Certain Nonresidents

**Kentucky and the District of Columbia:** If you were a resident of Kentucky or the District of Columbia who commuted daily to work in Virginia, you are not required to file a Form 763 Nonresident Return, provided that 1) you had no actual place of abode in Virginia at any time during the taxable year, and 2) your only income from Virginia sources was salaries and wages, and 3) your salary and wages were subject to income taxation by Kentucky or the District of Columbia.

**Maryland, Pennsylvania and West Virginia:** If you were are a resident of Maryland, Pennsylvania or West Virginia and you earned salaries and wages in Virginia, you do not have to file a Form 763, Nonresident Return, provided that 1) your only income from Virginia sources was salaries and wages, and 2) you were present in Virginia for 183 days or less during the taxable year, and 3) your salaries and wages were subject to taxation by Maryland, Pennsylvania, or West Virginia.

The exception for certain nonresidents of Kentucky, the District of Columbia, Maryland, Pennsylvania and West Virginia applies only to salaries and wages. For Virginia source income not specifically exempted, you must file Form 763, Nonresident Return.

Privacy Act. In compliance with the Privacy Act of 1974, disclosure of your Social Security Number is mandatory under Va. Code § 58.1-209. Your Social Security Number is used both as a means of identifying your income tax return and of verifying the identity of individuals claiming tax refunds.

**Locality Code:** Look up the 3-digit code in the list beginning on Page 46 for the locality in which you lived on January 1, 2014. Enter the corresponding number in the boxes provided on Form 760. Local school funding is allocated based in part on this information.

### Filing Status

In most cases, your filing status will be the same as the one you selected on your federal return. Fill in the oval next to the appropriate filing status. Fill in the Head of Household oval if you checked the Head of Household box on your federal return. For more information go to the filing status section on the Departments's website: [www.tax.virginia.gov](http://www.tax.virginia.gov).

If one spouse is a Virginia resident and the other is a nonresident, they may not file a joint Virginia return, even if they filed a joint federal return. Instead, the resident spouse must file a separate return (Form 760) using Filing Status 3. If the nonresident spouse has Virginia source income to report, he or she must file a separate return using Form 763. The spouses must compute their itemized deductions and allocate exemptions for dependents as if they had filed separate federal returns. As a general rule, the spouse claiming an exemption for a dependent must be reporting at least half of the total federal adjusted gross income. In addition, each spouse must be able to support his or her claim of itemized deductions. If the underlying expenses for itemized deductions cannot be accounted for separately, each spouse must claim a proportionate share of the deductions based on his or her respective share of the joint federal adjusted gross income.

### Exemptions

Enter the number of exemptions allowed in the appropriate boxes. The first box has been completed for you.

**Dependents:** Generally, you may claim the same number of dependent exemptions allowed on your federal return. If using Filing Status 3, see the Filing Status instructions in the previous section for the rules on claiming dependents. You may never claim less than a whole exemption. The same dependent may not be claimed on separate returns.

**Multiply the sum of exemptions claimed in the “You,” “Spouse” and “Dependents” boxes by \$930.**

**65 or Older:** To qualify for the additional personal exemption for age 65 or older, you must have been age 65 or older on or before January 1, 2014.

**Blind:** To qualify for the additional personal exemption for the blind, you must have been considered blind for federal income tax purposes.

**Multiply the sum of exemptions claimed for “65 or older” and “Blind” by \$800.**

**Low-Income Individuals:** You cannot claim the 65 or older or Blind exemptions if you also claimed a Credit for Low-Income Individuals on Line 21 of Form 760.

**Exemption Amount:** Add the dollar amount from Part A to the dollar amount from Part B. Enter this amount on Line 11.

*Note for Filing Status 3:* Each spouse must determine exemptions as if separate federal returns had been filed, using the federal rules for separate reporting. If dependent exemptions cannot be accounted for separately, they must be proportionately allocated between each spouse based on each spouse’s income. One spouse may never claim less than a whole personal exemption.

### Date of Birth

Please be sure to provide your date of birth. This information is used by the Department to verify taxpayer identity. If you are filing a joint return, enter your date of birth and your spouse’s date of birth in the same order as your names and Social Security numbers.

## Line Instructions

All amounts entered on your return **must be rounded to the nearest dollar**. Amounts less than 50 cents should be rounded down while all amounts of 50 cents - 99 cents should be rounded up. Rounding to the nearest dollar improves return preparation accuracy and reduces processing time.

**Line 1 Federal Adjusted Gross Income** Enter the federal adjusted gross income from your federal return. If married filing separately (Filing Status 3), enter only the amount of income attributable to you. Be sure to use the federal adjusted gross income amount, NOT federal taxable income.

**Line 2 Additions** If you reported any additions on Schedule ADJ, enter the total amount from Line 3 of Schedule ADJ.

**Line 3** Add Lines 1 and 2 and enter the total.

## Line 4 - Age Deduction

**Are you eligible to claim an age deduction?** If so, enter your birth date (and your spouse's birth date, if applicable) in the boxes provided above Line 1 on Form 760.

For the 2013 taxable year, taxpayers born on or before January 1, 1949, may qualify to claim an age deduction based on their birth date, filing status and income. A taxpayer who claims an age deduction may **NOT** claim either of the following:

**Disability Subtraction:** If you claim an age deduction, you may not claim a disability subtraction. For married taxpayers, each spouse, if eligible, may claim either an age deduction or a disability subtraction. You should claim the deduction or subtraction that gives you the greatest tax benefit.

**Credit for Low-Income Individuals or Virginia Earned Income Credit:** You may not claim both an age deduction and a Credit for Low-Income Individuals or Virginia Earned Income Credit. For married taxpayers filing separate returns, if one spouse claimed a Credit for Low-Income Individuals or Virginia Earned Income Credit, neither spouse can claim an age deduction.

If you or your spouse are not claiming a disability subtraction or a credit for low-income and your birth date is on or before January 1, 1949, please read the information below to determine if you qualify for an age deduction and how to compute the amount of the age deduction you may claim for 2013.

### Taxpayers Age 65 and Older

If you or your spouse were **born on or before January 1, 1949**, you may qualify to claim an age deduction of up to \$12,000 each for 2013. The age deduction you may claim depends upon your birth date, filing status and income.

#### **If your birth date is:**

- **On or before January 1, 1939:** You may claim an age deduction of \$12,000. If you are married, each spouse born on or before January 1, 1939, may claim a \$12,000 age deduction. For individuals born after January 1, 1939, the age deduction is based on the criteria below.
- **On or between January 2, 1939, and January 1, 1949:** Your age deduction is based on your income. A taxpayer's income, for purposes of determining an income-based age deduction, is the taxpayer's *adjusted federal adjusted gross income* or "AFAGI." A taxpayer's AFAGI is the taxpayer's federal adjusted gross income, modified for any fixed date conformity adjustments and reduced by any taxable Social Security and Tier 1 Railroad Benefits.
  - For Filing Status 1, single taxpayers, the maximum allowable age deduction of \$12,000 is reduced \$1 for every \$1 the taxpayer's AFAGI exceeds \$50,000.
  - For all married taxpayers, whether filing jointly or separately, the maximum allowable age deduction of \$12,000 each is reduced \$1 for every \$1 the married taxpayers' joint AFAGI exceeds \$75,000.

**To compute your income-based age deduction,  
use the Age 65 and Older Deduction Worksheet on the next page.**

**Notice to All Married Taxpayers:** A married taxpayer's income-based age deduction is **always** determined using the married taxpayers' joint AFAGI. Regardless of whether you are filing jointly or separately, if you are married, your income-based age deduction is determined using both your and your spouse's income. In addition, if both spouses are claiming an income-based age deduction, regardless of whether filing jointly or separately, the married taxpayers must compute a joint age deduction first, then allocate half of the joint deduction to each spouse.

**Note:** You can calculate this deduction online using the Age Deduction Calculator at [www.tax.virginia.gov](http://www.tax.virginia.gov).

## Age 65 and Older Deduction Worksheet

**FOR 2013:** Only taxpayers born on or between January 2, 1939, and January 1, 1949, may claim an income-based age deduction for the 2013 taxable year. If your income is below the threshold amount, but you had Virginia income tax withheld or made estimated tax payments, follow the instructions on Page 1 to complete your return and claim your refund.
- Line 10 Standard or Itemized Deductions** You must claim the same type of deductions (standard or itemized) on your Virginia return as you claimed on your federal return. Your state and local income taxes must be subtracted from your itemized deductions. Property and other taxes included as deductions on your federal return are also allowed on your Virginia return. If one spouse claims itemized deductions, the other spouse must also claim itemized deductions.  
If a joint federal return was filed and you are filing separate returns in Virginia (Filing Status 3), itemized deductions that cannot be accounted for separately must be allocated proportionately between spouses based on each spouse's share of the combined federal adjusted gross income.

### STANDARD DEDUCTIONS

If you claimed the standard deduction on your federal return, you must also claim the standard deduction on your Virginia return. Enter on Line 10 the amount listed below that corresponds with your filing status.

**Line 12 Deductions** If you reported any deductions on Schedule ADJ, enter the total amount from Line 9 of Schedule ADJ. You must attach the Schedule ADJ to your return.

**Line 13** Add Lines 10, 11 and 12 and enter the total.

**Line 14 Virginia Taxable Income** Subtract Line 13 from Line 9.

**Line 15 Amount of Tax** To compute your tax, you can use either the tax table or the tax rate schedule on Page 37 or use the Tax Calculator on the Department's website.

**Line 16 Spouse Tax Adjustment (STA)** Couples filing jointly under Filing Status 2 may reduce their tax by up to \$259 with the STA if **both have taxable income** to report and their combined taxable income on Line 14 is more than \$3,000. Using the STA, couples filing joint returns will not pay higher taxes than if they had filed separate returns. To complete the Spouse Tax Adjustment Worksheet:

- Both taxpayers on the joint return must have income.
- Recompute your Federal Adjusted Gross Income (FAGI) as if you and your spouse filed separate federal returns. A worksheet is provided on the next page to help in computing separate FAGI.
- Use the recomputed FAGI to compute the Virginia Adjusted Gross Income (VAGI) for each spouse. Make sure that the sum of Lines 16a and 16b equal the amount on Line 9.
- Use the separate VAGI on Line 1 of the Spouse Tax Adjustment Worksheet.

**HOW IT WORKS:** Virginia tax rates increase with income: 2% up to \$3,000; 3% from \$3,001 to \$5,000; 5% from \$5,001 to \$17,000; and 5.75% for income over \$17,000. The STA lets both incomes reported on jointly filed returns benefit from the lower tax rates.

**EXAMPLE:** The Smiths have combined Virginia taxable income of \$42,000. Mr. Smith's income is \$30,000 and Mrs. Smith's income is \$12,000. Without the STA, their Virginia tax is \$2,157. With the STA, both incomes benefit from the lower tax rates. Using the STA Calculator at [www.tax.virginia.gov](http://www.tax.virginia.gov), the Smiths compute an STA of \$214, reducing their taxes to \$1,943. If you cannot access the Department's website, use the following worksheet to calculate your STA. You will need your federal tax return and, if applicable, a completed Virginia Schedule ADJ.

Enter your STA amount on Line 16 of Form 760. You must also enter the Virginia Adjusted Gross Income (VAGI) for each spouse on Lines 16a and 16b.

**Note:** To speed processing, be sure to enter the Virginia Adjusted Gross Income for each spouse on Lines 16a and 16b.

- Line 17 Net Amount of Tax** Subtract Line 16 from Line 15 and enter the difference on Line 17.
- Line 18a Virginia Tax Withheld During the 2013 Taxable Year** Enter the amount of Virginia tax withheld from your W-2, 1099 and VK-1 form(s) in the box labeled "Your Virginia Withholding".
- Line 18b** If filing a joint return, enter the amount of Virginia tax withheld from your spouse's W-2, 1099 and VK-1 form(s) in the box labeled "Spouse's Virginia Withholding."
- Line 19 Estimated Payments for the 2013 Taxable Year** Enter the total amount of your 2013 estimated payments. Remember to include any overpayment from your 2012 tax return that you applied to your 2013 estimated taxes (calendar year filers due dates are May 1, 2013; June 15, 2013; September 15, 2013; and January 15, 2014).

If you did not have enough income tax withheld this year, you may need to increase the amount of tax withheld or pay estimated income tax for 2014. Generally, you are required to make payments of estimated income tax if your estimated Virginia tax liability exceeds your Virginia withholding and other tax credits by more than \$150. **To make estimated payments, file Form 760ES or visit the Department's website at [www.tax.virginia.gov/ind](http://www.tax.virginia.gov/ind).**

Refer to Page 25 of this instruction booklet for additional information. The amount of the credit claimed may not exceed your tax liability on Line 17 of Form 760. For example, if the net tax on Line 17 is \$141, and the allowable amount of your eligible credit is \$300, then enter \$141 on Line 21.
- Line 22 Credit for Tax Paid to Another State** Enter the amount of credit for tax paid to another state that you claimed on Schedule OSC, Line 21. - Line 23 Other Credits** If you claimed any credits on Virginia Schedule CR, enter the amount from Section 5, Part 1, Line 1A of Virginia Schedule CR.
- If you are only claiming a Political Contributions Credit, enter the amount of the credit and fill in the oval. You do not need to attach Schedule CR. The Political Contributions Credit is available to individuals who make contributions to candidates for state or local political office. The credit is 50% of the amount of the contribution, subject to a \$25 limit for individuals and a \$50 limit for married taxpayers filing jointly and cannot exceed your tax liability.
- Note: The Credit for Low-Income Individuals, the Credit for Taxes Paid to Another State and most credits from Schedule CR, including the Political Contribution Credit, are nonrefundable. The total of all nonrefundable credits cannot exceed your tax liability as shown on Line 17 of Form 760.
- Line 24 Total Payments and Credits** Add the amounts on Lines 18 through 23.
- Line 25** If Line 24 is smaller than Line 17, subtract Line 24 from Line 17. **This is the amount of tax you owe.**
- Line 26** If Line 17 is smaller than Line 24, subtract Line 17 from Line 24. **This is the amount of tax you have overpaid.**
- Line 27** If you would like some or all of your overpayment from Line 26 credited to your estimated taxes for next year, enter the amount in the box.
- Line 28 Adjustments and Voluntary Contributions** If you reported any adjustments or voluntary contributions on Schedule ADJ, enter the total amount from Line 24 of Schedule ADJ.
- Line 29** Add Line 27 and Line 28.
- Line 30** *If you owe tax on Line 25, and you reported any adjustments or voluntary contributions on Schedule ADJ, add Lines 25 and 29 and enter the total.*

**-OR-**

*If you overpaid your taxes on Line 26, but you credited all or part of the overpayment to next year's estimated tax, and/or had adjustments or voluntary contributions that exceeded your overpayment, and Line 29 is greater than Line 26, subtract Line 26 from Line 29 and enter the difference.*

## Instructions for Virginia Schedule ADJ

### FIXED DATE CONFORMITY UPDATE FOR 2013

**Advancement of Virginia's Fixed Date Conformity with the Internal Revenue Code:** Virginia's date of conformity with the Internal Revenue Code (IRC) was advanced from December 31, 2011, to January 2, 2013, with limited exceptions. However, if federal legislation is enacted that results in changes to the Internal Revenue Code for the 2013 taxable year, taxpayers will be required to make adjustments to their Virginia returns that are not described in the instruction booklet. Information about any such adjustments will be posted on the Department's website at [www.tax.virginia.gov](http://www.tax.virginia.gov).

**Line 10 Compute your Family VAGI:** Enter your Social Security Number, name and Virginia adjusted gross income (VAGI) from Line 9, Form 760. For all married taxpayers, enter your spouse's Social Security Number and name, and then follow the instructions below for your filing status:

- **Filing Status 2, Married Filing Jointly:** If you entered the joint VAGI for both you and your spouse exactly as shown on Line 9, Form 760, of your joint return, you do not need to enter a separate VAGI for your spouse. If you entered only your portion of the VAGI from Line 9, Form 760, then enter your spouse's VAGI on your spouse's line. The sum of your VAGI and your spouse's VAGI should equal the joint VAGI amount shown on Line 9, Form 760.
- **Filing Status 3, Married Filing Separately:** To claim the credit, you are required to provide your spouse's VAGI. If your spouse is:
  - Filing a separate Virginia Form 760, enter the VAGI on Line 9, Form 760, from your spouse's return. Only one spouse may claim the Credit for Low-Income Individuals.
  - Not required to file a Virginia Form 760 (for example, if your spouse is a nonresident), compute your spouse's VAGI as if your spouse is required to file a Virginia Form 760 resident return and enter the amount on your spouse's line.

Enter the Social Security Number and name of each dependent claimed as an exemption on your return and, if any of your dependents had income, enter the VAGI for each dependent. **For Filing Status 3, Married Filing Separately**, also enter the Social Security Number and name for each of your dependents not claimed as an exemption on your return and, if any of the dependents had income, enter the VAGI for each dependent.

Add the VAGI amounts and enter the total. **This is your family VAGI.**

**Line 11 Determine if you Qualify for the Credit for Low-Income Individuals:** Enter the number of family members listed in Line 10. If your family VAGI on Line 10 is equal to or less than the federal poverty amount for your family size, you are eligible to claim the Credit for Low-Income Individuals.

Eligible Exemptions	Poverty Guidelines	Eligible Exemptions	Poverty Guidelines
1	\$ 11,490	5	\$ 27,570
2	15,510	6	31,590
3	19,530	7	35,610
4	23,550	8*	39,630

\*For each additional person, spouse and dependent exemption, add \$4,020 to the Poverty Guidelines.

**Line 12 Exemptions to Compute Credit:** If you qualify for the Credit for Low-Income Individuals, enter the number of personal exemptions you reported on your Form 760.

**Line 13:** Multiply Line 12 by \$300. Enter the result on Line 13 and proceed to Line 14. If you do not qualify for the Credit for Low-Income Individuals but claimed an Earned Income Tax Credit on your federal return, enter \$0 on Line 13 and proceed to Line 14.

**Line 14:** Enter the amount of Earned Income Tax Credit claimed on your federal return. If you did not claim an Earned Income Tax Credit on your federal return enter \$0.

When a taxpayer using the married filing separately status computes the Virginia Earned Income Credit, the taxpayer must first determine his proportion of the earned income that was used to qualify for the federal Earned Income Tax Credit. That proportion must then be multiplied by the total Virginia Earned Income Credit, which is 20% of the federal Earned Income Tax Credit. The spouses may then claim their proportional shares of the credit on their separate returns.

**Line 15:** Multiply the amount on Line 14 by 20% (.20).

**Line 16:** Enter the greater of Line 13 or Line 15.

**Line 17 Compute Your Credit:** Compare the amount entered on Line 16, Schedule ADJ, to your tax liability on Line 17, Form 760. Enter the smaller amount on Line 17, Schedule ADJ and on Line 21, Form 760.

**The Credit for Low-Income Individuals or Virginia Earned Income Credit is a nonrefundable credit. A nonrefundable credit cannot exceed your tax liability. If you claim any credits on Lines 22 or 23, Form 760, in addition to the Credit for Low-Income Individuals or Virginia Earned Income Credit, the sum of all nonrefundable credits claimed cannot exceed your tax liability on Line 17, Form 760.**

*Many low-income individuals who work and have earned income under \$51,567 may also qualify for up to \$6,044 in Federal Earned Income Credit when filing their federal tax return! See your federal instructions or call 1-800-829-3676 to order Pub. 596.*

## Adjustments to the Amount of Tax

**Line 18 Addition to Tax** Use Form 760C to compute any addition to tax you may owe for underpayment of estimated taxes. Use Form 760F if at least 66 2/3% of your income is derived from farming, fishing and/or being a merchant seaman.

You will not owe an addition to tax if each payment is made on time and:

- you owe \$150 or less in tax with your return.
- total withholding and timely estimated payments were at least 90% (66 2/3% for farmers, fishermen and merchant seamen) of your 2013 tax liability after nonrefundable credits or 100% of your 2012 tax liability after nonrefundable credits.
- you meet one of the exceptions computed on Form 760C or Form 760F. Attach Form 760C or 760F showing the computation.

If you do not meet the criteria shown above, visit [www.tax.virginia.gov](http://www.tax.virginia.gov), or refer to Form 760C or Form 760F. If you need to complete Form 760C or 760F, enter the amount of the addition to tax on this line. Those who file Form 760C or Form 760F should fill in the oval and attach a completed copy of Form 760C or Form 760F.

**Line 19 Penalty** The due date for filing a calendar year return is May 1, and the automatic extension provisions apply to returns filed by November 1. Depending on when you file your return, you may be required to compute an extension penalty or a late filing penalty. For more information on due dates and penalty provisions, refer to When to File Your Return on Page 2 of these instructions.

**Extension penalty:** If you file your return within 6 months after the due date and the amount of tax due with the return is more than 10% of your total tax liability, you must compute an extension penalty on the balance of tax due. The extension penalty is applied at the rate of 2% per month or part of a month, from the due date through the date your return is filed. The maximum extension penalty is 12% of the tax due. Note: If you do not pay the tax in full when you file your return, a late payment penalty will be assessed at the rate of 6% per month or part of a month from the date the return is filed through the date the tax is paid, to a maximum of 30%. If you file your return during the extension period, but do not pay the tax due when you file your return, both the extension penalty and the late payment penalty may apply. The extension penalty will apply from the due date of the return through the date the return is filed and the late payment penalty will apply from the date the return is filed through the date of payment. To avoid paying the late payment penalty during the extension period, you must pay any tax owed **when you file the return**.

**Late filing penalty:** If you file your return more than 6 months after the due date, no extension provisions apply and you must compute a late filing penalty of 30% of the tax due with your return.

**Line 20 Interest** If you filed a tax due return after the filing date, even if you had an extension, you are liable for interest on the tax due amount on Form 760, Line 25, from the due date to the date filed or postmarked. If you do not pay in full when you file the return, you may be subject to additional penalties and interest. To obtain the daily interest factor, please call **(804) 367-8031** or contact your locality.

**Line 21 Consumer's Use Tax** If the purchases were made from only out-of-state mail order catalog(s) and totaled \$100 or less for the entire year, you are not required to pay the use tax. If the purchases were from out-of-state mail order catalog(s) and exceed \$100, or the purchases were of any amount from out-of-state sources other than mail order catalogs, then you must report these purchases and pay consumer's use tax on the TOTAL amount of all untaxed purchases from all sources during the calendar year.

For purchases before July 1, 2013, the statewide tax is 5% of the total price except for food purchased for home consumption.

For purchases on or after July 1, 2013, the tax is 5.3% of the total price except for food purchased for home consumption. In addition to the statewide increase, there is an additional 0.7% increase in localities included in the Northern Virginia and Hampton Roads regions.

The tax rate on food purchased for home consumption is 2.5% (no change).

Visit the website at [www.tax.virginia.gov](http://www.tax.virginia.gov) for more information. Enter the amount of Consumer Use Tax you owe on Line 21 of Virginia Schedule ADJ, or file Form CU-7.

## Instructions for Virginia Schedule OSC

### Credit for Tax Paid to Another State

Compute **all** credits for taxes paid to other states on Schedule OSC and enter the total credit claimed on Line 22 of Form 760.

Generally, Virginia will allow taxpayers filing resident individual income tax returns to claim credit for income tax paid as a nonresident to another state on earned or business income derived from sources outside Virginia or any gain (if included in federal adjusted gross income) on the sale of a capital asset outside Virginia, provided that the income is taxed by Virginia as well as the other state. See *Va. Code* § 58.1-332 for information on capital assets. *If the income is from Arizona, District of Columbia, California or Oregon, claim the credit on the nonresident income tax return of that state instead of on the Virginia return.* Attach a complete copy of Schedule OSC and all other states' returns to Form 760. The credit must be computed separately for each state. Schedule OSC is available on the Department's website at [www.tax.virginia.gov](http://www.tax.virginia.gov) or by calling (804) 440-2541.

**Border State Method** You may qualify for a special computation if you are required to file a return with Virginia and **only one** other state provided that other state is Kentucky, Maryland, North Carolina or West Virginia. The income from the border state must consist solely of wages and salaries or business income from federal Schedule C, and your Virginia taxable income must be at least equal to the taxable income shown on the other state's return. If you meet all of these qualifications, fill in the border state oval and enter "100.0" in the Income Percentage field.

- Line 1 Filing Status** Enter the number listed below to identify the filing status claimed on the other state's tax return. 1. Single 2. Married Filing Jointly 3. Married Filing Separately 4. Other
- Line 2 Claiming Credit** Enter the number listed below to identify the person claiming the credit.  
1. You 2. Spouse 3. You and Spouse
- Line 3 Qualifying Taxable Income** Enter the total taxable income from all of the following categories that apply to you to the extent that this income was taxed by the other state:
- Earned or business income derived from sources outside Virginia that is subject to tax by Virginia as well as another state;
  - Gain from the sale of a principal residence outside Virginia that was included in your federal adjusted gross income;
  - Gain from the sale of any capital asset not used in a trade or business; and
  - Income on which corporation income tax was paid to another state (one that does not recognize the federal S Corporation election), by an individual shareholder of an S Corporation. Attach a statement from the S Corporation.

In some states, the tax is computed on total taxable income (from all sources) and then reduced by an allocation percentage. In these cases, you must multiply the total taxable income shown on the other state's return by the allocation percentage to determine the amount of income to enter on this line.

- Line 4 Virginia Taxable Income** Enter the amount of Virginia taxable income from Line 14 of Virginia Form 760. *If you filed separately in the other state, but are filing jointly in Virginia, enter only the Virginia taxable income attributable to the filer whose income was taxed by the other state.*
- Line 5 Qualifying Tax Liability** Enter the amount of tax liability reflected on the return you filed with the other state.
- Line 6 Identify the State** Enter the 2 character postal abbreviation for the other state.
- Line 7 Virginia Income Tax** Enter the amount of Virginia income tax from Line 17 of Virginia Form 760. *If you filed separately in the other state, but are filing jointly in Virginia, enter the Virginia income tax due on the amount of Virginia Taxable Income reported on Line 14. Use the tax tables or the tax date schedule to determine the amount of tax.*
- Line 8 Income Percentage** Divide the amount of Qualifying Taxable Income by the Virginia Taxable Income. Round the number to one decimal place. The income percentage cannot exceed 100%.

**Line 9 Virginia Ratio** Multiply the amount of Virginia income tax by the income percentage.

**Line 10 Credit** Enter the lesser of qualifying tax liability or Virginia ratio. Enter the total credit claimed on Line 22 of Form 760.

If claiming more than one credit, continue to Line 11 of Schedule OSC and enter the total of all credits for taxes paid to other states on Line 22 of Form 760.

# TAX RATE SCHEDULE

**IF YOUR VIRGINIA TAXABLE INCOME IS:**

**Not over \$3,000, your tax is 2% of your Virginia taxable income.**

<b>over—</b>	<b>but not over—</b>	<b>your tax is—</b>	<b>of excess over—</b>
<b>\$ 3,000</b>	<b>\$ 5,000</b>	<b>\$ 60 + 3 %</b>	<b>\$ 3,000</b>
<b>\$ 5,000</b>	<b>\$17,000</b>	<b>\$ 120 + 5 %</b>	<b>\$ 5,000</b>
<b>\$17,000</b>		<b>\$ 720 + 5.75 %</b>	<b>\$17,000</b>

Example

If your taxable income is \$90,000, your tax is \$720 + 5.75% of the amount over \$17,000. This equals \$720 + (.0575 x \$73,000) = \$720 + \$4,197.50 = \$4,917.50 which should be rounded to **\$4,918**.
