**Tax Rates Reduced** – The tax rate for the lowest tax bracket is reduced from 4.4% to 4.0%. All taxpayers will benefit from this rate reduction which is built into the tax table on pages 40-45.

**Standard Deduction Increased** – The standard deduction is increased annually based on the rate of inflation. The increase is built into the standard deduction table on page 47.

**Private School Tuition** – A subtraction is available for tuition paid to send your dependent child to a private school. The maximum subtraction is \$4,000 for an elementary pupil and \$10,000 for a secondary pupil (*see page 19*).

**Child and Dependent Care Expenses** – The maximum subtraction is increased to \$3,000 for one qualifying person or \$6,000 for more than one qualifying person (*see page 20*).

## Free Tax Preparation Available (commonly referred to as VITA or TCE)

### Need help filing your taxes?

Wisconsin residents can have their taxes prepared for free at any IRS sponsored Volunteer Income Tax Assistance (VITA) site or at any AARP sponsored Tax Counseling for the Elderly (TCE) site. The entire service is free.

### Who can use VITA services?

- Low and moderate income individuals
- Individuals with disabilities
- Elderly
- Individuals who qualify for the homestead credit or the earned income tax credit

### What should you bring?

### VITA and TCE locations:

- Call the AARP at 1-888-227-7669
- Call "211" for local free tax sites

E-file your return for the fastest available processing. However, if you paper file, there are several things you can do that will speed-up the processing of your return. Faster processing means faster refunds.

Paper returns are electronically scanned. The processing of the return (and any refund) is delayed when the return cannot be read correctly. **To aid in the scanning process**, be sure to do the following:

- Do not submit photocopies to the department. Photocopies can cause unreadable entries.
- Use BLACK INK. Pencils, colored ink, and markers do not scan well.

- Write your name and address clearly using CAPITAL LETTERS like this →

Your legal last name <b>SMITH</b>	Legal first name <b>JOSEPH</b>	M.I. <b>J</b>
If a joint return, spouse's legal last name <b>SMITH</b>	Spouse's legal first name <b>MARY</b>	M.I. <b>E</b>
Home address (number and street) <b>2375 N 7 ST</b>		Apt. no.
City or post office <b>ANYWHERE</b>	State <b>WI</b>	Zip code <b>55555</b>

- Do not use mailing labels.

- NEVER USE COMMAS OR DOLLAR SIGNS. They can be misread when scanned.
- Round off amounts to WHOLE DOLLARS – NO CENTS.
- Do not use parentheses ( ) for a negative number. Use a negative sign, -8300 rather than (8300).
- Print your numbers like this: **0123456789** Do not use: **Ø147**

- Do not add cents in front of the preprinted zeros on entry lines. For example,

School property tax credit			
a Rent paid in 2014–heat included	<u>2345.00</u>	} Find credit from table page 25 ..22a	<u>226.00</u>
Rent paid in 2014–heat not included	<u>5678.00</u>		
b Property taxes paid on home in 2014	<u>.00</u>	Find credit from table page 26 ..22b	<u>.00</u>

- Do not cross out entries. Erase or start over.
- Do not write in the margins.
- Always put entries on the lines, not to the side, above, or below the line.
- Lines where no entry is required should be left blank. Do not fill in zeros.
- Do not draw vertical lines in entry fields. They can be read as a “1” when scanned.
- Do not use staples to assemble your return.

You may file <b>Form WI-Z</b> if you:	You may file <b>Form 1A</b> if you:	You must file <b>Form 1</b> if you: (see above note)	You must file <b>Form 1NPR</b> if you:

Single	Under 65 . . . . .	\$10,780 or more

Head of household	Under 65 . . . . .	\$13,720 or more
	65 or older . . . . .	\$13,970 or more

\* Gross income means all income (before deducting expenses) reportable to Wisconsin. The income may be received in the form of money, property, or services. It does not include items that are exempt from Wisconsin tax. For example, it does not include social security benefits or U.S. government interest.

**Other Filing Requirements**

You may have to file a return even if your income is less than the amounts shown on the table. You must file a return for 2014 if:

- You could be claimed as a dependent on someone else’s return and either of the following applies:
  - (1) Your gross income was more than \$1,000 and it included at least \$351 of unearned income, or
  - (2) Your gross income (total unearned income and earned income) was more than –
    - \$10,080 if single,
    - \$13,020 if head of household,
    - \$18,150 if married filing jointly, or
    - \$8,620 if married filing separately.

Unearned income includes taxable interest, dividends, capital gain distributions, and taxable scholarship and fellowship grants that were not reported to you on a W-2. Earned income includes wages, tips, and scholarship and fellowship grants that were reported to you on a W-2.

- You owe a penalty on an IRA, retirement plan, Coverdell education savings account (excess contribution), health savings account, or Archer medical savings account.
- You were a nonresident or part-year resident of Wisconsin for 2014 and your gross income was \$2,000 or more. If you were married, you must file a return if the combined gross income of you and your spouse was \$2,000 or more. (You must file Form 1NPR.)

**Who Should File**

Even if you do not have to file, you should file to get a refund if:

- You had Wisconsin income tax withheld from your wages.
- You paid estimated taxes for 2014.
- You claim the earned income credit or the veterans and surviving spouses property tax credit.

**E-Filing (Electronic Filing)**

Electronic filing is the fastest way to get your federal and state income tax refunds. If you choose to have your Wisconsin refund deposited directly in a financial institution account, it may be issued in as few as five working days. Checks may be issued in as few as seven working days.

You may pay by electronic funds transfer if you file electronically. File early and schedule payment as late as April 15. Go to [revenue.wi.gov/faq/pcs/e-faq3.html](http://revenue.wi.gov/faq/pcs/e-faq3.html) for more information.

To file your Wisconsin income tax return electronically, you can use ...

- *Wisconsin e-file* Available for free on the Department of Revenue website at [revenue.wi.gov](http://revenue.wi.gov). These Wisconsin forms are submitted electronically after you complete them.
- *A tax professional* Check your local telephone directory for the names of tax professionals who offer electronic filing, or visit our website at [revenue.wi.gov/eserv/city/index.html](http://revenue.wi.gov/eserv/city/index.html).
- *Tax preparation software* Purchase off-the-shelf tax preparation software to install on your computer, or connect to one of the private vendor websites that offer electronic filing. For more information, visit our website at [revenue.wi.gov/eserv/webased.html](http://revenue.wi.gov/eserv/webased.html) or [revenue.wi.gov/eserv/offshelf.html](http://revenue.wi.gov/eserv/offshelf.html).

**When to File/Extension of Time to File**

Your return is due April 15, 2015.

If you cannot file on time, you can get an extension. You may use any federal extension provision for Wisconsin, even if you are filing your federal return by April 15.

*How to get an extension* You do *not* need to submit a request for an extension to the department prior to the time you file your Wisconsin return. When you file your Form 1 enclose either:

- a copy of your federal extension application (for example, Form 4868) or
- a statement indicating which federal extension provision you want to apply for Wisconsin (for example, the federal automatic 6-month extension provision).

**Note** You will owe interest on any tax that you have not paid by April 15, 2015. This applies even though you may have an extension of time to file. If you do not file your return by April 15, 2015, or during an extension period, you are subject to additional interest and penalties. If you expect to owe tax with your return, you can avoid the 1% per month interest charge

during the extension period by paying the tax by April 15, 2015. Submit the payment with a 2014 Wisconsin Form 1-ES. You can get this form from our website at [revenue.wi.gov](http://revenue.wi.gov) or at any Department of Revenue office. (**Exception** You will not be charged interest during an extension period if (1) you served in support of Operation Iraqi Freedom in the United States, (2) you qualify for a federal extension because of service in a combat zone or contingency operation, or (3) you qualify for a federal extension due to a federally-declared disaster. See Special Conditions below.)

If you were a farmer or fisher and you did not make estimated tax payments, you must file your return and pay any tax due by March 2, 2015, to avoid paying interest for underpayment of estimated tax. Farmers and fishers are individuals who earn at least two-thirds of their gross income (gross income of both spouses if married filing a joint return) from farming or fishing.

**Special Conditions** A “Special Conditions” section is located to the right of the Filing Status section on page 1 of Form 1. If you have an extension of time to file due to service in support of Operation Iraqi Freedom in the United States, fill in “01” in the Special Conditions box. If you qualify for an extension because of service in a combat zone or contingency operation, fill in “02” in the box. If you qualify for an extension because of a federally-declared disaster, fill in “03” in the box and indicate the specific disaster on the line provided.

## Nine Steps To Filing Your Return

- 1 Get all of your records together** Make sure that you have all of your income and expense records so you can fill in your return correctly. This includes wage statements and interest and dividend statements.
- 2 Decide if you will e-file or paper-file your return** See “E-Filing” on page 5 for the benefits of e-filing. If you decide to e-file, follow the instructions provided in the software you use. If you decide to paper-file, continue with Steps 3 through 9 below.
- 3 Fill in your federal return** Before completing Wisconsin Form 1, first fill in your federal return and its supporting schedules. If you are not required to file a federal return, list the sources and amounts of your income and your deductions on a separate sheet.
- 4 Fill in your Wisconsin return** Follow the line instructions as you fill in your return.
- 5 Sign your Wisconsin return** A joint return must be signed by both spouses.
- 6 Check over your Wisconsin return** Check the following items on your return carefully. The processing of your Form 1 may be delayed for:
  - missing wage statements,
  - missing signature,
  - missing copy of your federal return (a copy of your federal return must be enclosed with your Wisconsin return),
  - incomplete or missing renter’s or homeowner’s information (if school property tax credit claimed),
  - incomplete schedules for the itemized deduction and married couple credits (if credit claimed),
  - missing list of sources and amounts of income if not required to file a federal return, or
  - estimated payments claimed do not match the department’s records.
- 7 Assemble your return** See page 35 for information on how to assemble your return. Do **not** staple your return. Stapling your return may delay processing.
- 8 Mail your return** Mail your return and all required enclosures to the appropriate address listed on page 36 under “Where to File.” Be sure to put sufficient postage on the envelope.
- 9 Keep a copy of your return.**

## Line Instructions

Before completing Form 1, first fill in your federal return and its supporting attachments. If you are not required to file a federal return, list the sources and amounts of your income and deductions on a separate sheet and include it with your Form 1.

Follow these instructions to complete Form 1. Prepare one copy for your records and another to be filed with the department.

Use black ink to complete the copy of Form 1 that you submit to the department. Do not use pencil or red ink.

■ **Period Covered** File your 2014 return for calendar year 2014 and fiscal years that begin in 2014. For a fiscal year, a 52-53 week period, or a short-period return, fill in the taxable year beginning and ending dates in the taxable year space at the top of the form. If your return is for a fiscal year, a 52-53 week period, or a short-period, also fill in “11” in the Special Conditions box located to the right of the Filing Status section on page 1 of Form 1.

■ **Name and Address** Print or type your legal name and address. Include your apartment number, if any. If you are married filing a joint return, fill in your spouse’s legal name (even if your spouse did not have any income). If you filed a joint return for 2013 and you are filing a joint return for 2014 with the same spouse, be sure to enter your names and social security numbers in the same order as on your 2013 return.

Fill in your PO Box number only if your post office does not deliver mail to your home.

■ **Social Security Number** Fill in your social security number. You must also fill in your spouse’s social security number if you are married filing a joint return or married filing a separate return (including married filing as head of household).

■ **Filing Status** Check the appropriate space to indicate your filing status. More than one filing status may apply to you. If it does, choose the one that will give you the lowest tax.

**Note** If you became divorced during 2014 or are married and will file a separate return (including a married person filing as head of household), you should get Publication 109, *Tax Information for Married Persons Filing Separate Returns and Persons Divorced in 2014*, for information on what income you must report.

**Single** You may check “single” if **any** of the following was true on December 31, 2014:

- You were never married.
- You were legally separated under a **final** decree of divorce or separate maintenance.
- You were widowed before January 1, 2014, and did not remarry in 2014.

**Married filing joint return** Most married couples will pay less tax if they file a joint return. You may check “married filing joint return” if **any** of the following is true:

- You were married as of December 31, 2014.
- Your spouse died in 2014 and you did not remarry in 2014.
- You were married at the end of 2014, and your spouse died in 2015 before filing a 2014 return.

A married couple may file a joint return even if only one had income or if they did not live together all year. However, both spouses must sign the return. If you file a joint return, you may not, after the due date for filing that return, amend it to file as married filing separately. A joint return cannot be filed if you and your spouse have different tax years.

If you file a joint return, both you and your spouse are responsible for any tax due on the return. This means that if one spouse does not pay the tax due, the other may have to.

**Married filing separate return** If you file separate returns, you will usually pay more state tax than if you file a joint return. Your tax may be higher on separate returns because:

- You cannot take the married couple credit.
- If you lived with your spouse at any time in 2014, a greater amount of any unemployment compensation that you received may be taxable.
- You will not qualify for the disability income exclusion.
- You will not qualify for the earned income credit.

**Head of household** If you qualify to file your federal return as head of household, you may also file as head of household for Wisconsin. Unmarried individuals who paid over half the cost of keeping up a home for a qualifying person (such as a child) can use this filing status. Certain married persons who lived apart from their spouse for the last 6 months of 2014 who paid over half the cost of keeping up a home that was the main home of their child, stepchild, or foster child for more than half of 2014 may be able to use this status.

**Note** If you are married and qualify to file as head of household, be sure to check both “head of household” filing status and “married” on the same line next to the arrow. Also fill in your spouse’s name and social security number in the spaces provided.

If you do not have to file a federal return, contact any Department of Revenue office to see if you qualify. If you file your federal return as a qualifying widow(er), you may file your Wisconsin return as head of household.

■ **Tax District** Check either city, village, or town and fill in the name of the Wisconsin city, village, or town in which you lived on December 31, 2014. Also fill in the name of the county in which you lived.

■ **School District Number** See the list of school district numbers on page 39. Fill in the number of the school district in which you lived on December 31, 2014.

**Note** ■ **Special Conditions** Below is a list of the special condition codes that you may need to enter in the special conditions box on Form 1. Be sure to read the instruction on the page listed for each code before using it. Using the wrong code or not using a code when appropriate could result in an incorrect tax computation or a delay in processing your return.

- 01 Extension – Operation Iraqi Freedom (page 6)
- 02 Extension – Combat zone (page 6)
- 03 Extension – Federally declared disaster (page 6)
- 04 Divorce decree (page 36)
- 05 Injured spouse (page 36)
- 06 Single decedent or primary taxpayer if joint return (page 38)
- 07 Spouse deceased if joint return (page 38)
- 08 Both taxpayers deceased (page 38)
- 11 Fiscal filer (page 7)
- 16 Schedule RT attached (page 19)
- 99 Multiple special conditions

If more than one special condition applies, fill in “99” in the Special Conditions box and list the separate code numbers on the line next to the box, in addition to any other information required on the line.

**Note** ■ **Rounding Off to Whole Dollars** The form has preprinted zeros in the place used to enter cents. All amounts filled in the form should be rounded to the nearest dollar. Drop amounts under 50¢ and increase amounts from 50¢ to 99¢ to the next whole dollar. For example, \$129.39 becomes \$129 and \$236.50 becomes \$237.

Round off all amounts. But if you have to add two or more amounts to figure the amount to fill in on a line, include cents when adding and only round off the total. If completing the form by hand, **DO NOT USE COMMAS** when filling in amounts.

*Line 1 instructions – continued*

### ■ Line 1 Federal Adjusted Gross Income

Fill in your federal adjusted gross income from:

- line 37 of your federal Form 1040,
- line 21 of your federal Form 1040A, or
- line 4 of your federal Form 1040EZ.

#### Exception

- The federal adjusted gross income that you fill in on line 1 may not be the same as the amount reported as adjusted gross income on your federal Form 1040. Differences may occur because Wisconsin uses the provisions of federal law amended to December 31, 2010, with certain exceptions. Laws enacted after December 31, 2010, may not be used for Wisconsin unless adopted by the Legislature.

A comprehensive list of provisions of federal law that may not be used for Wisconsin for 2014 can be found in the instructions for Wisconsin Schedule I. Following is a partial list of the items that may affect the largest number of taxpayers.

- Bonus depreciation
- Discharge of indebtedness on principal residence.
- Educator expenses.

(**Note** These items have expired for 2014 but may be extended by Congress later this year. If extended, they will not apply for Wisconsin and a Schedule I adjustment will be required.)

If any provision of federal law which does not apply for Wisconsin purposes affects your federal adjusted gross income, you must complete Wisconsin Schedule I and enclose it with your Form 1. The amount you fill in on line 1 of Form 1 (and amounts filled in on Schedule 1 on page 4 of Form 1) should be the revised amount determined on Schedule I.

If Schedule I adjustments in a prior year (other than for depreciation, amortization, or sec. 179 expense) affect income or expense items in 2014, you must also make adjustments on Schedule I for 2014.

You may also be required to complete Schedule I if you sold assets during 2014, and the gain or loss from the sale is different for Wisconsin and federal purposes due to Schedule I adjustments made in a prior year. This does not apply for 2014 if the difference is due to property that was being depreciated or amortized. See the instructions for *Difference in Federal and Wisconsin Basis of Depreciated and Amortized Assets* on page 20 for more information.

### ■ Line 2 State and Municipal Interest

Fill in the amount of interest you received from state and municipal bonds. This will generally be the amount shown as tax-exempt interest on line 8b of your federal Form 1040 or 1040A or the amount identified as tax-exempt interest on line 2 of Form 1040EZ. (If you were required for federal purposes to allocate expenses to this income, reduce the amount to be filled in by such expenses.)

**Exception** If you received interest income which is exempt for state and federal tax purposes, do not include this interest income on line 2. Interest income which is exempt for federal and Wisconsin tax purposes includes interest from:

- (1) public housing authority or community development authority bonds issued by municipalities located in Wisconsin,
- (2) Wisconsin Housing Finance Authority bonds,
- (3) Wisconsin municipal redevelopment authority bonds,
- (4) Wisconsin Housing and Economic Development Authority bonds issued on or after December 11, 2003, to fund multifamily affordable housing or elderly housing projects,
- (5) Wisconsin Housing and Economic Development Authority bonds issued before January 29, 1987, except business development revenue bonds, economic development revenue bonds, and CHAP housing revenue bonds,
- (6) public housing agency bonds issued before January 29, 1987, by agencies located outside Wisconsin where the interest therefrom qualifies for exemption from federal taxation for a reason other than or in addition to section 103 of the IRC,
- (7) local exposition district bonds,
- (8) Wisconsin professional baseball park district bonds,
- (9) bonds issued by the Government of Puerto Rico, Guam, the Virgin Islands, or the Northern Mariana Islands, or, for bonds issued after October 16, 2004, the Government of American Samoa,
- (10) local cultural arts district bonds,
- (11) Wisconsin professional football stadium bonds,
- (12) Wisconsin Aerospace Authority bonds,
- (13) bonds issued on or after October 27, 2007, by the Wisconsin Health and Education Facilities Authority to fund acquisition of information technology hardware or software,
- (14) certain conduit revenue bonds issued by a commission created under sec. 66.0304, Wis. Stats. (**Note** At the time this booklet went to print (November 15, 2014), there were no conduit revenue bonds issued where the interest income is exempt from Wisconsin tax. A listing of the conduit revenue bonds issued and the tax-exempt status is available on the department's website at: [revenue.wi.gov/faqs/pcs/conduit.html](http://revenue.wi.gov/faqs/pcs/conduit.html)),
- (15) Wisconsin Housing and Economic Development Authority bonds or notes if the bonds or notes are issued to provide loans to a public affairs network under sec. 234.75, Wis. Stats., and

## Line 2 instructions – continued

- (16) The Wisconsin Health and Educational Facilities Authority if the bonds or notes are issued for the benefit of a person who is eligible to receive the proceeds of bonds or notes from another entity for the same purpose for which the bonds or notes are issued under sec. 231.03(6), Wis. Stats., and the interest income received from the other bonds or notes is exempt from Wisconsin taxation.

Interest from these sources is exempt from Wisconsin income tax whether received by a direct owner of these securities or by a shareholder in a mutual fund which invests in these securities.

### ■ Line 3 Capital Gain / Loss Addition

If your federal adjusted gross income includes capital gains and/or losses (see line 13, Form 1040), you must complete Schedule WD.

Schedule WD determines whether any capital gain/loss addition must be reported on line 3. For example, after completing Schedule WD, you may be required to include an amount as an addition to income on line 3 because Wisconsin law limits the deduction for a net capital loss to \$500.

**Note** If the only amount reported on line 13 of Form 1040 (line 10 of Form 1040A) is a capital gain distribution from a mutual fund or real estate investment trust and you have no Wisconsin capital loss carryover, do not complete line 3. See line 10 instructions.

### ■ Line 4 Other Additions

**Note** Fill in the code number and amount of any of the additions described below that apply to you. The code number is printed to the left of the various additions. For example, if you are making an addition for a federal net operating loss carryover, you would fill in the number 02 in the code number space \_\_\_\_\_, and fill in the amount of your federal net operating loss carryover on the line next to the code number space. Also, fill in the total of all your additions on line 4.

Line 4 of Form 1 has space to fill in five additions to income. If you have more than five additions, fill in the code numbers and amounts for four of the additions. List the code numbers and amounts of all remaining additions on a separate schedule. In the fifth entry space by line 4, fill in code number 99 and the total amount of the remaining additions. Enclose the schedule listing the remaining additions with your Form 1.

**Note** See Additions To or Subtractions From Income on page 21 for information on other items which may have to be included on line 4.

- 01 Distributions from EdVest and Tomorrow's Scholar College Savings Account** If you received a distribution from an EdVest or Tomorrow's Scholar college savings account and the entire distribution was not used for

## Line 4 instructions – continued

qualified higher education expenses, you may have to include all or a portion of the distribution in income. If you rolled over an amount from an EdVest or Tomorrow's Scholar college savings plan into another state's plan, you may also have to include a portion of the amount rolled over in Wisconsin income. Complete Schedule CS to determine the amount you must include in income. Enclose Schedule CS with Form 1.

- 02 Federal Net Operating Loss Carryover** Fill in any amount deducted as a federal net operating loss carryover. (See the instructions for line 11, Item 10, for information about the Wisconsin net operating loss carryforward.)

- 03 Income (Lump-Sum Distributions) Reported on Federal Form 4972** Income from a lump-sum distribution is taxable to Wisconsin. If you reported a lump-sum distribution on federal Form 4972, you must also include the distribution in Wisconsin income. Fill in the total of (1) the capital gain part of the lump-sum distribution from line 6 of Form 4972 and (2) the taxable amount from line 10 of Form 4972. You may reduce this amount by any federal estate tax on line 18 of Form 4972.

**CAUTION** If the amount on line 10 of Form 4972 was computed using the rules for multiple recipients of a lump-sum distribution, include only your share of the taxable amount on line 10 less your share of any federal estate tax attributable to the lump-sum distribution on line 18.

**Note** No portion of a lump-sum distribution may be reported as a capital gain on Wisconsin Schedule WD.

- 04 Farmland Preservation Credit** The total amount of farmland preservation credit from Schedule FC that you received during 2014 must be reported as income. Fill in as an addition any portion of your farmland preservation credit which was not included as income on your federal tax return.

- 05 Excess Distribution From a Passive Foreign Investment Company** Fill in the excess distribution from a passive foreign investment company that was not included in federal adjusted gross income (see federal Form 8621 or 8621-A).

- 06 Expenses Paid to Related Entities** Fill in the amount deducted or excluded from your federal income for interest, rental expenses, intangible expenses, and management fees paid, accrued, or incurred to a related entity (person or business entity). *You must make this addition even though you may be eligible for a deduction for these expenses.* If you are eligible for a deduction, you may then make a subtraction for the amount that qualifies (see Item 21 on page 19).

Line 4 instructions – continued

**07 Amounts Not Deductible for Wisconsin** Fill in any amount deducted in computing your federal adjusted gross income that is not allowed as a deduction for Wisconsin. Enclose an explanation of the additions you are including using code 07.

**Example** You deducted a passive activity loss on your federal return for losses incurred when you were a resident of another state. The passive activity losses were not allocable to Wisconsin. The passive activity losses are not deductible for Wisconsin and must be included on line 4.

**08 – 17 Addition for Computed Credits** If you claimed any of the credits listed below, you must include on line 4 the amount of your credit computed for 2014. The amount of your credit is income and must be reported on Form 1. This is true even if you cannot take the full credit this year and must carry part of it forward or if the credit is refundable. (Note Do not include on line 4 any credits passed through to you from a partnership, limited liability company, or tax-option corporation. These will be accounted for when you make the adjustments described in Items 51 and 52 on page 21.)

List each credit and the appropriate code number separately on line 4. Include the following credits computed for 2014:

- 08 Development Zone Credit**
- 09 Technology Zone Credit**
- 10 Enterprise Zone Jobs Credit**
- 11 Manufacturing Investment Credit**
- 12 Economic Development Tax Credit**
- 13 Jobs Tax Credit**
- 14 Woody Biomass Harvesting and Processing Credit**
- 15 Community Rehabilitation Program Credit**
- 16 Research Expense Credits**
- 17 Manufacturing and Agriculture Credit**  
(see Exception below)

**Exception** The amount of manufacturing and agriculture credit computed for 2013 must be added to income on your 2014 Wisconsin income tax return.

**18 Difference in Federal and Wisconsin Basis of Depreciated or Amortized Assets** Starting with the first taxable year beginning in 2014, adjustments are to be made over a 5-year period for the difference between the Wisconsin adjusted basis and the federal adjusted basis of assets owned on the last day of the taxable year beginning in 2013. The assets must have been depreciated or amortized for both Wisconsin and federal tax purposes. As a result of these adjustments, the Wisconsin adjusted basis and the federal adjusted basis of these assets is deemed to be equal on the first day of the taxable year beginning in 2014.

Line 4 instructions – continued

You must first determine the difference between the Wisconsin adjusted basis and the federal adjusted basis of all assets that are being depreciated or amortized on the last day of your taxable year beginning in 2013. This would be on December 31, 2013, if you file your tax return on a calendar-year basis.

If the total federal adjusted basis of the assets is less than the total Wisconsin adjusted basis, see the instructions for line 11, Item 33, *Difference in Federal and Wisconsin Basis of Depreciated or Amortized Assets*, for the subtraction to be claimed to adjust for this difference. If the total federal adjusted basis is more than the total Wisconsin adjusted basis, complete the worksheet below to determine the adjustment (addition to income) required for 2014 and each of the next 4 years.

<b>Worksheet for Difference in Basis</b>	
<i>(Keep for your records)</i>	
1. Combined federal adjusted basis of all depreciated and amortized assets as of the last day of your taxable year beginning in 2013	1. _____
2. Combined Wisconsin adjusted basis of all depreciated and amortized assets as of the last day of your taxable year beginning in 2013	2. _____
3. Subtract line 2 from line 1	3. _____
4. Multiply line 3 by .20 (20%). This is your addition to income for 2014	4. _____

■ **Line 6 State Income Tax Refund**

Refunds of state and local income taxes are not taxable for Wisconsin. Fill in the amount of taxable refunds, credits, or offsets of state and local income taxes from federal Form 1040, line 10.

■ **Line 7 United States Government Interest**

Fill in the amount of interest on U.S. bonds and interest and dividends of certain U.S. government corporations that is included on line 1 of Form 1. This income is not taxable.

A mutual fund may invest in U.S. government securities. If it does, a portion or all of its ordinary dividend may not be taxable by Wisconsin. If a mutual fund advised you that all or a portion of its ordinary dividend is from investments in U.S. government securities, include that portion on line 7.

**CAUTION** Do not fill in on line 7, interest from Ginnie Mae (Government National Mortgage Association) securities and other similar securities which are “guaranteed” by the United States government. You must include interest from these securities in your Wisconsin taxable income.

**Line 8 Unemployment Compensation**

You may have a different amount of unemployment compensation taxable for Wisconsin and federal purposes. Complete the worksheet below to see if you can subtract any portion of the unemployment compensation which you included as income on your federal tax return.

**Line 9 Social Security Adjustment**

Social security benefits are not taxable for Wisconsin. You may subtract any social security benefits that were taxable on your federal Form 1040 or 1040A. Fill in on line 9 the amount from line 20b of federal Form 1040 or line 14b of Form 1040A.

**Line 10 Capital Gain / Loss Subtraction**

If your federal adjusted gross income includes capital gains and/or losses (see line 13, Form 1040 or line 10, Form 1040A), you must complete Schedule WD. You must also complete Schedule WD if your federal adjusted gross income does not include capital gains and/or losses, but you have a capital loss carryover for Wisconsin tax purposes.

Schedule WD determines whether any capital gain/loss subtraction must be reported on line 10. For example, after completing Schedule WD, you may be able to include an amount as a subtraction on line 10 because you qualify for the 30% capital gain exclusion (60% in the case of farm assets).

All amounts must be filled in on line 10 as positive numbers.

**EXCEPTION** If the only amount reported as a capital gain on line 13 of your federal Form 1040 or line 10 of Form 1040A is a capital gain distribution from a mutual fund or real estate investment trust and you have no Wisconsin capital loss carryover, you may claim a capital gain exclusion on line 10. Fill in 30% of the amount of the capital gain distribution on line 10. Do not complete Wisconsin Schedule WD.

**Line 11 Other Subtractions**

**Note** Fill in the code number and amount of any of the subtractions described below that apply to you. The code number is printed to the left of the various subtractions. For example, if you are claiming a subtraction for tuition expenses, you would fill in the number 03 in the code number space \_\_\_\_\_, and fill in the amount of your subtraction for tuition expenses on the line next to the code number space. Also, fill in the total of all your subtractions on line 11.

Line 11 of Form 1 has space to fill in five subtractions from income. If you have more than five subtractions, fill in the code numbers and amounts for four of the subtractions. List the code numbers and amounts of all remaining subtractions on a separate schedule. In the fifth entry space by line 11, fill in code number 99 and the total amount of the remaining subtractions. Enclose the schedule listing the remaining subtractions with your Form 1.

**Note** See Additions To or Subtractions From Income on page 21 for information on other items which may have to be included on line 11.

**01 Medical Care Insurance** You may be able to subtract all or a portion of the cost of your medical care insurance.

“Medical care insurance” means a medical care insurance policy that covers you, your spouse, and dependents and provides surgical, medical, hospital, major medical, or other health service coverage (including dental insurance). If you are receiving social security benefits, the amount paid for medical care insurance includes the amount deducted

Line 11 instructions – continued

from your monthly benefit for Medicare insurance (for example, Parts B and D). It does not include premiums for:

- Long-term care insurance,
- Life insurance policies,
- Policies providing payment for loss of earnings,
- Policies for loss of life, limb, sight, etc.,
- Policies that pay you a guaranteed amount each week for a stated number of weeks if you are hospitalized for sickness or injury,
- The part of your car insurance premiums that provides medical insurance coverage for all persons injured in or by your car, or
- Medical care insurance if you elected to pay these premiums with tax-free distributions from a retirement plan. In this case, the premiums would have been paid directly to the insurance provider by the retirement plan.

**Note** **CAUTION** Do not include insurance premiums paid by an employer unless the premiums are included as wages in box 1 of your Form W-2. Premiums that are deducted pre-tax are not included in box 1 of your Form W-2.

The amount of employer-provided medical insurance that is identified on your W-2 in Box 12 with Code DD cannot be included in the subtraction for medical care insurance.

If you participate in your employer’s fringe benefit cafeteria plan and agree to a voluntary salary reduction in return for a medical care insurance benefit, you may not consider the amount of your salary reduction an amount you paid for medical care insurance. You cannot subtract premiums paid with money that has not been included in your gross income. Such programs may be known as, for example, flexible spending accounts, employee reimbursement accounts, etc. Some employers may identify these amounts on your pay stubs as Internal Revenue Code sec. 125 or as a pre-tax deduction.

**Note** When completing line 1 of Worksheet 1 or 2, if you purchased the insurance through an Exchange, the amount you paid is the amount paid after your premium was reduced for any advance payment of the premium assistance credit.

**If you are self-employed, complete Worksheet 1.** (Note If you are self-employed and deducted 100% of your medical care insurance cost on line 29 of your federal Form 1040 as a self-employed health insurance deduction, do not complete Worksheet 1 or 2. No additional deduction is allowed.)

Line 11 instructions – continued

**02 Long-Term Care Insurance** If you paid long-term care insurance costs during 2014, you may be able to subtract all or a portion of the cost of a long-term care insurance policy which covers you or your spouse.

“Long-term care insurance policy” means a disability insurance policy or certificate advertised, marketed, offered, or designed primarily to provide coverage for care that is provided in your home or in an institutional or community-based setting. The care must be convalescent or custodial care or care for a chronic condition or terminal illness.

“Long-term care insurance policy” does not include a medicare supplement policy or medicare replacement policy or a continuing care contract. “Continuing care contract” means a contract which provides nursing services, medical services, or personal care services, in addition to food, shelter, and laundry services, for the duration of a person’s life or for a term in excess of one year, conditioned upon any of the following payments:

- An entrance fee in excess of \$10,000.
- Providing for the transfer of at least \$10,000 (if the amount is expressed in dollars) or 50% of the person’s estate (if the amount is expressed as a percentage of the person’s estate) to the service provider upon the person’s death.

Do not include premiums for long-term care insurance if you elected to pay those premiums with tax-free distributions from a retirement plan. In this case, the premiums would have been made directly to the insurance provider by the retirement plan.

If you paid long-term care insurance costs during 2014 for a policy which covers you or your spouse, complete the worksheet below to determine your subtraction.

**03 Tuition and Fee Expenses** You may be able to claim a subtraction for up to \$6,940 (per student) of the amount you paid during 2014 for tuition and mandatory student fees for you, your spouse (if married filing a joint return), and children whom you claim as dependents on your federal income tax return.

**CAUTION** If you claimed a tuition and fees deduction on your federal return, be sure you have completed Wisconsin Schedule I.

The tuition and mandatory student fees must have been paid during 2014 to attend any of the following:

- Classes in Wisconsin at a school which qualifies as a university, college, or technical college. A “university, college, or technical college” is any school which has a curriculum leading to a diploma, degree, or occupational or vocational objective.
- Classes in Wisconsin at other post-secondary (post-high school) schools that have been approved by the Wisconsin Educational Approval Board.
- Classes in Minnesota at a public vocational school or public institution of higher education in Minnesota under the Minnesota–Wisconsin tuition reciprocity agreement.
- Classes outside Wisconsin provided the tuition is paid to a university, college, or technical college located in Wisconsin.

The subtraction does not apply to tuition or fees paid to pre-schools, elementary, or secondary schools.

Tuition and mandatory student fees paid to a school which fits into one of the four categories listed above may be subtracted regardless of the type of course taken. For example, tuition paid for craft or recreational courses at a technical college qualifies for the subtraction.

Tuition and mandatory student fees paid to a school which does not fit into any of the four categories may not be claimed as a subtraction. For example, the subtraction does not apply to a fee paid to a retail craft store to attend a session on flower arranging.

Tuition and mandatory student fees paid for correspondence courses or courses received via the Internet or other electronic transmission qualifies for the subtraction as long as the courses are taken in Wisconsin and are presented by a school (located in or outside Wisconsin) which qualifies as a university, college, or technical college, or a school approved by the Wisconsin Educational Approval Board.

**CAUTION** The subtraction only applies to tuition and mandatory student fees. Amounts paid as separate charges for other items such as room and board, athletic tickets, or other costs may not be subtracted.

Line 11 instructions – continued

Line 11 instructions – continued

You cannot claim a subtraction for tuition and fees paid with certain tax-free funds. For example, you cannot claim a subtraction for tuition paid with tax-free scholarships or Pell grants or for amounts paid or reimbursed to you by your employer. You can subtract tuition and fees paid from loans, gifts, inheritances, and personal savings.

You cannot claim the subtraction if the source of the payment is an amount withdrawn from a Wisconsin state-sponsored college savings program or college tuition and expenses program (for example, EdVest or Tomorrow’s Scholar). This limitation applies only if the owner of the account or other person who contributed to the account (for example, parent, grandparent, aunt, or uncle) previously claimed a subtraction for contributions to these programs.

The subtraction is limited if your federal adjusted gross income exceeds certain amounts. Your federal adjusted gross income is the amount on line 1 of Form 1.

Determine your tuition and mandatory student fees subtraction as follows:

**Single or Head of Household**

- If line 1 of Form 1 is \$51,620 or less, you may subtract the amount paid for tuition and mandatory student fees during 2014, but not more than \$6,940 per student.\* Fill in the amount of your subtraction on line 11.
- If line 1 of Form 1 is more than \$51,620 but less than \$61,940, use the worksheet on this page to figure the amount of your subtraction.
- If line 1 of Form 1 is \$61,940 or more, you may not subtract any amount for tuition and fee expenses.

**Married Filing Joint Return**

- If line 1 of Form 1 is \$82,590 or less, you may subtract the amount paid for tuition and mandatory student fees during 2014, but not more than \$6,940 per student.\* Fill in the amount of your subtraction on line 11.
- If line 1 of Form 1 is more than \$82,590 but less than \$103,240, use the worksheet on this page to figure the amount of your subtraction.
- If line 1 of Form 1 is \$103,240 or more, you may not subtract any amount for tuition and fee expenses.

**Married Filing Separate Return**

- If line 1 of Form 1 is \$41,300 or less, you may subtract the amount paid for tuition and mandatory student fees during 2014, but not more than \$6,940 per student.\* Fill in the amount of your subtraction on line 11.
- If line 1 of Form 1 is more than \$41,300 but less than \$51,620, use the worksheet on this page to figure the amount of your subtraction.
- If line 1 of Form 1 is \$51,620 or more, you may not subtract any amount for tuition and fee expenses.

**04 Military and Uniformed Services Retirement Benefits**

- You may subtract retirement payments received from:
- (1) The U.S. military retirement system (including payments from the Retired Serviceman’s Family Protection Plan or the Survivor Benefit Plan), and
  - (2) The U.S. government that relate to service with the Coast Guard, the commissioned corps of the National Oceanic and Atmospheric Administration, or the commissioned corps of the Public Health Service.

Your subtraction cannot be more than the amount of such retirement payments that you included in your federal income.

**05 Local and State Retirement Benefits**

- You may subtract any payments received from the retirement systems listed on page 16 provided:
- (1) You were retired from the system before January 1, 1964, or
  - (2) You were a member of the system as of December 31, 1963, retiring at a later date and payments you receive are from an account established before 1964, or
  - (3) You are receiving payments from the system as the beneficiary of an individual who met either condition 1 or 2.

Your subtraction cannot be more than the amount of such payments that you included in your federal income.

Line 11 instructions – continued

The specific retirement systems are:

Milwaukee City Employees, Milwaukee City Police Officers, Milwaukee Fire Fighters, Milwaukee Public School Teachers, Milwaukee County Employees, Milwaukee Sheriff, and Wisconsin State Teachers retirement systems.

**Note** Do not subtract any of the following:

- Payments received as a result of voluntary tax-sheltered annuity deposits in any of the retirement systems listed above.
- Payments received from one of the retirement systems listed above if you first became a member after December 31, 1963. This applies even though pre-1964 military service may have been counted as creditable service in computing your retirement benefit.

**CAUTION** Your retirement benefits may be subtracted only if they are based on qualified membership in one of the retirement systems listed above. Qualified membership is membership that began before January 1964 as explained on page 15. Any portion of your retirement benefit that is based on membership in other retirement systems (or based on employment that began after December 31, 1963) is taxable and may not be subtracted.

**Example 1** You were a member of the Wisconsin State Teachers Retirement System as of December 31, 1963. You left teaching after 1963 and withdrew the allowable amount from your retirement account. This closed the account. You later returned to teaching. A new retirement account was then established for you. Retirement benefits from this new account (established after 1963) do not qualify for the exemption.

**Example 2** You were employed as a teacher from 1960-65. During that time you were a member of the Wisconsin State Teachers Retirement System. From 1966 until retirement, you were employed by a state agency (not as a teacher). You were then a member of the Wisconsin Retirement System. You receive an annuity from the Department of Employee Trust Funds. The annuity is based on employment in both retirement systems. Only the portion of the annuity that is due to the Wisconsin State Teachers Retirement System may be subtracted. You may use the following formula to figure the exempt amount that may be subtracted:

Years of creditable service in an exempt plan	x	Annuity included in federal income	=	Portion of annuity which may be subtracted
Total years of creditable service				

**Note** You may have received separate Forms 1099-R for the taxable and exempt portions of your annuity. In this case, you may use the Form 1099-R information instead of the above formula.

Line 11 instructions – continued

**06 Federal Retirement Benefits** You may subtract payments received from a federal retirement system provided:

- (1) You were retired from the system before January 1, 1964, or
- (2) You were a member of the system as of December 31, 1963, retiring at a later date and payments you receive are from an account established before 1964, or
- (3) You are receiving payments from the system as the beneficiary of an individual who met either condition 1 or 2.

See “**05 Local and State Retirement Benefits**” on page 15 for further information. The limitations and examples that apply to local and state retirement benefits also apply to federal retirement benefits.

A “federal retirement system” is a United States government civilian employee retirement system. Examples of such retirement systems include the Civil Service Retirement System and the Federal Employees’ Retirement System. Payments from the federal Thrift Savings Plan do not qualify for the subtraction.

**07 Railroad Retirement Benefits, Railroad Unemployment Insurance, and Sickness Benefits** Wisconsin does not tax amounts received from the U.S. Railroad Retirement Board. You may subtract railroad retirement benefits included on line 16b of your federal Form 1040 (line 12b of Form 1040A).

**08 Adoption Expenses** If you adopted a child for whom a final order of adoption was entered by a Wisconsin court during 2014, you may subtract up to \$5,000 of the amount you paid for adoption fees, court costs, and legal fees relating to the adoption. You may include amounts paid during 2012, 2013, and 2014. Don’t count amounts reimbursed under any adoption assistance program. If you adopt more than one child during the year, you may deduct up to \$5,000 of adoption expenses for each child.

**09 Recoveries of Federal Itemized Deductions** Fill in any amount included as income on your federal tax return that is a recovery of a federal itemized deduction from a prior year for which you did not receive a Wisconsin tax benefit.

**Example** You claimed an itemized deduction on your 2013 federal tax return for a casualty loss of \$2,000. You could not claim the casualty loss for the itemized deduction credit on your 2013 Wisconsin income tax return. During 2014 you received a reimbursement of \$1,000 from your insurance company for part of the casualty loss. The \$1,000 reimbursement is included on your 2014 federal tax return as a recovery of an amount previously claimed as an itemized deduction. Because you did not claim the casualty loss for the itemized deduction credit for Wisconsin for 2013, the \$1,000 is not taxable to Wisconsin for 2014. Fill in the \$1,000 recovery on line 11.

Line 11 instructions – continued

**10 Wisconsin Net Operating Loss Carryforward** If you had a net operating loss (NOL) in an earlier year to carry forward to 2014, include the allowable amount on line 11. Enclose a statement showing how you figured the amount. Get Publication 120, *Net Operating Losses for Individuals, Estates, and Trusts*, for more details on computing the NOL and the allowable deduction. See page 6 for information on how to get this publication.

**11 Native Americans** Certain income (for example, wages) earned by a Native American who both lives and works on his or her tribal reservation is not subject to Wisconsin income tax and may be subtracted. See Publication 405, *Wisconsin Taxation of Native Americans*, for more information.

**12 Amounts Not Taxable by Wisconsin** You may subtract any amounts not taxable by Wisconsin (less related expenses except those expenses which are used to calculate the Wisconsin itemized deduction credit) which have been included as income on your federal tax return or excluded from federal deductions. Enclose an explanation of the subtractions you are including using code 12.

**Example** Wisconsin doesn't tax certain relocation assistance payments received by persons displaced by condemnation, subject to the conditions in sec. 32.19 of the Wisconsin Statutes.

**CAUTION** Do not use this subtraction when using a different federal election for Wisconsin and federal tax purposes. Instead, complete a federal return (pro forma return) using the election chosen for Wisconsin. The federal adjusted gross income from this pro forma return is entered on line 1 of Form 1. Attach the pro forma federal return to your Wisconsin return instead of the return sent to the IRS.

**13 Farm Loss Carryover** If you were not actively engaged in farming and were subject to farm loss limitations on your 1999 or subsequent year Wisconsin income tax return, you may be able to claim a subtraction for all or a portion of the farm loss disallowed in those years. Farm losses disallowed as a deduction may be carried forward for 15 years to the extent that the farm losses are not offset against farm income of any year between the loss year and the year for which the carryover is claimed. The amount of carryover that can be subtracted is the lesser of (1) the farm loss carryover or (2) the net profits and net gains from the sale or exchange of capital or business assets in the current year from the same farming business or portion of that business to which the limits on deductible farm losses applied in the loss year.

**Example** You have a farm loss carryover from 2013 of \$30,000. For 2014 you report a net loss of \$2,000 on Schedule F and a net gain of \$6,000 from the sale of farm

Line 11 instructions – continued

equipment on Form 4797. The gain and loss are from the same farming business to which the limitation applied in the loss year. You may subtract \$6,000 as a farm loss carryover on line 11.

**14 Contributions to a Wisconsin State-Sponsored College Savings Program** You may be able to subtract the amount you contributed to a Wisconsin state-sponsored college savings account (EdVest or Tomorrow's Scholar) if you are the owner of the account or were authorized by the owner of the account to make contributions to the account.

Complete Schedule CS, *College Savings Accounts*, to determine the amount of your subtraction. Enclose Schedule CS with your Form 1.

**15 Distributions from Wisconsin State-Sponsored College Tuition Programs** If you included earnings from a qualified college tuition program in your federal adjusted gross income, you may subtract that amount if the earnings were from a Wisconsin EdVest tuition unit account and you received a refund because the beneficiary completed the program in which he or she was enrolled and had not used all of the tuition units purchased; or the beneficiary was awarded a scholarship, tuition waiver, or similar subsidy that could not be converted to cash.

**16 Disability Income Exclusion** If you are retired on permanent and total disability and have included your disability income on line 1 of Form 1, you may be able to subtract up to \$5,200 of your disability income. You must meet ALL these tests:

- You did not reach mandatory retirement age before January 1, 2014.
- You were under age 65 on December 31, 2014.
- You were permanently and totally disabled –
  - a. when you retired, or
  - b. on January 1, 1976, or January 1, 1977, if you retired before January 1, 1977, on disability or under circumstances which entitled you to retire on disability.
- If you were married at the end of 2014, you must file a joint return.
- You did not in any year prior to 1984 choose to treat your disability income as a pension instead of taking the exclusion.
- Your federal adjusted gross income is less than \$20,200 (\$25,400 if married and both spouses are eligible).

Compute your exclusion on Wisconsin Schedule 2440W, *Disability Income Exclusion*. Enclose Schedule 2440W with your Form 1. See page 6 for information on how to get this schedule.

Line 11 instructions – continued

**17 Sale of Business Assets or Assets Used in Farming to a Related Person** You may subtract the taxable portion of gain you realize from the sale or disposition to a related person of business assets or assets used in farming if the following conditions apply:

- The related person is your child, grandchild, great-grandchild, parent, brother or sister, nephew or niece, grandparent, great-grandparent, or aunt or uncle. The person may be related to you by blood, marriage, or adoption.
- The asset was held by you for more than 12 months.
- The gain is treated as capital gain for federal tax purposes. Amounts treated as ordinary income do not qualify.

Gain on the sale or disposition of shares in a corporation or trust qualifies only if:

- The number of shareholders or beneficiaries does not exceed 15. Lineal ancestors and descendants and aunts, uncles, and 1st cousins thereof count collectively as one shareholder or beneficiary. This collective authorization may not be used for more than one family in a single corporation or trust.
- The corporation does not have more than two classes of shares.
- All shareholders or beneficiaries, other than any estate, are natural persons.

*Farming* “Farming” means the cultivation of land or the raising or harvesting of any agricultural or horticultural commodity including the raising, shearing, feeding, caring for, training, and management of animals. Trees (other than trees bearing fruit or nuts) are not treated as an agricultural or horticultural commodity. (Trees may qualify as a business asset.)

*Business Assets* “Business assets” are assets used in an activity carried on for a livelihood or in good faith to make a profit. The facts and circumstances of each case determine whether or not an activity is a business. Regularity of activities and transactions and the production of income are important elements. You do not need to actually make a profit to be in a business as long as you have a profit motive. You do need, however, to make ongoing efforts to further the interests of your business.

“Business assets” include assets used in the performance of services by an individual as an employee and assets used in the conduct of a trade or business by an individual who is self-employed.

“Business assets” do not include investment and rental property (for example, stocks, bonds, and residential rental property) unless you are subject to federal self-employment tax on the earnings from the activity. (**Note** Rental property which is a farm or farm equipment may qualify as an asset “used in farming.”)

Line 11 instructions – continued

**Computing the subtraction** You must first complete Wisconsin Schedule WD. The amount of gain that may be subtracted is determined after netting all capital gains and losses on Schedule WD.

- If amounts reported in Parts I and II of Schedule WD consist only of capital gains, your subtraction is equal to 70% of the long-term gain on the sale of a business asset to the related person or 40% of the long-term gain on the sale of a farm asset to the related person.
- If the amount on line 17 or 18 of Schedule WD is a net loss, you may not subtract any amount as gain on the sale of the asset to the related person.
- If the amount on line 18 of Schedule WD is a net gain and (1) the only gain reported on Schedule WD is from the sale of the asset to the related person and (2) a loss is included in line 17 of Schedule WD and/or on line 8 of Schedule WD, your subtraction is equal to the amount on line 27 of Schedule WD.
- If the amount on line 18 of Schedule WD is a net gain and (1) the only long-term gain reported on Schedule WD is from the sale of the asset to the related person, (2) a loss is included in line 17 of Schedule WD, and (3) you show a gain on line 8 of Schedule WD, your subtraction is equal to the amount on line 27 of Schedule WD less the amount on line 8 of Schedule WD.
- If the amount on line 18 of Schedule WD is a net gain and (1) that net gain includes more than one long-term capital gain and (2) a loss is included in line 17 of Schedule WD and/or on line 8 of Schedule WD, complete the worksheet below to compute your subtraction.
- If the amount on line 18 of Schedule WD is a net gain and (1) that net gain includes more than one long-term capital gain, (2) a loss is included in line 17 of Schedule WD, and (3) you show a gain on line 8 of Schedule WD, complete the worksheet below to compute your subtraction.

<b>Worksheet for Gain on Sale of Assets to Related Person</b>

2. Long-term capital gain on the sale of asset to related person . . . . .	2. _____
3. Total long-term capital gain included in line 17 of Schedule WD . . . . .	3. _____
4. Divide line 2 by line 3. Carry decimal to four places . . . . .	4. _____
5. Multiply line 1 by line 4 . . . . .	5. _____

If the amount on line 2 is gain from the sale of a business asset, multiply line 5 by .70 (70%) and fill in result. This is your subtraction for gain on the sale of assets to a related person . . . . .	6. _____

Line 11 instructions – continued

**18 Repayment of Income Previously Taxed** If you had to repay during 2014, an amount that you included in your Wisconsin income in an earlier year, you may be able to subtract the amount repaid. A subtraction may be claimed only for repayments that are allowed as a miscellaneous itemized deduction on your federal Schedule A.

If you did not itemize deductions for federal tax purposes, use the amounts that would be deductible if you had itemized deductions. To determine the amounts to use, complete a federal Schedule A. Write “Wisconsin” at the top of this Schedule A and enclose it with your Form 1.

**CAUTION** Only amounts previously included in Wisconsin income may be claimed as a subtraction.

If the amount repaid was over \$3,000, you may be able to subtract the repayment as described above *or* take a tax credit. See the line 44 instructions.

**19 Human Organ Donation** If you, your spouse, or a person who is claimed as a dependent on your federal income tax return donates one or more of their human organs to another person for human organ transplantation, you may subtract up to \$10,000 of unreimbursed expenses related to the organ donation. “Human organ” means all or part of a liver, pancreas, kidney, intestine, lung, or bone marrow. The subtraction may be claimed only in the taxable year in which the transplantation occurs. The subtraction may be claimed only once. Up to \$10,000 of the following unreimbursed expenses may be claimed:

- Travel expenses.
- Lodging expenses.
- Lost wages.

**20 Reserve or National Guard Members** If you were a member of the Reserves or National Guard and served on active duty, you may subtract any military pay that is included on your W-2 and was:

- Received from the federal government,
- Received after being called into active federal service or into special state service authorized by the federal Department of Defense, and
- Paid for the time during which you were on active duty.

**CAUTION** The subtraction only applies to Reserve or National Guard members called into active federal service under 10 USC 12302(a) or 10 USC 12304 or special state service under 32 USC 502(f). It does not apply to pay that members of the Reserves and National Guard receive for their weekend or two-week annual training. It also does not apply to a person who is serving on active duty or full-time duty in the active guard reserve (AGR) program.

**21 Expenses Paid to Related Entities** Were you required to make an addition modification for interest, rental expenses, intangible expenses, or management fees paid

Line 11 instructions – continued

to a related entity? If yes, see Schedule RT to find out if you qualify for a subtraction. Although you must meet one of the conditions in Schedule RT, Part II to qualify for a subtraction, you do not need to enclose Schedule RT with your return unless your total expenses paid, accrued, or incurred to related entities are \$100,000 or more. If enclosing Schedule RT, also fill in “16” in the Special Conditions box on page 1 of Form 1.

**New**

**22 Private School Tuition** A subtraction may be claimed for tuition paid in the taxable year to send your dependent child to a private school. The maximum subtraction is \$4,000 for an elementary pupil and \$10,000 for a secondary pupil. Schedule PS must be included with your Wisconsin income tax return.

**23 Legislator’s Per Diem** If you were a Wisconsin legislator, you may subtract the amount of per diem reimbursement that is included as wages on your federal Form 1040. This generally applies to a legislator with a residence 50 miles or less from the state capitol.

**24 ATV Corridors** To the extent included in federal adjusted gross income, private landowners may subtract any Wisconsin incentive payments received for permitting public all-terrain vehicle corridors on their lands.

**25 Interest, Rental Payments, Intangible Expenses, and Management Fees Reported as Income by a Related Entity** Did you report income from interest, rental payments, intangible expenses, or management fees made by a related entity that was not able to claim a deduction for such payments? If yes, you may claim a subtraction for the amount that the related entity was not able to deduct. This would be the amount the related entity claimed as an addition for such expenses (see instructions for line 4, Item 06) less the amount allowed as a subtraction (see instructions for line 11, Item 21).

**26 Retirement Income Exclusion** You (and/or your spouse if married filing a joint return) may subtract up to \$5,000 of certain retirement income if:

- You (or your spouse if married filing a joint return) were 65 years of age or older on December 31, 2014, and
- Your federal adjusted gross income (line 1 of Form 1) is less than \$15,000 (\$30,000 if married filing a joint return). If married filing a separate return, the sum of both spouses’ federal adjusted gross incomes must be less than \$30,000.

If you meet these qualifications, complete the Retirement Income Exclusion Worksheet on page 20 to determine the amount of your subtraction. Fill in the amount from line 6 of the worksheet on line 11 of Form 1 with code number 26. If married filing a joint return, add the amounts in Col. A and Col. B and fill in the total on line 11 of Form 1.

**27 Sales of Certain Insurance Policies** To the extent included in federal adjusted gross income, the original policy holder or original certificate holder who has a catastrophic or life-threatening illness or condition may fill in the amount of income received from the sale of a life insurance policy or certificate, or the sale of the death benefit under a life insurance policy or certificate, under a life settlement contract. "Catastrophic or life-threatening illness or condition" includes AIDS and HIV infection.

**28 Child and Dependent Care Expenses** Do you qualify for the federal credit for child and dependent care expenses for 2014? If yes, you may qualify to claim the Wisconsin subtraction for child and dependent care expenses. If married, you must file a joint return unless (1) you lived apart from your spouse during the last six months of 2014, (2) the qualifying person lived in your home more than half of 2014, and (3) you provided over half the cost of keeping up your home.

Your Wisconsin subtraction is equal to the amount on line 6 of federal Form 2441, but not more than \$3,000 if you have one qualifying person or \$6,000 if more than one qualifying person. Enclose a copy of federal Form 2441 with your Wisconsin income tax return.

**29 Relocated Business** A subtraction may be claimed for the income of a business that relocated to Wisconsin from another state or country in 2013. See Schedule RB for further information. If claiming the subtraction, enclose a completed Schedule RB with your Form 1.

**30 Job Creation** A subtraction is available based on the increase in the number of full-time employees in Wisconsin by a business. See Schedule JC for further information. If claiming the subtraction, enclose a completed Schedule JC with your Form 1. Also attach Schedule 2K-1, 3K-1, or 5K-1 if subtraction is from a pass-through entity.

**31 Combat zone related death** If you are filing a return for an individual who was on active duty in the U.S. armed forces and who died in 2014 while on active duty and the death occurred while he or she was serving in a combat zone or as a result of wounds, disease, or injury incurred while serving in the combat zone, you may subtract all income received by the individual during the year of death. Attach the certification made by the Department of Defense, DD Form 1300, *Report of Casualty*, to the return. (**Note** For persons who died in 2014 as a result of service in a combat zone, the income subtraction also applies for 2013 if the service member did not previously file a 2013 income tax return.)

**New**

**32 Physician or Psychiatrist Grant** To the extent included in federal adjusted gross income, any amount received by a physician or psychiatrist from the primary care and psychiatry shortage grant program under sec. 39.385, Wis. Stats., may be subtracted.

**33 Difference in Federal and Wisconsin Basis of Depreciated or Amortized Assets** Starting with the first taxable year beginning in 2014 and for the next 4 taxable years, a subtraction is available for 20 percent of the difference between the Wisconsin adjusted basis and the federal adjusted basis of assets owned on the last day of the taxable year beginning in 2013. This is December 31, 2013, for persons who file their return on a calendar-year basis. The assets must have been depreciated or amortized for both Wisconsin and federal tax purposes.

As a result of this subtraction, your Wisconsin adjusted basis of all depreciated or amortized assets on the first day of your taxable year beginning in 2014 (January 1, 2014, for calendar-year filers) will be the same as the federal adjusted basis.

Line 11 instructions – continued

**Note** If the total Wisconsin adjusted basis is less than the total federal adjusted basis, see the instructions for line 4, Item 18, *Difference in Federal and Wisconsin Basis of Depreciated or Amortized Assets*, for an addition required to adjust for this difference.

If the total Wisconsin adjusted basis is more than the total federal adjusted basis, complete the following worksheet to determine the amount of your subtraction for 2014 and each of the next 4 years.

<b>Worksheet for Difference in Basis</b>	
<i>(Keep for your records)</i>

2. Combined federal adjusted basis of all depreciated and amortized assets as of the last day of your taxable year beginning in 2013 .....	2. _____
3. Subtract line 2 from line 1 .....	3. _____
4. Multiply line 3 by .20 (20%). This is your subtraction from income for 2014	4. _____

**Additions To or Subtractions From Income**

The following items may be either an addition to or a subtraction from federal adjusted gross income, depending on your situation. Fill in the code number and amount of any additions that apply to you on line 4. Fill in the code number and amount of any subtractions that apply to you on line 11.

**51 Tax-Option (S) Corporation Adjustments** Fill in any of the following adjustments that apply to you:

- (1) If you were a shareholder of a tax-option (S) corporation which is required to file a Wisconsin franchise or income tax return, you will receive a Wisconsin Schedule 5K-1 from the tax-option (S) corporation informing you of any adjustments to be made for Wisconsin tax purposes.
- (2) If you are a shareholder of a federal S corporation that elects not to be treated as a Wisconsin tax-option (S) corporation, you must reverse all items of S corporation income, loss, or deduction included on your federal return and then add your pro rata share of any distributions made by the corporation of earnings and profits. **(CAUTION** Do not reverse any item of S corporation income or loss reported on federal Schedule D. These items have already been removed from Wisconsin income when you completed Wisconsin Schedule WD.)
- (3) Instead of using tax-option (S) corporation items deductible on federal Schedule A to compute the Wisconsin itemized deduction credit, you may elect to treat these items as subtraction modifications. Your subtraction is limited to the amount actually

deductible for federal purposes. This includes any limitation when federal itemized deductions are reduced due to federal adjusted gross income limits.

For more information, get Publication 102, *Wisconsin Tax Treatment of Tax-Option (S) Corporations and Their Shareholders*. See page 6 for information on how to get this publication.

**52 Your Share of Partnership, Limited Liability Company, Trust, or Estate Adjustments**

If you were a member of a partnership or limited liability company (LLC) treated as a partnership, or you received income from an estate or trust, you will receive a statement from the partnership, LLC, trust, or estate notifying you of any additions or subtractions which you should make on your return. Fill in the amount of any such additions on line 4 and any subtractions on line 11.

**53 Differences in Federal and Wisconsin Basis of Assets**

Additions or subtractions may be necessary if there is a difference between the federal basis and the Wisconsin basis of your property. Additions or subtractions are necessary if:

- (1) You acquired property after December 31, 1964, which may be depreciated or amortized (such as buildings and leaseholds), and the federal basis is greater or less than the Wisconsin basis.
- (2) You sold (or otherwise disposed of) property which may not be depreciated or amortized (such as land, stocks, and bonds) in a taxable transaction, and your basis in the assets was greater or less for federal purposes than for Wisconsin.
- (3) You sold (or otherwise disposed of) property where the federal basis is greater than the Wisconsin basis due to a previous gain on the sale of an asset being deferred because gain was invested in a “qualified new business venture” or a “qualified Wisconsin business.”

To adjust for the difference in basis of depreciated or amortized assets owned on December 31, 2013 (or the last day of a taxable year beginning in 2013 for fiscal filers), see the line 4 or line 11 instructions for *Difference in Federal and Wisconsin Basis of Depreciated or Amortized Assets*. A subtraction is allowed over 5 years to adjust for any difference in basis. In some cases, an addition to income may be required over 5 years. As a result of these additions or subtractions, the Wisconsin adjusted basis of all depreciated or amortized assets on January 1, 2014 (or the first day of the taxable year beginning in 2014 for fiscal filers), is the same as the federal adjusted basis.

For assets that may not be depreciated or amortized, compute the amount of any addition or subtraction due to a difference in basis on Wisconsin Schedule T, *Transitional Adjustments*. Enclose a completed Schedule T with your Form 1. See page 6 for information on how to get this form.

Line 11 (line 4) instructions – continued

**Example** You sold stock which you acquired by inheritance and your federal basis was greater than your Wisconsin basis. You must make an adjustment for the difference in basis.

**CAUTION** If the difference in basis is due to the difference in the federal and Wisconsin definition of the Internal Revenue Code other than for depreciation, IRC sec. 179 expense, or amortization, use Schedule I to adjust for the difference in basis rather than Schedule T.

**54 Differences in Federal and Wisconsin Basis of Partnership Interest** An addition or subtraction may be necessary if you sold your interest in a partnership and any increases or decreases were made to the federal basis of your partnership interest in taxable years prior to 1975, which resulted from partnership business or property located outside Wisconsin. (Prior to 1975, Wisconsin did not tax income from business or property located outside Wisconsin.) Compute any addition or subtraction due to a difference in basis on Wisconsin Schedule T.

**55 Differences in Federal and Wisconsin Reporting of Marital Property (Community) Income** If you are married filing a separate return or married filing as head of household or if you obtained a decree of divorce or separate maintenance during 2014, you may have to report a different amount of income on your Wisconsin Form 1 than on your federal Form 1040. Fill in on line 4 any additional amount which is taxable to you rather than your spouse because of any difference in federal and state reporting of marital property (community) income. Fill in on line 11 any amount which is taxable to your spouse rather than to you because of any difference in federal and state reporting of marital property (community) income. For further information, get Publication 109, *Tax Information for Married Persons Filing Separate Returns and Persons Divorced in 2014*. See page 6 for information on how to get this publication.

■ **Line 15 Standard Deduction**

Most people can find their standard deduction by using the Standard Deduction Table on page 47. Use the amount on line 14 to find the standard deduction for your filing status. **But**, do *not* use the table if any one of the following applies:

- You (or your spouse if filing a joint return) can be claimed as a dependent on another person’s (for example, parent’s) income tax return. Use the Standard Deduction Worksheet for Dependents to figure your standard deduction.
- You are filing a short period income tax return or are filing federal Form 4563 to claim an exclusion of income from sources within U.S. possessions. You are not allowed any amount of standard deduction. Fill in 0 on line 15.

Line 15 instructions – continued

3. Add lines 1 and 2. If total is less than \$1,000, fill in \$1,000 . . . . .	3. _____ .00
4. Using the amount on line 14 of Form 1, fill in the <b>standard deduction</b> for your filing status from table, page 47 . . . . .	4. _____ .00
5. Fill in the SMALLER of line 3 or 4 here and on line 15 of Form 1 . . . . .	5. _____ .00

\* **Earned income** includes wages, salaries, tips, professional fees, and any other compensation received for personal services you performed. It does not include scholarship or fellowship income that is not reported on a W-2.

■ **Line 17 Exemptions**

Complete lines 17a and 17b. Fill in the number of exemptions on the lines provided. Multiply that number by the amount indicated (\$700 or \$250), and fill in the result on line a or b, as appropriate. Add lines a and b and fill in on line 17c.

**Line 17a**

If you filed:

- Federal Form 1040 or 1040A, your number of exemptions is found on line 6d of your federal return.
- Federal Form 1040EZ, your number of exemptions is:
  - 0 – If you are single and you checked the “You” box on line 5 of your federal return, or if you are married filing jointly and you checked both the “You” and “Spouse” boxes on your federal return.
  - 1 – If you are single and did not check the “You” box on line 5 of your federal return, or if you are married filing jointly and you checked only one box (either “You” or “Spouse”) on your federal return.
  - 2 – If you are married filing jointly and did not check either box on line 5 of your federal return.

**Line 17b**

If you or your spouse were 65 or older on December 31, 2014, check the appropriate lines. Your number of exemptions is equal to the number of lines checked.

You may claim the \$250 exemption on line 17b for you and/or your spouse only if you and/or your spouse are 65 years of age or older and are allowed the \$700 exemption on line 17a.

Line 20 instructions – continued

**Line 19 Tax**

Use the amount on line 18 to find your tax in the Tax Table on pages 40-45. Find your income-level bracket and read across to the column showing your filing status to find your tax. Be sure you use the correct column in the Tax Table for your filing status. Fill in your tax on line 19.

**EXCEPTION** If line 18 is \$100,000 or more, use the Tax Computation Worksheet on page 46 to compute your tax.

**Line 20 Itemized Deduction Credit**

If the total of certain federal itemized deductions exceeds your Wisconsin standard deduction, you may be able to claim the itemized deduction credit.

Complete Schedule 1 on page 4 of Form 1 to see if you can claim the credit. Schedule 1 lists the specific deductions to use from federal Schedule A (see EXCEPTIONS in next column).

**Note** When completing Schedule 1, if your federal itemized deductions were limited due to income level, use the allowable deductions after the limitation is applied. See the worksheet below for computing the limited itemized deductions.

If you did not itemize deductions for federal tax purposes, use the amounts which would be deductible if you had itemized deductions. To determine the amounts to use, complete a federal Schedule A. Write “Wisconsin” at the top of this Schedule A and enclose it with your Form 1.

**Note** **EXCEPTIONS** Even though Schedule 1 has entry lines for medical expenses, interest paid, gifts to charity, and casualty losses, not all of the amounts of these items that are deducted on federal Schedule A can be used for the itemized deduction credit. The following describes the portion of these items that may not be used to compute the itemized deduction credit.

- Medical expenses – the amount of medical care insurance and long-term care insurance claimed as a subtraction on line 11.
- Interest – paid to purchase a second home located outside Wisconsin.
  - paid to purchase a residence which is a boat.
  - paid to purchase or hold U.S. government securities.
  - mortgage insurance premiums treated as interest.

- Contributions and interest allocated to you by a tax-option (S) corporation if you treated the amount as a subtraction on line 11.
- All casualty and theft losses except casualty losses that are directly related to a federally-declared disaster.

**Line 21 Armed Forces Member Credit**

The armed forces member credit is available to certain members of the U.S. armed forces. You may claim the credit if you meet all of the following:

- You were on active duty, and
- You received military pay from the federal government in 2014, and
- The military pay was for services performed **while stationed outside the United States.**

**Note** You may *not* claim the armed forces member credit if you were on active duty as a member of the Reserves or National Guard and you excluded certain military pay from your income. See Item 20 on page 19 of the instructions for information on the exclusion.

The credit is equal to the amount of military pay you received for services performed while stationed outside the United States, but not more than \$300. If you are married filing a joint return and both spouses qualify for the credit, each may claim up to \$300.

**Line 22 Renter's and Homeowner's School Property Tax Credit**

You may claim a credit if you paid rent during 2014 for living quarters used as your primary residence OR you paid property taxes during 2014 on your home. You are eligible for a credit whether or not you claim homestead credit on line 45.

**Note** You may *not* claim the school property tax credit if you or your spouse are claiming the veterans and surviving spouses property tax credit.

**Special Cases**

**If You Paid Both Property Taxes and Rent** You may claim both the renter's credit and the homeowner's credit. The total combined credit claimed on lines 22a and 22b may not be more than \$300 (\$150 if married filing a separate return or married filing as head of household).

**Married Persons Filing a Joint Return** Figure your credit by using the rent and property taxes paid by both spouses.

**Married Persons Filing Separate Returns or Married Persons Filing as Head of Household** Each spouse may claim a credit. Each of you may use only your own property taxes and rent to figure the credit. The maximum credit allowable to each spouse is \$150.

**Persons Who Jointly Own a Home or Share Rented Living Quarters** When two or more persons (other than a married couple) jointly own a home or share rented living quarters, each may claim a credit. However, the property taxes and rent paid must be divided among the owners or occupants. See the instructions for lines 22a and 22b.

**Line 22a How to Figure the Renter's School Property Tax Credit**

**Step 1 Rent Paid in 2014** Fill in on the appropriate line(s) the total rent that you paid in 2014 for living quarters (1) where the heat was included in the rent, and (2) where the heat was not included in the rent. These living quarters must have been used as your principal home. Do not include rent that you may claim as a business expense. Do not include rent paid for housing that is exempt from property taxes, for example, rent for a university dorm, nonprofit senior housing, or public housing. (Property owned by a public housing authority is considered tax-exempt unless that authority makes payments in place of property taxes to the city or town in which it is located. If you live in public housing, you may wish to ask your manager about this.)

If the rent you paid included food, housekeeping, medical, or other services, reduce the amount filled in for rent paid in 2014 by the value of these items. If you shared living quarters with one or more persons (other than your spouse or dependents), fill in only the portion of the rent which you paid in 2014. For example, if you and two other persons rented an apartment and paid a total rent of \$3,000 in 2014, and you each paid \$1,000 of the rent, each could claim a credit based on \$1,000 of rent.

Line 22a instructions – continued

**Step 2** Refer to the Renter's School Property Tax Credit Table on page 25 to figure your credit. If heat was included in your rent, use Column 1 of the table. If heat was not included, use Column 2. Fill in your credit on line 22a.

**Exception** If you paid both rent where heat was included and rent where heat was not included, complete the worksheet below.

Renter's Worksheet	
<i>(Complete only if Exception described above applies)</i>	
1. Credit for rent with heat included (from Column 1 of Table on page 25) . . . . .	1. _____
2. Credit for rent where heat not included (from Column 2 of Table on page 25) . . . . .	2. _____
3. Add lines 1 and 2. Fill in on line 22a of Form 1* . . . . .	3. _____
* Do not fill in more than \$300 (\$150 if married filing a separate return or married filing as head of household).	

**Line 22b How to Figure the Homeowner's School Property Tax Credit**

**Step 1 Property Taxes Paid on Home in 2014** Fill in the amount of property taxes that you *paid* in 2014 on your home. Do **not** include:

- Charges for special assessments, delinquent interest, or services that may be included on your tax bill (such as trash removal, recycling fee, or a water bill).
- Property taxes that you can claim as a business expense (for example, farm taxes or rental property taxes).
- Property taxes paid on property that is not your primary residence (such as a cottage or vacant land).
- Property taxes that you paid in any year other than 2014.

Property taxes are further limited as follows:

- a. If you bought or sold your home during 2014, the property taxes of the seller and buyer are the taxes set forth for each in the closing agreement made at the sale or purchase. If the closing agreement does not divide the property taxes between the seller and buyer, divide them on the basis of the number of months each owned the home.
- b. If you owned a mobile home during 2014, property taxes include the municipal permit fees paid to your municipality and/or the personal property taxes paid on your mobile home. (Payments for space rental for parking a mobile home or manufactured home should be filled in as rent on line 22a.)
- c. If you, or you and your spouse, owned a home jointly with one or more other persons, you may only use that portion of the property taxes that reflects your percentage of ownership. For example, if you and another person (other than your spouse) jointly owned a home on which taxes of \$1,500 were paid, each of you would claim a credit based on \$750 of taxes.

**CAUTION** Property taxes paid during 2014 must be reduced by any amounts received as a refund of such taxes. For example, a taxpayer claimed farmland preservation credit on Schedule FC (which is considered a refund of property taxes) on his or her 2013 Wisconsin return. The taxpayer received a farmland preservation credit in 2014 of \$600 that was based on 2013 property taxes accrued of \$6,000. The 2013 property taxes were paid in 2014 and 10% of such taxes were allocable to the personal residence and 90% to the farm property. Thus, for tax purposes, property taxes paid on the entire property during 2014 are \$5,400 (\$6,000 less \$600 farmland preservation credit). Of this amount, \$540 (10% of \$5,400) is used to compute the 2014 school property tax credit.

**Step 2** Use the Homeowner’s School Property Tax Credit Table on page 26 to figure your credit. Fill in the amount of your credit on line 22b.

**CAUTION** If you are also claiming the renter’s credit on line 22a, the total of your renter’s and homeowner’s credits can’t be more than \$300 (\$150 if married filing a separate return or married filing as head of household).

■ **Line 23 Working Families Tax Credit**

If your income is less than the amount indicated for your filing status, you may claim the working families tax credit.

**Exception** You may not claim the working families tax credit if you may be claimed as a dependent on another person’s (for example, your parent’s) income tax return.

**Note** In prior years, single persons, heads of households, and married persons filing a joint return were able to claim the working families tax credit. Because of the increased standard deduction, the working families tax credit no longer provides a tax benefit for single persons, heads of households, or married persons filing a joint return. The credit may only provide a tax benefit for married persons filing a separate return. If married filing a separate return, read the following instructions to see if you qualify for the credit.

■ **Line 29 Married Couple Credit**

You can claim the married couple credit if:

- You are married filing a joint return, and
- Both you and your spouse have qualified earned income, and
- You do not file federal Form 2555 or Form 2555EZ to claim an exclusion of foreign earned income or Form 4563 to claim an exclusion of income from sources in U.S. possessions.

To figure the credit, fill in Schedule 2 on page 4 of Form 1. Figure earned income separately for yourself and your spouse on lines 1 through 3 in Columns (A) and (B) of Schedule 2.

“Earned income” includes *taxable* wages, salaries, tips, scholarships or fellowships (only amounts reported on a W-2), other employee compensation, disability income treated as wages, and net earnings from self-employment.

**Example** You are a member of the National Guard and were called to active duty. You claimed a subtraction on line 11 of Form 1 for the amount of military pay you received for the time during which you were on active duty. Because this military pay is not taxable to Wisconsin, it cannot be used when computing the married couple credit.

“Earned income” does not include other income such as interest, dividends, IRA distributions, deferred compensation (even though it may be reported on a W-2), unemployment compensation, rental income, social security, pensions, annuities, or income that is not taxable to Wisconsin. Do not consider marital property law, marital property agreements, or unilateral statements in figuring each spouse’s earned income.

*Line 29 instructions – continued*

The credit is based on qualified earned income. You must figure qualified earned income separately for yourself and your spouse. Figure it on lines 4 and 5 of Schedule 2 by subtracting the total of certain adjustments from earned income. These adjustments (as reported as an adjustment to income on federal Form 1040) are:

- IRA deduction (line 32),
- Self-employed SEP, SIMPLE, and qualified plans (line 28),
- Repayment of supplemental unemployment benefits (included in the total of line 36),
- Certain business expenses of reservists, performing artists, and fee-basis government officials (line 24),
- Contributions to secs. 403(b) and 501(c)(18) pension plans (included in the total on line 36), and
- Disability income exclusion (from line 11 of Wisconsin Form 1).

**CAUTION** Credit cannot be claimed for taxes paid to **Illinois, Indiana, Kentucky, or Michigan** on personal service income (such as wages, salaries, tips, commissions, bonuses, etc.) you received from working in one of those states. Instead, file a return with that state to get a refund of any tax withheld from your wages. Be sure to explain on that state’s return that you were a Wisconsin resident when earning the wages in that state. See Publication 121, *Reciprocity*, for more information.

**Line 34 Sales and Use Tax Due on Out-of-State Purchases**

Did you make any taxable purchases from out-of-state firms in 2014 on which sales and use tax was not charged? If yes, you must report Wisconsin sales and use tax on these purchases on line 34 if they were stored, used, or consumed in Wisconsin. You must also report sales and use tax on taxable purchases from a retailer located in another country, regardless of whether you were charged any tax for that country or any duty by the U.S. Customs Service.

Taxable purchases include furniture, carpet, clothing, computers, books, CDs, DVDs, video tapes, certain digital goods (e.g., greeting cards, video games, music, and books, transferred electronically), artwork, antiques, jewelry, coins purchased for more than face value, etc.

**Example** You purchased \$300 of clothing through a catalog or over the Internet. No sales and use tax was charged. The clothing was delivered in a county with a 5% tax rate. You are liable for \$15 Wisconsin tax ( $\$300 \times 5\% = \$15$ ) on this purchase.

Complete the worksheet below to determine whether you are liable for Wisconsin sales and use tax.

If you do not include an amount on line 34, place a checkmark in the space provided to certify that you do not owe any sales or use tax. Only returns certified as “no use tax due” will be recognized as filing a sales/use tax return.

- Tax on IRAs, other qualified retirement plans, etc., (line 59 of federal Form 1040). Do not include any amount from line 8 of federal Form 5329.
- Total tax due from lines 4, 17, 25, 33, 41, 49, and 53 of federal Form 5329 (include only if the tax due on this form was paid separately and is not included on line 59 of Form 1040).
- Tax on excess contributions (line 2 of federal Form 5330).
- Tax on prohibited transactions (lines 3a and 3b of federal Form 5330).
- Section 72(m)(5) excess benefits tax (included in the total on line 62 of federal Form 1040).
- Tax on Archer MSA distributions (line 9b of federal Form 8853).

If you were subject to any of the above federal taxes for 2014, fill in the total of such taxes in the space provided on line 36. Multiply the amount filled in by .33 (33%) and fill in the result on line 36.

**Note** You are not subject to the penalty on payments from certain retirement plans if the payments are exempt from Wisconsin tax. See the instructions for line 11, Items 05, 06, and 26 for information on retirement payments that are exempt from Wisconsin tax and to which the penalty does not apply.

If you were required to file federal Form 5329 or 5330, enclose a copy of your Form 5329 and/or 5330 with your Form 1.

Contact any department office for information on determining the amount to be repaid.
- **Angel investment credit or early stage seed investment credit** If an investment for which you claimed the angel investment credit or early stage seed investment credit in a prior year was held for less than three years, you must repay the amount of the credit that you received related to the investment. This does not apply if the investment becomes worthless, as determined by WEDC, during the 3-year period or if you kept the investment for at least 12 months and a bona fide liquidity event, as determined by WEDC, occurs during the 3-year period.
- **Penalty for selling business assets (or assets used in farming) purchased from a related person** Capital gain on the sale or disposition of business or farming assets may be excluded from Wisconsin taxation if the assets were held more than one year and are disposed of to certain related persons. The related person who purchases or otherwise receives the assets on which the gain is excluded is subject to a penalty if he/she sells or disposes of the assets within two years. The penalty does not apply in the case of an involuntary conversion (for example, assets are destroyed by fire or livestock dies). Contact any department office for information on how to compute the penalty.

■ **Line 40 Wisconsin Tax Withheld**

Add the **Wisconsin** income tax withheld shown on your withholding statements (Forms W-2, W-2G, 1099-G, 1099-R, and 1099-MISC). ■ **Line 41 2014 Wisconsin Estimated Tax Payments and Amount Applied From 2013 Return**

Fill in any payments you made on your estimated Wisconsin income tax (Form 1-ES) for 2014. Include any overpayment from your 2013 return that you were allowed as credit to your 2014 Wisconsin estimated tax.

**Note** **Check Your Estimated Tax Payments** Before filling in line 41, check the amount of your estimated tax payments on the department's website at <https://ww2.revenue.wi.gov/PaymentInquiry/request.html>. Processing of your return will be delayed if there is a difference between the amount of estimated tax payments you claim and the amount the department has on record.

If you are married filing a joint return, fill in the total of:

- any separate estimated tax payments made by each spouse,
- any joint estimated tax payments, and
- any overpayments from your 2013 returns that you and your spouse were allowed as credit to 2014 Wisconsin estimated tax.

If you are filing a separate tax return, you may not claim any part of your spouse's separate estimated tax payments or credits. However, you and your spouse may split your joint estimated tax payments and credits between you as you choose on your separate returns. If you cannot agree on how joint amounts are to be split between you, the department will split them between you according to your respective income tax liabilities.

Follow the above instructions even if your spouse died during 2014.

**Name Change** If you changed your name because of marriage, divorce, etc., and you made estimated tax payments using your former name, enclose a statement with Form 1. On the statement, explain all the payments you and your spouse made for 2014 and the name(s) and social security number(s) under which you made them.

■ **Line 42 Earned Income Credit**

If you qualify for the federal earned income credit and you have at least one qualifying child, you also qualify for the Wisconsin earned income credit. However, you must have been a resident of Wisconsin for the entire year.

**Note** If you recklessly or fraudulently claim a false credit, you may be ineligible to claim the credit for up to 10 years and could also owe a penalty.

To claim the Wisconsin earned income credit, complete the following steps and fill in the required information in the spaces provided on line 42.

**Step 1** Fill in the **number** of children who meet the requirements of a "qualifying child" for purposes of the federal earned income credit (see the instructions for earned income credit in your federal return for definition of a "qualifying child").

**Step 2** Fill in the **federal earned income credit** from line 66a of federal Form 1040 or line 42a of federal Form 1040A.

**Step 3** Fill in the percentage rate which applies to you.

Number of qualifying children (see Step 1 above)	Fill in this percentage rate
1	4%
2	11%
3 or more	34%

**Step 4** Multiply the amount of your federal credit (Step 2) by the percentage determined in Step 3. Fill in the result on line 42. This is your Wisconsin earned income credit.

**Note** **Enclosures With Your Return** You must enclose a copy of your completed federal Schedule EIC with Form 1. If you used a paid preparer to complete your federal return, also enclose federal Form 8867. Failure to provide this information may delay your refund.

**Note** If the IRS is computing your federal earned income credit and you want the department to compute your Wisconsin earned income credit for you, fill in the number of your qualifying children in the space provided on line 42. Write "EIC" in the space to the right of line 42. Complete your return through line 47 of Form 1. Enclose a copy of your federal return (Form 1040A or Form 1040) with your Form 1.

■ **Line 43 Farmland Preservation Credit**

If you are claiming farmland preservation credit, include a completed Schedule FC or FC-A with your Form 1. Fill in on line 43a of Form 1 the amount from line 18 of your Schedule FC. Fill in on line 43b of Form 1 the amount from line 13 of Schedule FC-A.

*Line 43 instructions – continued*

**Note** For a description of the farmland preservation credit program, see Special Instruction H on page 38. You cannot claim farmland preservation credit if you (or your spouse, if married) claim the veterans and surviving spouses property tax credit or homestead credit.

#### ■ Line 44 Repayment Credit

If you had to repay during 2014, an amount that you had included in income in an earlier year because at that time you thought you had an unrestricted right to it, you may be able to claim a credit based on the amount repaid. To qualify for the credit, the amount repaid must be over \$3,000 and the amount repaid cannot have been subtracted in computing Wisconsin adjusted gross income.

Use the following steps to compute your credit:

- (1) Refigure your tax from the earlier year without including in income the amount you repaid in 2014.
- (2) Subtract the tax in (1) from the tax shown on your return for the earlier year. The difference is your credit.

Fill in the amount of your credit on line 44 of Form 1. Enclose a statement showing how you computed your credit.

#### ■ Line 45 Homestead Credit

If you are claiming homestead credit, attach Schedule H or H-EZ to your Form 1. Fill in on line 45 the amount from line 19 of your Schedule H or line 14 of Schedule H-EZ.

**Note** To see if you qualify for homestead credit, refer to Special Instruction G on page 37. You cannot claim homestead credit if you (or your spouse, if married) claim the veterans and surviving spouses property tax credit or farmland preservation credit.

#### ■ Line 46 Eligible Veterans and Surviving Spouses Property Tax Credit

**Who May Claim the Credit** An eligible unremarried surviving spouse or an eligible veteran may claim the veterans and surviving spouses property tax credit. (**Note** If you claim the veterans and surviving spouses property tax credit, you or your spouse may **not** claim the school property tax credit, homestead credit, or farmland preservation credit.)

**Note**

If you recklessly or fraudulently claim a false credit, you may be ineligible to claim the credit for up to 10 years and could also owe a penalty.

An “eligible unremarried surviving spouse” means an unremarried surviving spouse of an individual who:

- Served on active duty in the U.S. armed forces or in forces incorporated as part of the U.S. armed forces or in the National Guard or a reserve component of the U.S. armed forces,

*Line 46 instructions – continued*

- Was a resident of Wisconsin at the time of entry into active service or who had been a resident of Wisconsin for any consecutive 5-year period after entry into that active duty service, and
- Met one of the following conditions:
  1. Died while on active duty and while a resident of Wisconsin,
  2. Was a resident of Wisconsin at the time of his or her death and had either a service-connected disability rating of 100% under 38 USC 1114 or 1134 or a 100% disability rating based on individual unemployability,
  3. In the case of an individual who served in the National Guard or a reserve component, while a resident of Wisconsin died in the line of duty while on active or inactive duty for training purposes, or
  4. Was a resident of Wisconsin at the time of his or her death and following the individual’s death, his or her spouse began to receive, and continues to receive, dependency and indemnity compensation, as defined in 38 USC 101(14).

The unremarried surviving spouse must be certified by the Wisconsin Department of Veterans Affairs.

“Eligible veteran” means an individual who is certified by the Wisconsin Department of Veterans Affairs as meeting all of the following conditions:

- Served on active duty under honorable conditions in the U.S. armed forces or in forces incorporated in the U.S. armed forces.
- Was a resident of Wisconsin at the time of entry into active service or who had been a resident of Wisconsin for any consecutive 5-year period after entry into that active duty service.
- Is currently a resident of Wisconsin for purposes of receiving veterans benefits under ch. 45, Wis. Stats.
- Has a service-connected disability rating of 100% under 38 USC 1114 or 1134 or a 100% disability rating based on individual unemployability.

**Computing the Credit** The credit is equal to the property taxes paid by the claimant during the year on the claimant’s principal dwelling in Wisconsin. The credit is based on real and personal property taxes, exclusive of special assessments, delinquent interest, and charges for service. Do not include any property taxes that are properly includable as a trade or business expense.

Line 46 instructions – continued

“Principal dwelling” means any dwelling and the land surrounding it that is reasonably necessary for use of the dwelling as a primary dwelling, but not more than one acre. It may include a part of a multidwelling or multipurpose building and a part of the land upon which it is built that is used as the primary dwelling. Complete the worksheet below if your principal dwelling is located on more than one acre of land.

Worksheet If Property Tax Bill Shows More than 1 Acre of Land	
1. Assessed value of land (from tax bill) . . . 1.	_____
2. Number of acres of land . . . . . 2.	_____
3. Divide line 1 by line 2 . . . . . 3.	_____
4. Assessed value of principal dwelling . . . 4.	_____
5. Add line 3 and line 4 . . . . . 5.	_____
6. Total assessed value of all land and improvements (from tax bill) . . . . . 6.	_____
7. Divide line 5 by line 6 . . . . . 7.	_____
8. Net property taxes paid . . . . . 8.	_____
9. Multiply line 8 by line 7. This is the amount of property tax allowed for the credit . . . . . 9.	_____

If the principal dwelling on which the taxes were paid is owned by two or more persons or entities as joint tenants or tenants-in-common, use only that part of property taxes paid that reflects the ownership percentage of the claimant. (See Exceptions below.)

**Exceptions**

- *Married filing a joint return* If property is owned by an eligible veteran and spouse as joint tenants, tenants-in-common, or as marital property, the credit is based on 100% of property taxes paid on the principal dwelling (subject to the 1-acre limitation).
- *Married filing a separate return* If property is owned by an eligible veteran and spouse as joint tenants, tenants-in-common, or as marital property, each spouse may claim the credit based on their respective ownership interest in the eligible veteran’s principal dwelling (subject to the 1-acre limitation).

If the principal dwelling is sold during the taxable year, the property taxes for the seller and buyer shall be the amount of the tax prorated to each in the closing agreement pertaining to the sale. If not provided for in the closing agreement, the tax shall be prorated between the seller and buyer in proportion to months of ownership.

If you owned and lived in a mobile home as your principal dwelling, “property taxes” includes monthly mobile home municipal permit fees you paid to the municipality.

The credit must be claimed within 4 years of the unextended due date of the return.

Line 46 instructions – continued

**Certification of Eligibility for the Credit** If you did not claim the credit in a prior year, before claiming the credit for 2014 you must request certification from the Wisconsin Department of Veterans Affairs (WDVA) indicating that you qualify for the credit. Use Form WDVA 2097 (which you can find in WDVA Brochure B0106) to submit your request, along with a copy of the veteran’s DD Form 214 and Veterans Administration disability award letter and, if applicable, the veteran’s death certificate, a marriage certificate, and a completed copy of Form WDVA 0001 (if the veteran never previously submitted one). The WDVA 0001 and the brochure are available from your county veterans service officer or on the Internet at [dva.state.wi.us](http://dva.state.wi.us). You may submit these forms and supporting documents to your county veterans service officer or mail them to: Wisconsin Department of Veterans Affairs, 30 West Mifflin St., PO Box 7843, Madison WI 53707-7843. The WDVA will send you a certification of your eligibility.

**Note** You do not have to obtain certification from the WDVA for 2014 if you previously received certification for a prior year. If you still qualify for the credit, you may claim the credit but do not have to enclose certification.

**Enclosures** Enclose a copy of your property tax bill, proof of payment made in 2014, and the certification, if required, received from the WDVA with your return.

■ **Line 47 Other Credits From Schedule CR**

If you are claiming any of the credits listed below, you must complete Schedule CR. **Enclose Schedule CR, along with the appropriate schedule for the credit(s) you are claiming and any required approval or certification from the Department of Agriculture, Trade and Consumer Protection (DATCP) or the Wisconsin Economic Development Corporation (WEDC).** Fill in the amount from line 38 of Schedule CR on line 47.

- **Schedule EC – Enterprise zone jobs credit** The enterprise zone jobs credit is available to persons doing business in an enterprise zone. The WEDC must certify the business as eligible for the credit and determine the amount of credit. See Schedule EC.
- **Schedule JT – Jobs tax credit** The credit is available based on wages paid to an eligible employee and costs incurred to undertake training activities. The credit is available to taxpayers who are certified by the WEDC. See Schedule JT.
- **Schedule WB – Woody biomass harvesting and processing credit** The woody biomass harvesting and processing credit is available based on the amount paid in the year for equipment that is used primarily to harvest or process woody biomass that is used as fuel or as a component of fuel. The DATCP must certify the taxpayer and allocate the amount of the credit to the taxpayer. See Schedule WB.

### ■ Line 49 Amount You Overpaid

If line 48 is larger than line 39, complete line 49 to determine the amount you overpaid.

**Note** If you were required to make estimated tax payments and you did not make such payments timely, you may owe what is called “underpayment interest.” You may owe underpayment interest even if you are due a refund. Read the line 53 instructions to see if you owe underpayment interest. If you owe underpayment interest and you show an overpayment on line 49, reduce the amount on line 49 by the amount of underpayment interest on line 53.

### ■ Line 50 Refund

Fill in on line 50 the amount from line 49 that you want refunded to you.

**Note** If you are divorced, see item 6 on page 36. You may need to enclose a copy of your divorce decree with your return.

### ■ Line 51 Amount Applied to 2015 Estimated Tax

Fill in on line 51 the amount, if any, of the overpayment on line 49 you want applied to your 2015 estimated tax.

If you are married filing a joint return, we will apply the amount on line 51 to your joint estimated tax. If you are married filing a separate return, we will apply the amount on line 51 to your separate estimated tax.

### ■ Line 52 Amount You Owe

If line 48 is less than line 39, complete line 52 to determine the amount you owe.

**Note** If the amount you owe with your return is \$500 or more or you made late estimated tax payments, you may also owe what is called “underpayment interest.” This is an interest charge that applies when you have not prepaid enough of your tax through withholding and/or estimated tax payments. Read the line 53 instructions to see if you owe underpayment interest. If you do, include the underpayment interest from line 53 in the amount you fill in on line 52.

If you owe an amount with your return, you can pay online or by check, money order, or credit card. **Do not** include any 2015 estimated tax payment in your check, money order, or amount you charge. Instead, make the estimated tax payment separately.

**To pay online** Go to the department’s website at <https://tap.revenue.wi.gov/pay>. This is a free service.

**To pay by check or money order** Make your check or money order payable to the Wisconsin Department of Revenue. If the name of the taxpayer does not match the printed name on the check, print the taxpayer’s name on the memo line of the check. **Paper clip** it to the front of your Form 1.

### Line 52 instructions – continued

If you e-filed your return and are paying by check or money order, enclose your payment with Form EPV. Mail Form EPV and your payment to the address shown on Form EPV.

**To pay by credit card** You may use your MasterCard®, American Express® Card, Visa® Card, or Discover® Card. To pay by credit card, call toll free or access by Internet the service provider listed below and follow the instructions of the provider. A convenience fee of 2.5% (with a minimum of \$1) will be charged by the service provider based on the amount you are paying. You will be told what the fee is during the transaction and you will have the option to either continue or cancel the transaction. **If you pay by credit card before filing your return**, enter on page 1 of Form 1 in the lower right corner the confirmation number you were given at the end of the transaction and the amount you charged (not including the convenience fee).

**officialpayments.com**

**What if you cannot pay?** If you cannot pay the full amount shown as due on your tax return when you file, you may ask to make installment payments to the Department of Revenue. It is generally to your advantage to pay your liability in full rather than in installments. Installment agreements with the department are subject to a \$20 installment agreement fee. In addition, bills not paid in full by the due date become liable for additional interest of 18% per year and a delinquent tax collection fee of the greater of \$35 or 6½ percent of the unpaid amount. For more information concerning payments and to obtain the Installment Agreement Request Form (Form A-771), go to the Department of Revenue website at [revenue.wi.gov](http://revenue.wi.gov). To file an Installment Agreement Request Form electronically, go to [revenue.wi.gov/html/payplan.html](http://revenue.wi.gov/html/payplan.html).

**Note** Failure to pay your Wisconsin income tax may result in certification of your unpaid liability to the Treasury Offset Program. Federal law authorizes the U.S. Department of Treasury to reduce, or offset, any federal income tax refunds payable to you by the IRS to satisfy unpaid state income tax debts. Any unpaid liability will remain eligible for this offset until paid.

### ■ Line 53 Underpayment Interest

You may owe underpayment interest if the amount of Wisconsin income tax withheld from your wages was less than your tax liability, or if you had income that was not subject to withholding and you did not make timely estimated payments. In general, in each quarter of the year, you should be paying enough tax through withholding payments and quarterly estimated tax payments to cover the taxes you expect to owe for the tax year.

Line 53 instructions – continued

For more information on making estimated tax payments, see “Estimated Tax Payments Required for Next Year” on page 37.

Underpayment interest applies if:

- Line 52 is at least \$500 and it is more than 10% of the tax shown on your return, or
- You did not pay enough estimated tax by any of the due dates. This is true even if you are due a refund.

The “tax shown on your return” is the amount on line 33 minus the amounts on lines 42 through 47.

**Exceptions** You will not owe underpayment interest if your 2013 tax return was for a tax year of 12 full months (or would have been had you been required to file) AND **either** of the following applies.

1. You had no tax liability for 2013 and you were a Wisconsin resident for all of 2013, **or**
2. The amounts on lines 40 and 41 of your 2014 return are at least as much as the tax shown on your 2013 return. Your estimated tax payments for 2014 must have been made on time and for the required amount. This does not apply if you did not file a 2013 return.

The tax shown on your 2013 return is the amount on line 34 minus the amounts on lines 43 through 48.

**Note**

Fill in the exception code in the brackets to the left of line 53 if you are enclosing an application for a waiver, qualify for an exception, or are using the annualized income installment method (Part IV of Schedule U) to compute underpayment interest. See the Schedule U instructions for the exception code to use.

**Example** Farmers and fishers are not subject to underpayment interest if two-thirds of their total gross income (gross income of both spouses if married filing a joint return) is from farming or fishing and they file their return and pay any tax due by March 2, 2015. Qualified farmers and fishers must fill in exception code 4 in the brackets to the left of line 53. Failure to fill in the exception code may result in an assessment for underpayment interest.

### Figuring Underpayment Interest

If the **Exceptions** above do not apply, see **Schedule U** to find out if you owe underpayment interest. If you do, you can use the schedule to figure the amount. In certain situations, you may be able to lower your underpayment interest. For details, see the instructions for Schedule U. Fill in the underpayment interest from Schedule U on line 53. Add the amount of the underpayment interest to any tax due and fill in the total on line 52. If you are due a refund, subtract the underpayment interest from the overpayment you show on line 49 and adjust lines 50 and 51 if necessary. Enclose Schedule U with your Form 1.

■ **Third Party Designee** If you want to allow a tax preparer or tax preparation firm, family member, friend, or any other person you choose to discuss your 2014 tax return with the Department of Revenue, check “Yes” in the “Third Party Designee” area of your return. Also, fill in the designee’s name, phone number, and any five digits the designee chooses as his or her personal identification number (PIN).

If you check “Yes,” you (and your spouse if filing a joint return) are authorizing the department to discuss with the designee any questions that may arise during the processing of your return. You are also authorizing the designee to:

- Give the department any information missing from your return,
- Call the department for information about the processing of your return or the status of your refund or payment(s), and
- Respond to certain department notices about math errors, offsets, and return preparation.

You are not authorizing the designee to receive any refund check, bind you to anything (including any additional tax liability), or otherwise represent you before the department. If you want to expand the designee’s authorization, you must submit Form A-222 (*Power of Attorney*).

The authorization will automatically end no later than the due date (without regard to extensions) for filing your 2015 tax return. This is April 15, 2016, for most people.

■ **Sign and Date Your Return** Sign and date your return at the bottom of page 3. Form 1 is not considered a valid return unless you sign it. Your spouse must also sign if it is a joint return. Also fill in your daytime phone number. Keep a copy of your dated return.

### Assembling Your Return

Begin by putting the four pages of Form 1 in numerical order. Then, attach, using a **paper clip**, the following in the *order listed*. Do not staple your return. Stapling will delay the processing of your return and any refund.

**Note**

Do not attach a Form W-RA if you are filing your return on paper. Form W-RA is used only when submitting information for an electronically-filed return.

1. **Payment** – If you owe an amount with your return, **paper clip** your payment to the front of Form 1, unless you are paying by credit card or online.
2. **Wisconsin Schedules** – Copies of appropriate Wisconsin schedules and supporting documents, such as Schedule H or H-EZ (homestead credit), Schedule FC or FC-A (farmland preservation credit), or Schedule CR. Note If you are reporting income and expenses of a disregarded entity, you may be required to attach Schedule DE, *Disregarded Entity Schedule*.

- 3. W-2s or 1099s** – The appropriate copy of each of your withholding statements (Forms W-2, W-2G, 1099-G, 1099-R, and 1099-MISC).
- 4. Federal Return** – A complete copy of your federal return (Form 1040, 1040A, or 1040EZ) and its supporting schedules and forms. If you itemize deductions on your federal return but do not claim the itemized deduction credit on your Wisconsin return, you do not have to enclose federal Schedule A.
- 5. Extension Form or Statement** – A copy of your federal extension application form or required statement if you are filing under an extension of time to file.
- 6. Divorce Decree** –
- *Persons divorced after June 20, 1996, who compute a refund* If your divorce decree apportions any tax liability owed to the department to your former spouse, enclose a copy of the decree with your Form 1. Fill in “04” in the Special Conditions box on page 1 of Form 1. This will prevent your refund from being applied against such tax liability.
  - *Persons divorced who file a joint return* – If your divorce decree apportions any refund to you or your former spouse, or between you and your former spouse, the department will issue the refund to the person(s) to whom the refund is awarded under the terms of the divorce. Enclose a copy of the portion of your divorce decree that relates to the tax refund with your Form 1. Fill in “04” in the Special Conditions box on page 1 of Form 1.
- 7. Injured Spouse** – If you are filing federal Form 8379, *Injured Spouse Claim and Allocation*, enclose a copy with your Form 1. Fill in “05” in the Special Conditions box on page 1 of Form 1.

■ **Where to File** Mail your return to the Wisconsin Department of Revenue at:

<i>(if tax is due)</i>	<i>(if refund or no tax due)</i>	<i>(if homestead credit claimed)</i>
PO Box 268 Madison WI 53790-0001	PO Box 59 Madison WI 53785-0001	PO Box 34 Madison WI 53786-0001

Envelopes without enough postage will be returned to you by the post office. Your envelope may need additional postage if it contains more than five pages or is oversized (for example, it is over ¼” thick). Also, include your complete return address.

**Private Delivery Services** You can use certain private delivery services approved by the IRS to meet the timely filing rule. The approved private delivery services are listed in the instructions for your federal tax form. Items must be delivered to Wisconsin Department of Revenue, 2135 Rimrock Rd., Madison WI 53713. Private delivery services cannot deliver items to PO boxes. The private delivery service can tell you how to get written proof of the mailing date.

**CAUTION** Be sure to file all four pages of Form 1. Send the original of your return. Do not send a photocopy.

### A. Penalties for Not Filing Returns or Filing Incorrect Returns

If you do not file an income tax return which you are required to file, or if you file an incorrect return due to negligence or fraud, penalties and interest may be assessed against you. The interest rate on delinquent taxes is 18% per year. Civil penalties can be as much as 100% of the amount of tax not reported on the return. Criminal penalties for failing to file or filing a false return include a fine up to \$10,000 and imprisonment.

### B. Fraudulent or Reckless Credit Claims

Fraudulent or reckless claims for any refundable credit, including, but not limited to, earned income credit, homestead credit, or the veterans and surviving spouses property tax credit are subject to filing limitations. If you file a “fraudulent claim,” you will not be allowed to take the credit for 10 years. “Fraudulent claim” means a claim that is false or excessive and filed with fraudulent intent. If you file a “reckless claim,” you will not be allowed to take the credit for 2 years. “Reckless claim” means a claim that was improper, due to reckless or intentional disregard of income tax law or department rules and regulations. You may also have to pay penalties.

### C. Internal Revenue Service Adjustments

Did the Internal Revenue Service adjust any of your federal income tax returns? If yes, you may have to notify the Department of Revenue of such adjustments. You must notify the department if the adjustments affect your Wisconsin income, any credit, or tax payable.

The department must be notified within 90 days after the adjustments are final. You must submit a copy of the final federal audit report by either:

- (1) Including it with an amended return (Form 1X) that reflects the federal adjustments, or
- (2) Mailing the copy to: Wisconsin Department of Revenue  
Audit Bureau  
PO Box 8906  
Madison WI 53708-8906

### D. Amended Returns

If you filed an amended return with the Internal Revenue Service or another state, you generally must also file an amended Wisconsin return within 90 days. You need to file an amended Wisconsin return if the changes affect your Wisconsin income, any credit, or tax payable. Use Form 1X to file an amended Wisconsin return (Form X-NOL if amending to carry back a 2014 net operating loss).

**Note** You may be able to electronically file the Form 1X through the department’s Wisconsin e-file application at [revenue.wi.gov](http://revenue.wi.gov) or through your software package.

**New**

If you are amending 2012 and 2013 returns to carry back a net operating loss incurred in 2014, you must file the amended returns on 2012 and 2013 Forms X-NOL.

### E. Estimated Tax Payments Required for Next Year?

If your 2015 Wisconsin income tax return will show a tax balance due to the department of \$500 or more, you must either:

- Make estimated tax payments for 2015 in installments beginning April 15, 2015, using Wisconsin Form 1-ES, or
- Increase the amount of income tax withheld from your 2015 pay.

For example, you may have a tax balance due with your return if you have income from which Wisconsin tax is not withheld. If you do not make required installment payments, you may be charged interest.

For more information, contact the department’s Customer Service Bureau at (608) 266-2486 or any Department of Revenue office.

If you must file Form 1-ES for 2015 and do not receive a form in the mail, go to our website at [revenue.wi.gov](http://revenue.wi.gov) to obtain a personalized copy of Form 1-ES or contact any Department of Revenue office.

### F. Armed Forces Personnel

If you were a Wisconsin resident on the date you entered military service, you are considered a Wisconsin resident during your entire military career unless you take action to change your legal residency.

### I. Death of a Taxpayer

A return for a taxpayer who died in 2014 should be filed on the same form which would have been used if he or she had lived. Include only the taxpayer's income up to the date of his or her death.

If there is no estate to probate, a surviving heir may file Form 1 for the person who died. If there is an estate, the personal representative for the estate must file the return. The person filing the Form 1 should sign it and indicate his or her relationship to the person who died (for example, "surviving heir" or "personal representative"). Be sure to fill in the surviving heir's or personal representative's mailing address in the address area of Form 1.

If the taxpayer did not have to file a return but paid estimated tax or had tax withheld, a return must be filed to get a refund.

If you filed a return on behalf of a decedent and were issued a refund, but you are not able to cash the refund check, complete Form 804, *Claim for Decedent's Wisconsin Income Tax Refund*. Mail the completed form and refund check to the department.

If your spouse died during 2014 and you did not remarry in 2014, you can file a joint return. You can also file a joint return if your spouse died in 2015 before filing a 2014 return. A joint return should show your spouse's 2014 income before death and your income for all of 2014. Write "Filing as surviving spouse" in the area where you sign the return. If someone else is the personal representative, he or she must also sign.

If the return for the decedent is filed as single, head of household, or married filing separate, fill in "06" in the Special Conditions box and indicate the date of death on the line provided. If a joint return is being filed, fill in "06" in the box if it is the primary taxpayer (person listed first on the tax form) who is deceased and the date of death. If it is the spouse who is deceased, fill in "07" in the box and the date of death. If both spouses are deceased, fill in "08" in the box and both dates of death.

If your spouse died before 2014 and you have not remarried, you must file as single or, if qualified, as head of household.

For more information about the final income tax return to be filed for a deceased person, contact any department office or call (608) 266-2486.

### J. Requesting Copies of Your Returns

The Department of Revenue will provide copies of your returns for prior years. Persons requesting copies should **complete** Form P-521, *Request for Copies of Previously Filed Tax Returns or Forms W-2*. Include all required information and fee with Form P-521. Form P-521 is available from the department's website at [revenue.wi.gov](http://revenue.wi.gov).

## 2014 TAX TABLE FOR FORM 1 FILERS

**Use this Tax Table if your taxable income is less than \$100,000. If \$100,000 or more, use the Tax Computation Worksheet on page 46.**

**Example** Mr. and Mrs. Smith are filing a joint return. Their taxable income on line 18 of Form 1 is \$28,653. First they find the \$28,000 heading in the table. Then they find the \$28,600 – 28,700 income line. Next, they find the column for married filing jointly and read down the column. The amount shown where the income line and the filing status column meet is \$1,406. This is the tax amount they must write on line 19 of their return.
